Faust Part 1 Penguin UK Goethe's Faust reworks the late-medieval myth of Dr Faust, a brilliant scholar so disillusioned he resolves to make a contract or wager with the devil, Mephistopheles. The devil will do all he asks on Earth and seek to grant him a moment in life so glorious that he will wish it to last for ever. But if Faust does bid the moment stay, he falls to Mephisto and must serve him after death. In this first part of Goethe's great work the embittered thinker and Mephistopheles enter into their agreement, and soon Faust is living a life beyond his study and - in rejuvenated form - winning the love of the charming and beautiful Gretchen. But in this compelling tragedy of arrogance, unfulfilled desire and self-delusion, Faust, served by the devil, heads inexorably towards destruction. Faust, a Tragedy Part 1 Yale University Press The first part of Goethe's masterpiece about a troubled man who sells his soul to the devil Faust A Tragedy. Part the second Faust A Tragedy, Parts One and Two, Fully Revised Yale University Press "Parts One and Two published separately ... in 1992 and 1998."--Title page verso. Faust: a tragedy Faust A Tragedy [part 1]: Original Text The first part of Faust is not divided into acts, but is structured as a sequence of scenes in a variety of settings. After a dedicatory poem and a prelude in the theater, the actual plot begins with a prologue in Heaven, where the Lord bets Mephistopheles, an agent of the Devil, that Mephistopheles cannot lead astray the Lord's favorite striving scholar, Dr. Faust. We then see Faust in his study, who, disappointed by the knowledge and results obtainable by science's natural means, attempts and fails to gain knowledge of nature and the universe by magical means. Dejected in this failure, Faust contemplates suicide, but is held back by the sounds of the beginning Easter celebrations. He joins his assistant Wagner for an Easter walk in the countryside, among the celebrating people, and is followed home by a poodle. Back in the study, the poodle transforms itself into Mephistopheles, who offers Faust a contract: he will do Faust's bidding on earth, and Faust will do the same for him in Hell (if, as Faust adds in an important side clause, Mephistopheles can get him to be satisfied and to want a moment to last forever). Faust signs in blood, and Mephistopheles first takes him to Auerbach's tavern in Leipzig, where the devil plays tricks on some drunken revelers. Having then been transformed into a young man by a witch, Faust encounters Margaret (Gretchen) and she excites his desires. Through a scheme involving jewellery and Gretchen's neighbour Marthe, Mephistopheles brings about Faust's and Gretchen's liaison. After a period of separation, Faust seduces Gretchen, who accidentally kills her mother with a sleeping potion given to her by Faust. Gretchen discovers that she is pregnant, and her torment is further increased when Faust and Mephistopheles kill her enraged brother in a sword fight. Mephistopheles seeks to distract Faust by taking him to a witches' sabbath on Walpurgis Night, but Faust insists on rescuing Gretchen from the execution to which she was sentenced after drowning her newborn child while in a state of madness. In the dungeon, Faust vainly tries to persuade Gretchen to follow him to freedom. At the end of the drama, as Faust and Mephistopheles flee the dungeon, a voice from heaven announces Gretchen's salvation. Life of Johann Wolfgang Goethe [London, Walter Scott](#) **Goethe in English A Bibliography of the Translations in the Twentieth Century** [MHRA](#) This bibliography was commissioned by the English Goethe Society as a contribution to the celebration in 1999 of the 250th anniversary of Goethes birth. It sets out to record translations of his works into English that have been published in the twentieth century, up to and including material published in that anniversary year. It aims to serve as wide a constituency as possible, be it as a simple reference tool for tracing a translation of a given work or as a documentary source for specialized studies of Goethe reception in the English-speaking world. The work records publications during the century, not merely translations that originated during this period. It includes numerous reprintings of older material, as well as some belated first publications of translations from the nineteenth century. It shows how frequent and how long enduring was the recourse of publishers and anthologists to a Goethe Victorian in diction, a signal factor in perceptions and misperceptions. Derek Glass was putting the finishing touches to the bibliography at the time of his sudden death in March 2004. Colleagues at Kings College London have edited the final manuscript, which is now published jointly by the English Goethe Society and the Modern Humanities Research Association both as a worthy commemoration of Goethes anniversary and as a tribute to Derek himself.

Delphi Complete Works of Johann Wolfgang von Goethe (Illustrated) [Delphi Classics](#) Widely regarded as the greatest German literary figure of the modern era, Johann Wolfgang von Goethe was a prolific author of novels, epic and lyric poetry, prose, plays, scientific treatises and autobiography. A literary celebrity by the age of 25, Goethe achieved enormous success with his first novel, 'The Sorrows of Young Werther'. Inspiring the imagination of a generation, it was the first novel of the Sturm und Drang movement, which exalted nature, feeling, and human individualism, seeking to overthrow Rationalism. 'Faust', Goethe's two-part dramatic masterpiece, is regarded as the supreme work of his later years and is often cited as Germany's greatest contribution to world literature. Based on the traditional theme of the eponymous scholar making a pact with the demon Mephistopheles, the drama explores themes that encapsulate the fullest expression of the European Romantic movement, to which Goethe was an early and major contributor. Henry Crabb Robinson in Germany A Study in Nineteenth-century Life Writing [Bucknell University Press](#) Henry Crabb Robinson (1775-1867) spent five years in Germany (1800-1805) and became deeply informed about its Romantic literature and philosophy, then at its height in that country. In the course of his enthusiastic embrace of the German language and culture Robinson built up an intellectual and literary capital that he would draw on for the rest of his long life. The main thrust of this critical and biographical study is to demonstrate that Robinson is an important nineteenth-century life writer, and that his autobiographical writings, a large portion of which are still in manuscript, deserve to be taken seriously by students and scholars of autobiography, and to be published in a new edition. Since to date no one has focused on Robinson the life writer, this study of Robinson's German years draws on his published letters, diaries, and reminiscences as well as some manuscript material. Although Robinson is mostly remembered for having cultivated the acquaintance of many of the leading writers of his time in Germany and England, when he died he left behind what may well be the most extensive life writing collection by a nineteenth-century English individual. The most ample selection from the manuscript collection is still Thomas Sadler's Diaries, Reminiscences, and Correspondence of Henry Crabb Robinson (1869). His biographer Edith Morley has also published several collections, including an important selection of his letters from Germany (1929), and Hertha Marquardt, in her exhaustive study of Robinson's personal and intellectual relationship with Germany, includes selections from previously unpublished correspondence and journals. The labors of Sadler, Morley, and Marquardt have in fact made available a large selection of Robinson's work that has substantial literary, historical, and autobiographical value and that justifies the assumption of this study that it is high time that we recognize Robinson not only as a valuable source of firsthand information about other nineteenth-century writers, but also as a versatile and gifted life writer in his own right. His accomplishments in this area are varied and impressive, and especially so during his transformative years in Germany. The book will be of interest to students of autobiography and life writing as well as specialists in Romantic literature and Anglo-German literary relations. The book includes sections on Robinson and nineteenth-century autobiography, on the different stages of Robinson's five years in Germany, including his initial stay in Frankfurt; his personal friendships and first meeting with literary lions; his days as a Jena student and aspiring "literator"; his contacts with Weimar; and his role as a philosophical informant for Mme de Stael on her visit there; his return to England and the failure of his hopes of achieving the professional literary career that he had dreamed about in Germany. The Publishers Weekly Goethe's Faust [Routledge](#) Originally published in 1987, this is a thorough and lucid introduction and commentary to the whole of Goethe's Faust. It gives the student of German and European literature valuable insights into the most important work of Germany's foremost poet. German quotations are translated or paraphrased in English and a detailed knowledge of German literature is not assumed. The book traces Goethe's work on the play over 60 years of his creative career and surveys its critical reception over the 200 years since its first appearance. Part One is analysed as a mimetic tragedy, Part Two as an historical and cultural profile of Goethe's own times. The commentary guides the reader carefully through its subtleties and multi-layered references and provides a broad and coherent structure for the overall understanding of the work. It suggests provocative interpretations of some figures and episodes in Part Two and places renewed emphasis on parts of the work that often receive relatively little attention. An appendix surveys the metres and verse forms of the play. Kierkegaard's Journals and Notebooks, Volume 1 Journals AA-DD [Princeton University Press](#) I would like to write a novel in which the main character would be a man who got a pair of glasses, one lens of which reduced images as powerfully as an oxyhydrogen microscope, and the other of which magnified on the same scale, so that he perceived everything relatively. ? A flight of fancy by an aspiring science fiction writer? While it may sound as such, this wistful musing is one of the little-discussed personal

reflections of nineteenth-century philosopher Søren Kierkegaard, whose remarkable journals and notebooks, unpublished during his lifetime, are presented here. The first of an eleven-volume series produced by Copenhagen's Søren Kierkegaard Research Centre, this volume is the first English translation and commentary of Kierkegaard's journals based on up-to-date scholarship. It offers new insight into Kierkegaard's inner life. In addition to early drafts of his published works, the journals contain his thoughts on current events and philosophical and theological matters, notes on books he was reading, miscellaneous jottings, and ideas for future literary projects. Kierkegaard wrote his journals in a two-column format, one for his initial entries and the second for the marginal comments he added later. The new edition of the journals reproduces this format and contains photographs of original manuscript pages, as well as extensive scholarly commentary. Translated by leading experts on Kierkegaard, *Journals and Notebooks* will become the benchmark for all future Kierkegaard scholarship. **Catalogue of Printed Books Supplement.
