## The Incarnation of Ahriman

### The Embodiment of Evil on Earth

*Rudolf Steiner Press* While we know of Ahriman from Persian mythology, Rudolf Steiner spoke of him as an actual, living spiritual entity. This being, he said, works to embed people firmly into physicality, encouraging dull, materialistic attitudes and a philistine, dry intellect. In these extraordinary lectures Steiner, in rare prophetic mode, talks about an actual incarnation of Ahriman on the earth and the potential consequences. Just as Christ incarnated in a physical body, so would Ahriman incarnate in the Western world - before 'a part' of the third millennium had passed. Steiner places this incarnation in the context of a 'cosmic triad' - Lucifer, Christ and Ahriman. Ahriman will incarnate as a counterpoint to the physical incarnation of Lucifer in the East in the third millennium BC, with the incarnation of Jesus Christ in Palestine as the balancing point between the two. Over the period during which Steiner developed anthroposophy - a speaking career that spanned two decades and more than six thousand lectures - he referred to the idea of Ahriman's incarnation only six times. These six lectures, together with an additional supporting excerpt, are reproduced in their entirety, and under one cover, for the first time.

## Anthroposophy at the New Millennium

*Temple Lodge Publishing* Rudolf Steiner spoke at various times of a period that encompasses the end of the twentieth century and the beginning of the new millennium. He described it as a time of great spiritual struggle in which forces of destruction would wage war on benevolent forces, and how the future of culture and civilization would depend on the outcome. In his many statements on this matter, Steiner warned, in particular, members of the Anthroposophical Society and movement - that they would be called on to develop vital spiritual capacities that are becoming increasingly critical for human progress. In these eighteen essays, contributors offer their thoughts on the question of where anthroposophy in its earthly manifestation now stands and to what extent it is fulfilling its tasks. This commentary on the challenges ahead offers us all a chance to reassess, prepare, and wake up. This compilation features eighteen essays by Jesaiah ben-Aharon, Mario Betti, Terry Boardman, Peter Bridgmont, Gilbert Childs, Dor Deverell, Michaela Glckler, Sevak Gulbekian, Brien Masters, Thomas Meyer, Bernard Nesfield-Cookson, Sergei O. Prokofieff, Richard Seddon, Nick Thomas, Peter Tradowsky, Hans-peter van Manen, Edward Warren, and Olive Whicher.

## Threefolding, Christ, Lucifer and Ahriman

*Rudolf Steiner Press* In the uncertainty following the end of the First World War, Rudolf Steiner perceived a unique opportunity to establish a healthy social and political constitution. He began lecturing throughout post-war Germany, often to large audiences, about his social ideas. Here, speaking to a more intimate grouping at the Goetheanum in Dornach, Switzerland, Steiner seeks to deepen the themes of social threefolding, showing specifically how new social thinking is integral to anthroposophy. Steiner speaks of the superficiality of the materialistic view of history, originating with the economic shift amongst the population at the time of the Reformation. Back in Egyptian-Chaldean times, initiates ruled out of spiritual impulses. Later, in the Greco-Roman period, priests had power over their congregations. Today, homo economicus - or 'economic man' - has become the dominant idea, with the capitalist and the banker taking control. But the healing of social relationships can only come about through different modes of thought; the life of spirit must be separated not only from politics but also from economics. True social understanding allows for comprehension of karma - the appreciation of each person's individual destiny. In parallel, says Steiner, we should work towards a global consciousness, as true social ideas are founded on people feeling themselves to be citizens of the world. In an important corollary, Steiner studies the incarnations of three significant spiritual beings in human evolution: Lucifer, Christ and Ahriman. Lucifer incarnated in the third pre-Christian millennium, Christ incarnated at the dawn of a new age, whilst an incarnation of Ahriman in the West is immanent. Ahriman is preparing this incarnation by insidiously promoting various ideas, for example that economic security is sufficient for healthy public life. A new wisdom must be achieved out of free human will, says Steiner, or else we will succumb to Ahriman.

## In the Sign of Five

## The Five Spiritual Events, Tasks and Beings of the First Half of the Age of Michael - An Apocalyptic View of Contemporary History

*Temple Lodge Publishing* 'Spiritual knowledge is not given to us as in ancient times. By spiritual means it must be struggled and striven for against a host of demons... We must therefore get to know the powers that would cover up and obscure all spiritual knowledge.' - from the Preface 'The world seems to be standing within a demonic storm that threatens to overwhelm it', states T.H. Meyer at the outset of this rousing call for a wide-ranging, spiritual-scientific knowledge of the world. Appeals to traditional religious belief will no longer pacify this storm, and neither will 'good will' suffice. Building on Rudolf Steiner's anthroposophy, *In the Sign of Five* tackles the central task of our epoch: the epistemological struggle with evil, and presents the five most important spiritual events since the beginning of the Age of Michael: 1879 - the rise of Michael to the rank of Time Spirit; 1899 - the end of Kali Yuga; 1933 - the appearance of Christ in the Etheric; 1998 - the assault of Sorath, 'one of the greatest ahrimanic demons'; The present - the incarnation of Ahriman. These events are linked to the five main tasks of the Age of Michael, the great challenge of inner knowledge and spiritual consciousness posed by the epoch as a whole. In the light of world history, and within the context of 'the sign of five', we stand today at the fifth place - at the point of the incarnation of Ahriman. Is humanity prepared for this decisive event? Have we recognised the phenomena of evil that surround us on a daily basis? Have the tasks corresponding to the five events been identified, and to what extent have they been carried out? How is evil related to 'the good' that guides the world, and specifically to the Christ impulse? Meyer provides a vital, pithy, aphoristic handbook for our apocalyptic times.

*Rudolph Steiner Press* This is a lecture on the signs of the times. Steiner speaks of the incarnation of Lucifer, and the imminent incarnation of Ahriman.

## Problems of Society

### An Esoteric View, from Luciferic Past to Ahrimanic Future

*Rudolf Steiner Press* 'Whatever turbulent outward events occur in the world, whatever form is taken by things seeking to work their way out of the depths of human evolution, we only really hearken to the true, underlying nature of these events ... if we observe the world from a spiritual perspective.' - Rudolf Steiner. In seeking to heal the many social crises of our time, Rudolf Steiner urges us to turn away from 'fixed principles, theories or social dogmas' and to rediscover the real nature of the human being. This inner reality - that cannot be understood in materialistic or deterministic ways - is the only basis on which society can truly be founded. But it is not sufficient to speak of well-meaning ideas, he says, unless we are also active in working for change; change that begins with each of us. In 1919, a year marked by strong social and political upheavals, Steiner was deeply concerned with questions relating to society. Having published a book on the subject (*Towards Social Renewal*), he embarked on a major campaign to publicize his 'threefold' social ideas. In addition to public lectures, however, Steiner sought to deepen the subject in a series of talks to members of the Anthroposophical Society. These lectures, gathered in this volume, reveal the 'inner' or 'esoteric' aspects of the social question. They complement Steiner's very practical efforts to realize threefolding in the historical context of his time. Whilst Steiner's suggestions for social change may not seem self-evident to pragmatic thinking, they will strike a resonant chord in many who seek deeper answers to the social problems of our times - problems that politicians seem unable to remedy. Amidst the many themes tackled here, Steiner addresses the issue of nationalism as a retrograde tendency; the tasks of Central Europe and Britain in relation to the East; the incarnation of Ahriman in the West, and the historical incarnation of Lucifer in the third millennium BC.

## The Future of Ahriman and the Awakening of Souls

### The Spirit-Presence of the Mystery Dramas

*Temple Lodge Publishing* In 1919 Rudolf Steiner spoke about the future physical incarnation of the being of Ahriman. This would take place before 'a part' of the third millennium had passed, and was inevitable - but it was also necessary that people were aware of this event and recognized it, for earthly culture would be destroyed if the world were to fall completely to Ahriman. The situation we find ourselves in today shows Ahriman's unmistakable signature: the rapid destruction of nature, zoonotic diseases and pandemics, huge social inequalities, and the overall dominance of high finance. In this short book Peter Selg presents a timely overview of the challenges we face, beginning with a pithy and concise survey of Steiner's commentary on Ahriman's incarnation and the conditions that would characterize it. This is followed by a study of Ahriman's depiction in the mystery drama *The Souls' Awakening*. Steiner's remarkable personification of Ahriman on stage - portraying his strategies and activities - provides vital instruction for humanity. Selg concludes with an evaluation of 'the Battle for Human Intelligence' taking place in contemporary culture through materialistic ideas such as transhumanism. In their recent book *Covid-19: The Great Reset*, for example, Klaus Schwab and Thierry Malleret propose wholesale economic, geopolitical, environmental and technological revisions to society - ideas that need to be understood and confronted in human thought and consciousness. *The Future of Ahriman* is a crucial aid to comprehending our times.

## Prophecy - Phenomena - Hope

*SteinerBooks* **Prophecy Phenomena Hope: The Real Meaning of 2012** by Robert Powell, explores what 2012 really means, updating the research presented in his timely and ground-breaking book **Christ and the Maya Calendar: 2012 and the Coming of the Antichrist** (coauthored with Kevin Dann). In this new book, Powell focuses on two important and significant prophecies by Rudolf Steiner. The first (from 1909) concerns the Second Coming of Christ, his appearance to humanity as the Etheric Christ. The second prophecy (from 1919) represents the shadow side of Christ's Second Coming. It concerns the incarnation in human form of the being known as Ahriman (ancient Persian tradition) or Satan (Judeo-Christian tradition). In this connection, the Christian tradition also speaks of the coming of the Antichrist (as clarified in the book, the term Antichrist, as used by Steiner, has a specific meaning and does not signify the incarnation of Ahriman). Powell points to the steady, multifaceted encroachment of ahrimanic forces today, especially through modern technology, which is harmful to the etheric body, causing illness and other serious problems. After looking into Steiner's prophetic remarks in relation to the Book of Revelation, Powell looks into the prophecies of the Russian poet/mystic Daniel Andreev (1906-1959) and examines the prophecy of the American clairvoyant Jeane Dixon (1904-1997) concerning the human birth of the Antichrist. He also includes spiritual research by Judith von Halle (b.1972) regarding an earlier incarnation of Joseph Stalin, as well as Andreev's indications relating to Stalin's earlier incarnations, which may be seen as preparation of this individuality for his role as "Mr. X," the human vessel for the incarnation of Ahriman. Powell's research--applying the astrological rules of reincarnation--supports Jeane Dixon's prophecy, that Mr. X was born in 1962, a finding whose accuracy was also confirmed by Willi Sucher, Powell's mentor in Astrosophy, or star wisdom. This finding, seen in relation to various contemporary phenomena, speaks an unmistakable language that confirms the accuracy of Rudolf Steiner's prophetic statement that the incarnation of Ahriman into his human vessel would take place shortly after the year 2000. Simultaneously, great hope for humankind is offered by the return of Christ in the etheric realm, an event to which human beings can connect, finding inner strength, support, and guidance as humanity and the Earth pass through the great trials associated with 2012. ### Humanity's Last Stand

## The Challenge of Artificial Intelligence: A Spiritual-Scientific Response

*Temple Lodge Publishing* Although still in its earliest stages, artificial intelligence (AI) is radically transforming all aspects of society. With the immanent emergence of Artificial Super Intelligence (ASI) and the illusory temptations of "transhumanism," humankind stands at a crossroads. Nicanor Perlas makes an urgent plea in this book. It is imperative, he says, that we take immediate steps to ensure that digitized technology is aligned to human values and priorities. Otherwise, ASI will kill the essence of our humanity. Furthermore, if we do not master it now, ASI will transform humanity into its own image--ultimately, it will destroy the human race. AI experts have not offered a single cogent solution to this existential threat. Rudolf Steiner, however, not only foresaw these developments, but also provided clear alternatives. Steiner--who developed a contemporary scientific approach to spirituality--provided

philosophical, ontological, and social innovations to save humanity from this technological abyss. It is the task of the global anthroposophic movement to pioneer this civilization-saving work--to establish spiritual-scientific ideas in mainstream culture that would allow AI to emerge in a healthier societal context. Perlas offers an overview of the AI phenomenon, together with its related transhuman concepts of "perfecting humanity," outlining the critical internal and external responses needed to meet them consciously. In particular, the author addresses the movement connected to the work of Rudolf Steiner, indicating its all-important tasks to cooperate with progressive individuals and movements, including scientists and civil society activists; to mobilize its "daughter" movements for action; and, ultimately, to cooperate with the spiritual powers that have guided and served humanity since the dawn of time. This, says Perlas, is humanity's last stand. Failure is not an option.

## Kaspar Hauser

*Temple Lodge Publishing* 'Here lies Kaspar Hauser, riddle of his time. His birth was unknown, his death mysterious.' (Inscription on Kaspar Hauser's tombstone.) In 1828 a teenage boy was discovered on the streets of Nuremberg. Barely able to walk, he clutched a letter in his hand. This youth, Kaspar Hauser, who couldn't properly speak or write, was soon to become an international phenomenon known as 'the Child of Europe'. The story of Kaspar Hauser presents many mysteries. According to his account, the young boy spent most of his life confined in a darkened space. Unable to stand up, and with no knowledge of his captors, he was fed a diet of bread and water. Eventually released from this macabre prison, he survived an assassination attempt only to be stabbed to death in 1833. Why was a child kept in such squalid circumstances? Who were his parents? Who was responsible for such a cruel attack on childhood? Who murdered him? In this seminal work Peter Tradowsky addresses these questions through the insights of anthroposophy. His analysis reveals some of the secrets of Kaspar Hauser's short life, and the occult significance of his incarnation, spiritual nature and individuality.

## The Knights Templar

### The Mystery of the Warrior Monks

*Rudolf Steiner Press* Founded in the early twelfth century, allegedly to protect pilgrims to the Holy Land, the Knights Templar became famous for their pioneer banking system, crusading zeal, and strict vows of obedience, chastity and poverty. Having grown to some 15,000 men, they came to be perceived as a threat by Philip the Fair, who in 1307 disbanded the group and tortured their leaders for confessions. The French king accused the order of heresy, sodomy and blasphemy. Recent works of fiction and popular histories have created a resurgence of interest in the mysterious Knights Templar. Numerous contradictory and fantastic claims are made about them, adding to the enigma that already surrounds the warrior monks of France. In this unique collection of lecture material and writings from Rudolf Steiner, a new perspective emerges. Based on his spiritual perceptions, Steiner speaks of the Templars' connection to the esoteric tradition of St John, their relationship with the Holy Grail, and their spiritual dedication to Christ. He describes the secret order that existed within the Templars, and the strange rituals they performed. He also throws light on the Templars' attitude to the Roman Church, and the spiritual forces that inspired their torture and confessions.

### Ahriman: Sorcerer

*Games Workshop* Book two in the Ahriman series Ahriman, greatest sorcerer of the Thousand Sons and architect of the Rubric that laid his Legion low, continues to walk the path towards salvation, or damnation. Searching for a cure for his Legion, he is forced to consider - was the great ritual somehow flawed from the very beginning? The answer may lie within the mysterious artefact known as the Athenaeum of Kallimakus, a grimoire of forgotten lore which is reputed to contain the exact words of the lost Book of Magnus... or, perhaps, even a transcription of the primarch's deepest and most secret thoughts.

### Isis Mary Sophia

*SteinerBooks* The Rebirth of the feminine surrounds us in many forms -- from the worldwide movement for women's rights to the resurgence of interest in the feminine spirituality of the Goddess and the Divine Mother. What is the spiritual meaning of this rebirth? What is the feminine divine? Who is she? She has had many names in many cultures: Ishtar in Babylon, Inanna in Sumeria, Athena, Hera, Demeter, and Persephone in Greece, Isis in Egypt, Durga, Kali, and Lakshmi in India. She is the Shekinah of the Kabbalists and the Sophia, or Divine Wisdom of the gnostics. For Rudolf Steiner, she is Anthroposophia, the Divine Wisdom who descended from the spiritual world and passed through humanity to become now the goal and archetype of human wisdom in the cosmos. This book contains most of Rudolf Steiner's statements on Sophia. We see him, as it were, "midwifing" the birth of the Sophia, the new Isis, divine feminine wisdom, in human hearts on earth. Each chapter explores the mystery of the different relationships of Sophia: Sophia and Isis, Sophia and the Holy Spirit, Sophia and Mary, the mother of Jesus (and Mary Magdalene), Sophia and the Gnostic Achamod, and Sophia and the New Isis. Above all, in a remarkable way, Steiner makes clear the relationship of Christ and Sophia: Isis-Sophia, Divine Wisdom, slain by Lucifer, Carried off on wings of world-wide forces into cosmic space, The Christ-Will working in us Will wrest Her from Lucifer And on vessels of spiritual knowledge Call Isis-Sophia, Divine wisdom, to new life in human souls.

### Master in a Miniskirt: Practical Workbook for Spiritual Living

*Lulu.com* In this book I will lead the reader through her/his own daily life showing obvious examples we can use to manifest the divine being whom we really are. We can and must be aware of our habits and their effect on others. This is the responsibility that each person has, whether we know it or not; whether we want it or not. This is wonderful, as it also includes our own power to bring about the changes that we want so dearly. The book makes us aware that there are forces that can make going "forward" difficult, and how they show themselves. My book helps the readers to see where their potential lies, and how to live this so that all can manifest divinity. It clears and clarifies certain concepts, and demystifies many spiritual terms and practices. Throughout the book I make it clear that we are a decisive part of the Whole, continuously, and that it is wonderful to become powerful, so that we can bring about change for all, 'simply' by living our daily lives with more awareness.

## Christ & The Maya Calendar

*SteinerBooks* In *The Book of Chilam Balam of Chumayel*, it is said: Katun 11 Ahau is set upon the mat, set upon the throne, when their ruler is set up.... The heavenly fan, the heavenly wreath and the heavenly bouquet shall descend. The drum and rattle of the lord of 11 Ahau shall resound, when flint knives are set into his mantle.... Ahau 11 is the beginning of the count, because this was the katun when the foreigners arrived. They came from the east when they arrived. Then Christianity also began. The fulfillment of its prophecy is [ascribed] to the east.... This is a record of the things which they did. After it had all passed, they told of it in their [own] words, but its meaning is not plain. Despite the explosion of books, videos and TV shows that claim to penetrate the mystery of "2012"--the numerical shorthand for the completion on December 21, 2012, of the thirteenth B'ak'tun cycle in the Long Count of the Maya calendar--consensus about its meaning seems to remain elusive. The discussion about the significance of 2012 falls generally into two distinct camps: "New Age" authors who see this date as marking the advent of an imminent, universally accelerated psychic/spiritual evolution and professional astronomers and ethnologists who generally discount such metaphysical claims. Christ and the Maya Calendar approaches the significance of 2012 by spiritually penetrating phenomena of today. Drawing on the book of Revelation--which provides an archetype for understanding spiritual history, as well as Rudolf Steiner's Apocalyptic indications--a completely new context for grasping the end date of the Maya calendar emerges. In a November 1919 lecture, Steiner made a stunning remark: "Ahriman skilfully prepares his goal beforehand...[and] will find an important instrument for preparing his incarnation. His incarnation is undoubtedly coming, and this lack of insight will enable him to prepare it triumphantly." The subtitle of this book--"2012 and the Coming of the Antichrist"--refers to this coming incarnation of Ahriman. In fact, Steiner narrowed the timeline for Ahriman's incarnation, saying it would come "before only a part of the third millennium has run its course." Just after Christmas 1919, Steiner revealed more about the impending incarnation of Ahriman, saying almost offhandedly that Ahriman's name might be "John William Smith." With this remark, he clearly pointed to the incarnation occurring in the English-speaking West, while other remarks made it is certain Steiner meant that the incarnation would take place in America. In addition to penetrating the spiritual background of our time in relation to the coming of the Antichrist (the incarnation of Ahriman), the authors explore the significance of the Mexican mysteries and present a wealth of new research with the intention of helping the reader to navigate the Apocalyptic scenario currently shaping up, with the global financial crisis as one important expression. Most important, the authors refer to the Second Coming of Christ as the true event of our time; the incarnation of Satan/Ahriman is its shadow. The authors also show the significance of Divine Sophia as the antidote to negative consequences of Ahriman's incarnation. Finally, as a positive manifestation of the world of spirit in our time, the book discusses the significance of the young anthroposophist, Judith von Halle, who since Easter 2004 has born the stigmata, the visible signs of the wounds of Christ. A Note on the Title The word Antichrist is used in the title and throughout this book, and there are at least two ways in which this word may be understood. The more general use of the word is found in the Bible and in Christian tradition, in which the Antichrist is understood to be the human being who bears the incarnated Satan (also called "Ahriman" in Persian tradition and, in Revelation 13 in the Bible, "The Beast"). This is how the word Antichrist is used in this book. However, this general meaning should be distinguished from another, more specialized use of the word, as found in the spiritual science of Anthroposophy, which often uses the word Antichrist to designate the Sun Demon, known as Sorath in the Hebrew tradition, referred to as the "Beast whose number is 666," and as "the two-horned Beast" in Revelation 13. In this connection, Rudolf Steiner refers to "the False Prophet who represents the teachings of The Beast." The authors of this book discuss the significance of Sorath in chapters 7 and 8. Authors' Note Rudolf Steiner's large body of spiritual research has paved the way for further research encompassing thousands of volumes and numerous projects and social endeavors around the world. This book focuses upon Steiner's indications about the return of Christ, on the one hand, and the coming of the Antichrist, on the other hand. Both events, according to Steiner, are taking place, or will take place, in our time. Our endeavor is to provide a context in which the reader can find help to be able to grasp the larger picture as to the nature of the time in which we live. The purpose of the book is to draw attention to Christ's return in the realm of life forces known as the etheric, as well as to the impending physical incarnation of Ahriman as the Antichrist. The book is carefully written in the spirit of the age of the clear, critical consciousness of modern humanity to allow people to draw their own conclusions. Thus, it is not a matter of pointing the finger and pronouncing slogan-like statements. Rather, it is a matter of providing a context for the reader to arrive at a deeper grasp of what is taking place in the world at the present time, which can be attained only by way of hard study and the honest endeavor to attain a higher level of cognition. The main point is that the coming of the Antichrist is actually the shadow side of the much greater event of Christ's coming in the etheric realm, whereby Divine Sophia is actively working to help humanity to become aware of this greatest event of our time. Central to Rudolf Steiner's impulse is the development of intuitive faculties, which he named Imagination, Inspiration, and Intuition. This means that, when research is presented, people--through the exercise of their intuitive faculties--come to their own cognition of the truth and do not depend simply upon what is said by those presenting the research. The goal is--and must be--to arrive at truth for oneself, not based upon anyone else's statements. Although, of course, the statements of others can be taken as a starting point for arriving at the truth. However, cognition of the truth depends upon the development of intuitive faculties going beyond intellectual speculation. Since the publication of this book, various pronouncements--many of a speculative nature--have been made concerning the content of the book. The authors fully support the expression of freedom of thought and freedom of speech underlying statements about the book but obviously cannot be held responsible for the conclusions drawn by others from the research presented in this book. Their concern is truth--in the spirit of the words: "You shall know the truth, and the truth shall make you free" (John 8:32). In relation to the

Antichrist, called the Beast in chapter 13 of the Book of Revelation, his way (Revelation 13) is prepared by the Prophet of the Beast. Nowhere in this book are statements made identifying specific individuals as the Beast (Antichrist) or as the Prophet of the Beast. Yet, in this age of the Internet, all kinds of pro

## Michael and the Two-horned Beast

## The Challenge of Evil Today in the Light of Rudolf Steiner's Science of the Spirit

*Temple Lodge Publishing* In our materialistic and skeptical age, it can be difficult to take seriously the existence of real spiritual beings. Nevertheless, countless individuals -- from the historic founders of religions to those who have been through near-death experiences -- have spoken of beings of Light, such as Angels and Archangels, and 'evil' beings, spirits of darkness. The author, basing his work on Rudolf Steiner's teachings, presents an epic picture of the forces of 'good' and 'evil' -- a battle of cosmic dimensions in which we are all intimately involved. He clarifies the pivotal role of the Archangel Michael, the 'Guardian of Cosmic Intelligence,' who fights to hold the balance between the key powers of evil in our time -- Lucifer and Ahriman -- and describes other members of the evil hierarchies. He also discusses the biblical Apocalypse of St. John, the Mexican Mysteries, and much else. This book is an essential guide to meeting the challenge of evil at the new millennium.

## Vidar and Balder, the Three Elemental Realms and the Inner and Outer Etheric Worlds

*Temple Lodge Publishing* In March 2020, Are Thoresen contracted Covid-19. Whilst convalescing from the disease and suffering great exhaustion, he experienced a breakthrough in his daily meditation. Although he has always been able to 'see' into the spiritual world, now deeper, unknown realms appeared to his inner vision. In the soapstone surround of the fireplace in his Norwegian home, he perceived the elemental beings and forces that make up the mineral at an atomic level. A few days later, an even deeper dimension revealed itself, in the form of a void or vacuum. Here, astonishingly, was an open portal to the entire cosmos... In *Travels on the Northern Path of Initiation*, Thoresen shares the results of his latest spiritual investigations, including a moving, life-changing encounter with 'the Light of the World'. He details the teachings he receives from the beings Vidar and Balder - who stand as guardians to the threshold of the outer etheric world - and characterizes the Northern way of initiation, which is based on merging, or 'fading', into nature. Thoresen documents Rudolf Steiner's descriptions of this path and shows how it is reflected in the Old Norse Poetic Edda, the Kalevala and von Eschenbach's Parzival. Based on painstaking research, he describes the individual qualities of the three elemental realms, and how the adversarial forces - seeking to corrupt human senses - hinder spiritual observation of them. Thoresen's book is a powerful personal testimony to the human potential for spiritual knowledge and experience in our time.

## The Souls Awakening

### A Series of Soul and Spiritual Events in Dramatic Scenes

*Trafford Publishing* The fourth drama enters new terrain based on what has been achieved in the first three dramas. The end of those brought about the unifying of the various main characters in a Temple ceremony whereby they consecrated themselves to take over the work of the traditional Mystics for modern times. Up until this point, the dramas had been concerned with personal development, the achieving of spiritual vision, the beholding and integrating of a correct view of Karma. But now the step has to be taken to bring all this into a concrete relationship with the modern world. The task of the Mystics had been to preserve in secret the mysteries of humanity. The task of the new Temple servants is to bring those mysteries to humanity again and make them fruitful in the modern world. This requires, on the one hand, a willingness to approach the elements of the world and interact with them, and on the other, the cultivating of an inner knowledge which will give one the new faculties and strength to do that. The essential question thus arising for all of them, illustrated by the greatly increased role Benedictus plays in this fourth drama, is the question of spiritual help and from where and under what conditions it can come to us. Not only Lucifer and Ahriman are here operating for their own interests, good human beings and good spiritual beings are working, too, and who these are, where these are, and what relation we can have to them is a matter of the greatest urgency for humanity at this time.

## No Religion Higher Than Truth

### A History of the Theosophical Movement in Russia, 1875-1922

*Princeton University Press* Among the various kinds of occultism popular during the Russian Silver Age (1890-1914), modern Theosophy was by far the most intellectually significant. This contemporary gnostic gospel was invented and disseminated by Helena Blavatsky, an expatriate Russian with an enthusiasm for Buddhist thought and a genius for self-promotion. What distinguished Theosophy from the other kinds of "mysticism"—the spiritualism, table turning, fortune-telling, and magic—that fascinated the Russian intelligentsia of the period? In answering this question, Maria Carlson offers the first scholarly study of a controversial but important movement in its Russian context. Carlson's is the only work on this topic written by an intellectual historian not ideologically committed to Theosophy. Placing Mme Blavatsky and her "secret doctrine" in a Russian setting, the book also discusses independent Russian Theosophical circles and the impact of the Theosophical-Anthroposophical schism in Russia. It surveys the vigorous polemics of the Theosophists and their critics, demonstrates Theosophy's role in the philosophical dialogues of the Russian creative intelligentsia, and chronicles the demise of the movement after 1917. By exploring this long neglected aspect of the Silver Age, Carlson greatly enriches our knowledge of fin-de-sicle Russian culture. Originally published in 1993. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

### The Fall of the Spirits of Darkness

*Rudolf Steiner Press* Speaking at a time of intense war in Europe, Rudolf Steiner reveals the spiritual roots of the crises of our times and the means by which we can overcome them. Since 1879, Steiner tells us that "backward" angels, or "spirits of darkness"—who were forced out of the heavens and made their abode on Earth following their defeat in a forty-year battle with the Archangel Michael—have influenced human minds. It is now possible for human beings to awaken more consciously to the truth of these profound changes and thus inwardly counter the fallen spirits' influences. We can come to the realization that definite spiritual causes lie behind earthly events in our rapidly changing times. In these fourteen lectures, given at the end of 1917 following four years of war in Europe, Steiner speaks on the complex spiritual forces behind the World War I, humanity's attempts to build theoretically perfect social orders, and the many divisions and disruptions that would continue on Earth into our own time. Humanity in general was asleep to the fact that fallen spirits, cast from the spiritual worlds, had become intensely active on Earth. This manifested mainly in human thinking and perception of the surrounding world. However, the defeat and fall of

these spirits also ensured that a science of the spirit would always be available to humanity.
