Wealth Against Commonwealth Andrew Johnson and Reconstruction Chicago U.P Re-evaluation of Andrew Johnson's role as President, and history of the political scene, from 1865 to 1868. The Federalist Papers Read Books Ltd Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States. Nature's Metropolis: Chicago and the Great West W. W. Norton & Company A Finalist for the Pulitzer Prize and Winner of the Bancroft Prize. "No one has written a better book about a city...Nature's Metropolis is elegant testimony to the proposition that economic, urban, environmental, and business history can be as graceful, powerful, and fascinating as a novel." —Kenneth T. Jackson, Boston Globe The Significance of the Frontier in American History Penguin UK This hugely influential work marked a turning point in US history and culture, arguing that the nation's expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which - for better or worse - lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are. Princeton Review AP World History: Modern Prep 2023 3 Practice Tests + Complete Content Review + Strategies and Techniques Princeton Review EVERYTHING YOU NEED TO HELP SCORE A PERFECT 5. Ace the AP World History: Modern Exam with this comprehensive study guide. Includes 3 full-length practice tests with answer explanations, content reviews for every test topic, strategies for every question type, and access to online extras. Techniques That Actually Work * Tried-and-true strategies to help you avoid traps and beat the test * Tips for pacing yourself and guessing logically * Essential tactics to help you work smarter, not harder Everything You Need for a High Score * Fully aligned with the latest College Board standards for AP® World History * Detailed review of the source-based multiple-choice questions and short-answer questions * Comprehensive guidance for the document-based question and long essay * Access to study plans, lists of key terms and concepts, helpful pre-college information, and more via your online Student Tools Practice Your Way to Excellence * 3 full-length practice tests (2 in the book, 1 online) with complete answer explanations * Key terms, timelines, and detailed maps in every content review chapter * End-of-chapter drills to test your understanding of topics and skills Fabric of a Nation A Brief History with Skills and Sources, For the AP® Course Macmillan Higher Education In 2014, College Board rolled out a new AP® U.S. History course, which centered less on memorizing content and more on developing skills. Since then, the course has been modified here and there, but very little has changed in AP® textbooks--content is still king. Until now. Fabric of a Nation is the first book to truly embrace this dramatic shift in the AP® course and in how history is taught. Built from the ground up by long-time AP® leaders Jason Stacy and Matthew Ellington, this book offers a new approach to AP® US History by seamlessly integrating: A brief historical narrative AP® skills practice Primary source documents Exact alignment to the AP® course Now, that's revolutionary! AP US History Premium With 5 Practice Tests Simon and Schuster Looking for an additional way to prep for the AP exam? U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). Poor Richard's Almanack An Economic Interpretation of the Constitution of the United States The Challenge of Facts And Other Essays The Insider's Complete Guide to AP US History A Strategic Review Insider Test Prep This strategic approach to the AP United States History exam outlines the core material you need to study in order to achieve a high score and earn college credit. Not just another chronological review, author Larry Krieger has analyzed which topics appear most frequently on the Advanced Placement tests. Also included are practice multiple-choice, short-answer, long-essay, and document-based questions with tips on how to provide high-scoring answers. Letters from an American Farmer Applewood Books First published in England in 1782, Crèvecoeur's Letters from an American Farmer was one of the first works to describe the character of the average American at the close of the Revolutionary War. His famous question, "What, then, is the American, this new man?", summarized the European's interest in and questioning of the new country of America at a time when centuries of tradition had just been overturned and post-colonial Americans were attempting to describe themselves in a new way. Through the character of James, the letters celebrate the land of America, its space and fertility, and the character of Americans themselves, their work ethic and spirit of personal determination. The Letters also look at the darker side of American life, particularly the issue of slavery. The discussions of American identity, participation in war (or not), and the perception of immigrants and their ethnicity make this book as relevant to our understanding of ourselves today as it was in 1782. Washington's Farewell Address to the People of the United States, 1796 Only Yesterday An Informal History of the 1920s Open Road Media A history of roaring prosperity—and economic cataclysm: “The one account of America in the 1920s against which all others must be measured” (The Washington Post). Beginning November 11, 1918, when President Woodrow Wilson declared the end of World War I in a letter to the American public, and continuing through his defeat, Prohibition, the Big Red Scare, the rise of women's hemlines, and the stock market crash of 1929, Only Yesterday, published just two years after the crash, chronicles a decade like no other. Allen, who witnessed firsthand the events he describes, immerses you in the era of flappers, speakeasies, and early radio, making you feel like part of history as it unfolds. This bestselling, enduring account brings to life towering historical figures including J. Pierpont Morgan, Henry Ford, Sigmund Freud, Albert Einstein, Al Capone, Babe Ruth, and Jack Dempsey. Allen provides insightful, in-depth analyses of President Warren G. Harding's oil scandal, the growth of the auto industry, the decline of the family farm, and the long bull market of the late twenties. Peppering his narrative with actual stock quotes and breaking financial news, Allen tracks the major economic trends of the decade and explores the underlying causes of the crash. From the trial of Nicola Sacco and Bartolomeo Vanzetti to the inventions, crazes, and revolutions of the day, this timeless work will continue to be savored for generations to come. Being Brought from Africa to America - The Best of Phillis Wheatley Read Books Ltd Phillis Wheatley (c. 1753-1784) was an American freed slave and poet who wrote the first book of poetry by an African-American. Sold into a slavery in West Africa at the age of around seven, she was taken to North America where she served the Wheatley family of Boston. Phillis was tutored in reading and writing by Mary, the Wheatleys' 18-year-old daughter, and was reading Latin and Greek classics from the age of twelve. Encouraged by the progressive Wheatleys who recognised her incredible literary talent, she wrote "To the University of Cambridge" when she was 14 and by 20 had found patronage in the form of Selina Hastings, Countess of Huntingdon. Her works garnered acclaim in both England and the colonies and she became the first African American to make a living as a poet. This volume contains a collection of Wheatley's best poetry, including the titular poem "Being Brought from Africa to America". Contents include: "Phillis Wheatley", "Phillis Wheatley by Benjamin Brawley", "To Maecenas", "On Virtue", "To the University of Cambridge", "To the King's Most Excellent Majesty", "On Being Brought from Africa to America", "On the Death of the Rev. Dr. Sewell", "On the Death of the Rev. Mr. George Whitefield", etc. Ragged Hand is proudly publishing this brand new collection of classic poetry with a specially-commissioned biography of the author.
