THE ORIGAMI BIBLE

A PRACTICAL GUIDE TO THE ART OF PAPER FOLDING

Collins & Brown 'The Origami Bible' is packed with familiar favourites such as CD cases, envelopes, and hats, combined with brand new designs - elephants, tadpoles, and unique modular forms that can be used as home accents or decorative display pieces. From choosing the right paper to understanding the symbols, from building 12-fold designs to 24-fold models, this book will make an invaluable reference work for all folders, whether complete beginners, or intermediate and advanced artists. Author Nick Robinson focuses on mastery of technique and creativity - showing how designs are forged, what creative processes are involved, and how existing works can be adapted. Fully illustrated in colour, 'The Origami Bible' will enable readers, whatever their level of skill, to fold almost any design, traditional or contemporary. The emphasis is on creativity, encouraging the reader to combine and extend existing techniques to produce new origami works.

BIBLICAL ORIGAMI

FOLDING SCRIPTURE TO UNFOLD SCRIPTURE

Independently Published Origami is the Japanese art of folding paper into decorative art and figures. Origami takes a flat sheet of paper and through the art and skill of folding is able to create almost anything in a three-dimensional shape. As I watched a documentary on origami it became clear to me that the way the Spirit of God taught me how to interpret scripture is the same principle which I call Biblical Origami. In the documentary on Origami, Origami has transcended from just making art and figures to adapting into sciences and industries. Origami basic principle of folding in order to create something three-dimensional is now used in the medical field and even astrophysics. Presently, experts are able fold other materials like glass and plastics to accomplish the same outcome as the Japanese does with paper. Algorithms has been created that can print out the exact places to fold on any flat sheet of paper to create just about any shape or object. The revelation is in knowing where to fold. If the flat sheet of paper is folded in the right places, the desired shape or object is guaranteed to be formed. This is exactly how proper interpretation of the Bible is accomplished. If we take the principle of Origami and apply it scripturally we will discover God had this in mind from the beginning. Hermeneutics is the principles of interpreting scripture. If we apply each principle of scripture interpretation as a fold of the flat sheet of paper in Origami, the intended shape and form will always be revealed which is the Person of Jesus Christ our Lord. All Biblical history is His-story. Jesus is the Word of God and every Bible story has His Person, life, and redemption story hidden within its pages. Using proper Biblical interpretive principles in each passage of the Bible as a symbolic fold in the Biblical narrative, the Spirit of God Who is the Spirit of Truth, will unveil redemptions story and the presence of Christ without fail. In essence, the more we fold the more will unfold. This is Biblical Origami.

DIVINE LOVE

THE EMBLEMS OF MADAME JEANNE GUYON AND OTTO VAN VEEN, VOL. 1

Wipf and Stock Publishers In this book, visual and poetic emblems of God's love, created by Otto van Veen and Jeanne Guyon, symbolically represent spiritual meaning and, as such, offer a gift of revealed strength and purpose to the aware reader. In our age, when love seems almost forgotten, this emblem book uniting Guyon's poetry and D'Othon Vaenius's illustrations give us a faithful look into what might be. What if Divine love becomes part of the human endeavor and joins to human souls? Otto van Veen and Jeanne de la Mothe Guyon internalized this hope and here reveal to us their vision of the love of God bonding and becoming one with the human soul. Translated into English for the first time here, these emblems of divine love become available to postmodern readers.

ORIGAMI\$ } ^6\$: I. MATHEMATICS

American Mathematical Soc. is a unique collection of papers illustrating the connections between origami and a wide range of fields. The papers compiled in this two-part set were presented at the 6th International Meeting on Origami Science, Mathematics and Education (10-13 August 2014, Tokyo, Japan). They display the creative melding of origami (or, more broadly, folding) with fields ranging from cell biology to space exploration, from education to kinematics, from abstract mathematical laws to the artistic and aesthetics of sculptural design. This two-part book contains papers accessible to a wide audience, including those interested in art, design, history, and education and researchers interested in the connections between origami and science, technology, engineering, and mathematics. Part 1 contains papers on various aspects of mathematics of origami: coloring, constructibility, rigid foldability, and design algorithms.

ART SAVVY

YOUR PRIVATE EYE, UNDERSTANDING PUBLIC ART IN 5 EASY PIECES

Createspace Independent Publishing Platform Art Savvy is a systematic approach to understanding art. It gives you methods to assess a design and really see what the artist was doing. Unlike chaotic art writings, terms are clearly defined, categorized, organized and illustrated. It is designed to answer questions like: What things will allow me to understand art? What are the basic elements? What is concept art? Can you "read" a work of abstract art? Visual literacy is the ability to interpret, negotiate, and make meaning from information presented in art work. Art Savvy gives you this. Defining Terms: Often art terms are not clearly defined, are used interchangeably or get mixed up with other types of analysis. For a thorough exploration of all aspects of art, photos of great works are referenced with color keyed notations to illustrate the 5 easy pieces: 1. Design Elements- Visual grammar, line, shape, form, mass etc. - definitions & how to see them. 2. Organization Principles- How elements are arranged and how this effects the concept. 3. Style- Relation to other groups of work and formulas for design. 4. Technique- How methods and materials are used to impact the concept. 5. Concept- What this piece about. What major themes and elements were used. Assessment techniques in each section of Art Savvy will train your eye to always see these 5 aspects of any artwork. It is not attempting judgments of relevance, philosophy, spiritual meanings and other ethereal aspects that a work may convey. This text poses the question: "What is the basic concept here?" but sticks to pure analysis and leaves all judgment to you and the experts. This field guide is a mini textbook on design principles that will let you understand art!

ART AND PLACE

ESSAYS ON ART FROM A HONG KONG PERSPECTIVE

Hong Kong University Press The book brings together a series of essays about art in Hong Kong written over the last ten years, with the intention of offering a personal chronicle of the Hong Kong art world during a time of great change. Many of the essays concern themselves with the work of local artists, but Western and Chinese artists whose works have been exhibited in Hong Kong during this period are also discussed. In addition to a consideration of particular artists and works of art, there are also essays which engage with debates that have been taking place in Hong Kong concerning curatorship and various arts policy issues. Fully illustrated and written in a straightforward style, Art and Place is one of the first serious attempts to evaluate the art of Hong Kong. It should be of use to anyone interested in the cultural life of one of Asia's leading cities.

FAITH COLORS

ENCOUNTERS WITH GOD IN LIVING FAITH

CreateSpace Miracles happen today. Do you want to increase your faith? Read about miracles. True stories of God's faithfulness, love, and power are woven together with art, poetry and scripture into a tapestry made of the colors of the rainbow that demonstrate the many aspects of faith. A woman finds herself in a car accident on a lonely Nevada highway gazing at her two daughters sprawled on the road. She screams in terror for help. Someone places a white gold cross in the palm of her hand. This changes everything. "A White Gold Cross," one of the true stories found in "Faith Colors, Encounters with God in Living Faith," explores the power of faith in God to transform the outcome of a terrible crisis. This story is found in the section called White Faith, the kind of faith that strengthens the inner heart to persevere. A son prays in earnest while the emergency team from the fire station try to revive his father. After the paramedics give up and permission is granted to stop CPR, the father miraculously begins to breathe on his own. But will he survive long enough to take care of his unfinished business? This story is found under Blue Faith, the kind of faith that looks up from a dark pit to find hope. These testimonies and others, including some of the author's own experiences, are grouped into the colors of the rainbow to highlight important aspects of faith. Poems and prophetic art, intensifying the impact of the messages, are found throughout the book. Each color section concludes with a prayer to draw the reader's heart closer to God. Scriptures and colorful prophetic pictures featured in this book highlight significant attributes of faith that are bound to spark hope in God and His promises found in the Bible.

99 NAMES

1 TO 25, A CHRISTIAN'S EXPLORATION OF THE NAMES OF GOD FROM THE QUR'AN

Createspace Independent Publishing Platform As a stained glass artist it is exciting to experience and learn about other cultures and faiths through their art. In learning about Islam and Muslims we discover the tradition of the 99 Most Beautiful Names from the Qur'an; the 99 Names are an index of God's infinite characteristics, attributes of God which help the faithful navigate their place in the universe and provide direction for worship and emulation. They are a good starting point from which to begin the exploration of another faith because they represent ideals, aspirations and hopes common to us all. This is the first of 4 books, and collects the first 25 glass sculptures of my personal response to each of the 99 Names - a synthesis of research and discussion with members of many Muslim communities coupled with prayerful consideration and contemplation on what each Name means to me as a Christian. These sculptures are a record of my personal journey towards appreciation and understanding, and are shared in hopes that others will also find the beauty I discover in the faith of my fellow travelers in our human family.
