Boots on the Ground

America's War in Vietnam

Penguin ★ "Partridge proves once again that nonfiction can be every bit as dramatic as the best fiction."* America's war in Vietnam. In over a decade of bitter fighting, it claimed the lives of more than 58,000 American soldiers and beleaguered four US presidents. More than forty years after America left Vietnam in defeat in 1975, the war remains controversial and divisive both in the United States and abroad. The history of this era is complex; the cultural impact extraordinary. But it's the personal stories of eight people—six American soldiers, one American military nurse, and one Vietnamese refugee—that create the heartbeat of Boots on the Ground. From dense jungles and terrifying firefights to chaotic helicopter rescues and harrowing escapes, each individual experience reveals a different facet of the war and moves us forward in time. Alternating with these chapters are profiles of key American leaders and events, reminding us of all that was happening at home during the war, including peace protests, presidential scandals, and veterans' struggles to acclimate to life after Vietnam. With more than one hundred photographs, award-winning author Elizabeth Partridge's unflinching book captures the intensity, frustration, and lasting impacts of one of the most tumultuous periods of American history. *Kirkus Reviews, starred review of *Marching for Freedom*

Boots on the Ground

A Month with the 82nd Airborne in the Battle for Iraq

Truman Talley Books Includes 32 color photos taken by the author during the month he was embedded with the 82nd in Kuwait and Iraq. This is a riveting account of the war in Iraq moving north with the 82nd Airborne. Units of the 82nd depart Kuwait and convoy to Iraq's Tallil Air Base en route to night-and-day battles within the major city of Samawah and its intact bridges across the Euphrates. Boots on the Ground quickly becomes an action-filled microcosm of the new kinds of ultramodern war fighting showcased in the overall battle for Iraq. At the same time it remains specific to the daily travails of the soldiers. Karl Zinsmeister, a frontline reporter who traveled with the 82nd, vividly conveys the careful planning and technical wizardry that go into today's warfare, even local firefights, and he brings to life the constant air-ground interactions that are the great innovation of modern precision combat. What exactly does it feel like to travel with a spirited body of fighting men? To come under fire? To cope with the battlefield stresses of sleep-deprivation, and a steady diet of field rations for weeks on end? Readers of this day-to-day diary are left with not only a flashing sequence of strong mental images, but also a notion of the sounds and smells and physical sensations that make modern military action unforgettable. Ultimately, Boots on the Ground is a human story: a moving portrayal of the powerful bonds of affection, trust, fear, and dedication that bind real soldiers involved in battle. There are unexpected elements: The humor that bubbles up amidst dangerous fighting. The pathos of a badly wounded young boy. The affection openly exhibited by many American soldiers--love of country, love of family and hometown, love of each other. This is a true-life tale of superbly trained men in extraordinary circumstances, packed with concrete detail, often surpassing fiction for sheer drama.

Devotions for Boots on the Ground

“Are You There, God?”

WestBow Press Possibly there is nothing more conducive to thoughts of the Eternal, than having one's face slammed into red, wet muck, with explosions so close your body arcs and bounces off the ground, hot shards burn in your flesh, and concussions are bright flashes of dirty fire beating a tattoo on the light receptors in the backs of your eyes. Your head aches; throbbing from visual shock waves. Time has come to an end; there is no right, no wrong, only whatever follows a life that is now over. The dark reaper is here. What's it going to be like on the other side? Is there an "other side"? The old timers use the maxim, "There are no atheists in a fox-hole." Possibly so; I can only give my own experience, and I never had the opportunity to be in one. Combat aviators crash and sometimes burn instead. But close calls almost always give rise to interminable questions; especially when the survived experience is

seared into the human psyche. For some, satisfactory answers never seem to come. For myself, may I proffer both scorching experience, and incredible life-lessons learned? Then, should you ever fall into similar adventure; you man go into it better prepared than I was. JWV

Boots on the Ground by Dusk

My Tribute to Pat Tillman

Rodale Books On April 22, 2004, Lieutenant David Uthlaut received orders from Khost, Afghanistan, that his platoon was to leave the town of Magarah and "have boots on the ground before dark" in Manah, a small village on the border of Pakistan. It was an order the young lieutenant protested vehemently, but the commanders at the Tactical Command Center disregarded his objections. Uthlaut split his platoon into two serials, with serial one traveling northwest to Manah and serial two towing a broken Humvee north toward the Khost highway. By nightfall, Uthlaut and his radio operator were seriously wounded, and an Afghan militia soldier and a U.S. soldier were dead. The American soldier was Pat Tillman. The Tillman family was originally informed that Pat, who had given up a professional football career to serve his country, had been shot in the head while getting out of a vehicle. At his memorial service twelve days later, they were told that he was killed while running up a hill in pursuit of the enemy. He was awarded a Silver Star for his courageous actions. A month and two days after his death, the family learned that Pat had been shot three times in the head by his own troops in a "friendly fire" incident. Seven months after Pat's death, the Tillmans requested an investigation. Boots on the Ground by Dusk is a chronicle of their efforts to ascertain the true circumstances of Pat's death and the reasons why the Army gave the family and the public a false story. Woven into the account are valuable and respectful memories of Pat Tillman as a son, brother, husband, friend, and teammate, in the hope that the reader will better comprehend what is really lost when our sons and daughters are killed or maimed in war. In the course of three and a half years, there have been six investigations, several inquiries, and two Congressional hearings. The Tillmans are still awaiting an outcome.

Boots on the Ground

The Fight to Liberate Afghanistan from Al-Qaeda and the Taliban, 2001-2002

Zenith Press Boots on the Ground is a narrative account of the American war to free Afghanistan from al Qaeda and the Taliban. Author Dick Camp uses extensive firsthand accounts that bring the text alive. Camp's exciting narrative covers the origins of American combat involvement in the country as well as the post-9/11 campaigns that initially brought victory over al Qaeda and the Taliban in Afghanistan. In an incisive epilogue, he describes how we let victory in Afghanistan slip away to fight a war in Iraq.

Boots on the Ground

Stories of American Soldiers from Iraq and Afghanistan

Da Capo Press A compelling, trenchant collection of writing about American soldiers in combat since 9/11 profiles the rigors of marine training in California, a firefight in Baghdad, patrols in Afghanistan, and the resignation of arms inspector Scott Ritter, among other fascinating stories from the frontlines. Original.

Boots on the Ground, Flats in the Boardroom

Transportation Women Tell Their Stories

CreateSpace Stories have power, but only if people know them. "Boots on the Ground, Flats in the Boardroom: Transportation Women Tell Their Stories" details the rise of 18 pioneering women in transportation by telling their stories in their words. From the woman who ran the Federal Aviation Administration during 9/11 to the woman who helped make seatbelts standard in cars, "Boots on the Ground, Flats in the Boardroom" provides raw stories of how these women learned to succeed in a white, male-dominated industry. Authored by seasoned transportation authorities Grace Crunican and Liz Levin, "Boots on the Ground, Flats in the Boardroom" presents leadership lessons from women who changed the world.

Boots on the Ground

Britain and Her Army Since 1945

On Loneberg Heath in 1945, the German High Command surrendered to Field Marshall Montgomery; in 2015, seventy years after this historic triumph, the last units of the British Army finally left their garrisons next to Loneberg Heath. Boots on the Ground is the story of those years, following the British Army against the backdrop of Britain's shifting security and defence policies. From the decolonisation of India to the two invasions of Iraq, and, of course, Ireland, the book tracks the key historical conflicts, both big and

small, of Britain's transformation from a leading nation with some 2 million troops in 1945, to a significantly reduced place on the world stage and fewer than 82,000 troops in 2015. Despite this apparent de-escalation, at no point since WWII has Britain not had 'boots on the ground' - and with the current tensions in the Middle East, and the rise of terrorism, this situation is unlikely to change. Sir Richard Dannatt brings forty years of military service, including as Chief of Staff, to tell the fascinating story of how the British Army has shaped, and been shaped by, world events from the Cold War to the Good Friday Agreement. Whether examining the fallout of empire in the insurgencies of Kenya and Indonesia, the politically fraught battle for the Falklands, the long-standing conflict in Ireland or Britain's relationship with NATO and experience of fighting with - or for - America, Dannatt examines the complexity of perhaps the greatest British institution.

Boots on the Ground

Troop Density in Contingency Operations

Government Printing Office This paper clearly shows the immediate relevancy of historical study to current events. One of the most common criticisms of the U.S. plan to invade Iraq in 2003 is that too few troops were used. The argument often fails to satisfy anyone for there is no standard against which to judge. A figure of 20 troops per 1000 of the local population is often mentioned as the standard, but as McGrath shows, that figure was arrived at with some questionable assumptions. By analyzing seven military operations from the last 100 years, he arrives at an average number of military forces per 1000 of the population that have been employed in what would generally be considered successful military campaigns. He also points out a variety of important factors affecting those numbers - from geography to local forces employed to supplement soldiers on the battlefield, to the use of contractors - among others.

Land Warfare since 1860

A Global History of Boots on the Ground

Rowman & Littlefield This book provides a global history of contemporary land warfare. Black argues that although it has always been critical to the outcome of conflicts worldwide, land warfare has become undervalued in comparison to air power in modern military thinking. Ultimately, he contends, there is no substitute for the control provided by boots on the ground.

War in Eleventh-Century Byzantium

Routledge War in Eleventh-Century Byzantium presents new insights and critical approaches to warfare between the Byzantine Empire and its neighbours during the eleventh century. Modern historians have identified the eleventh century as a landmark era in Byzantine history. This was a period of invasions, political tumult, financial crisis and social disruption, but it was also a time of cultural and intellectual innovation and achievement. Despite this, the subject of warfare during this period remains underexplored. Addressing an important gap in the historiography of Byzantium, the volume argues that the eleventh century was a period of important geo-political change, when the Byzantine Empire was attacked on all sides, and its frontiers were breached. This book is valuable reading for scholars and students interested in Byzantium history and military history.

Boots on the Ground

A Grassroots Tale of Neighbors Stepping Up & Into Pete

Buttigieg's Historic Presidential Run

A grassroots tale of what campaigning looked like and felt like from the ground as all eyes turned on Iowa for the first Presidential caucus during particularly contentious season. The lessons we learned from our shared experience can be applied to any cause, large or small. External or internal, really. With fire in our bellies and hope in our hearts, we made the impossible a reality. While pundits and prognosticators opined from on high, the anonymous regular nobodies in the arena rolled up their sleeves and got to work to change the world, bit by bit, neighborhood by neighborhood. This is the story of some of those folks and the strategy used to successfully move a heavy needle towards progress.

Boots on the Ground

The History of Project Delta

CreateSpace Early in the Vietnam conflict the U.S. command structure recognized a need for solid verifiable intelligence about enemy locations, movements and tactics. Much of the enemy's covert activity was occurring in Laos and Cambodia, areas where U.S. presence was not permitted. Project Delta was the first successful unit that evolved to perform long range reconnaissance and other counter insurgency missions deep in enemy territory. Project Delta's operations remained classified until 1996. For the first time, the history of this storied unit has been recorded from volumes of declassified military documents and from hundreds of hours of interviews conducted in 2009. The author is a former member of the U.S. Army's Special Forces and was a recon team leader in Project Delta.

Apollonius of Tyana

Boots and Saddles

Or, Life in Dakota with General Custer

Digital Scanning Inc Boots and Saddles is in reality a bright and sunny sketch of the life of Mrs. Custer's late husband, General George A. Custer, who fell at the battle of Little Big Horn. After the war, General Custer was sent to the Indian frontier. His wife was of the party and she is able to give in minute detail the story of her husband's varied career since she was almost always near the scene of his adventures. She touches on themes little canvassed by the civilian, and makes a volume equally redolent of a loving devotion to an honored husband and attractive as a picture of necessary duty by the soldier. Book jacket.

Late Bloomer

Fantagraphics Books Carol Tyler has been a professional (and highly acclaimed) cartoonist for over 20 years, appearing in such venues as Weirdo, Wimmen's Comix, and Drawn & Quarterly magazine. But over the years her status as a working mother has drastically curtailed her ability to set aside time for her cartooning. Thus each rare new story from her pen has been greeted with hurrahs as well they should be, because she's one of the most skillful, caustic, and emphatic cartoon storytellers of her generation. This new book presents the biggest, richest and most delightful collection of Tyler's work to date featuring many new and previously unpublished works. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 13.9px Arial; color: #424242}

The book also includes a section on becoming an angel investor for when entrepreneurs are ready to pay it forward and an Appendix with a sample pitch deck.

The Seeds of New Earth (the Silent Earth, Book 2)

CreateSpace The Earth is in ruins. Cities and nations destroyed. Mankind is extinct. Brant and Arsha are synthetics, machines made in the image of people. They dream of bringing humans back into the world and have the technology to succeed, but the obstacles in their way are mounting. Not only are their own conflicting ideals creating a rift between them, but now the sinister Marauders are closing in as they seek revenge on Brant. Out in the wasteland, strange lights and mysterious objects in the sky herald the arrival of new factions that seek to control the region. Even in the once quiet streets of their own city, malevolent forces are beginning to unfurl that threaten the sanctity of everything they hold dear, jeopardising the future that is within their grasp. The Silent Earth Series Book 1 - After the Winter: amazon.com/dp/B00P02FBPM

Small Ball

Createspace Independent Publishing Platform September 11th, 2001 was America's wake up call to terrorism. Unfortunately, we hit the snooze alarm. The next wave of terror attacks won't be nation shaking, cataclysmic events. We're ready for that. Instead, they'll be minor, localized nightmares. Mere pinpricks to our country, but catastrophic to the small towns that find themselves in the crosshairs. Worst of all, there's nothing we can do to stop it from happening - or is there? A gritty novel extrapolated from real world events, this fast-paced, riveting thriller will leave you alarmed, angry, and awestruck at America's unpreparedness for the next wave of terror attacks. Some might refer to it as death by a thousand cuts, but the counterterrorism community calls it Small Ball. Small Ball is an indictment of our woefully wrongheaded security infrastructure and a testament to the resilience, resourcefulness, and integrity of the average American. You'll wonder why it hasn't happened already. Perhaps it's happening right now...

Joomla! 4 BASIC TRAINING

Boots on the Ground

Contains comprehensive information about the new JOOMLA! 4 to help you become a successful and efficient website administrator. The book contains 15 powerful Chapters, including 64 Exercises within 375 pages, and guides you, step-by-step, through the various tasks required to create a JOOMLA! 4 website and make it accessible online. The book is full of descriptions, helpful discussions, and precise step-by-step guides to help you create a JOOMLA! 4 website and add content. JOOMLA! 4: BOOTS ON THE GROUND: BASIC TRAINING is the first in a series of topical books called "Boots on the Ground," that will address many different subjects and areas of expertise as applies to administration of a Joomla! 4 website. This book will help you get quickly started as a JOOMLA! 4 administrator and demonstrates how to create categories, articles, menus and content-specific modules, all of which make up a JOOMLA! 4 website. JOOMLA! 4: BOOTS ON THE GROUND: BASIC TRAINING begins with some general information about JOOMLA! and then dives right into the creation of a website hosting location, followed by complete instructions on how to actually install JOOMLA! 4 on two different types of hosting server. Once installed, there a "Fast Track Double Time Start" chapter that will demonstrate the basic functions that deal with creating content. This chapter is intended to quickly introduce you to fundamental tasks that must be performed by the administrator. The book further explains detailed information about categories, articles, modules, menus and templates. Every component included in the default installation is explained as to their function and what role they perform in generating the different types of website content. This book is a perfect resource for the JOOMLA! 4 beginner or novice user that wants to quickly sharpen their skills as an administrator. Written in layman's terms without any technical mumbo-jumbo, there are plenty of practical exercises that guide you through every detail necessary to create content for the website. For more experienced JOOMLA! users, the book will introduce the new methods and techniques needed for administration of websites created in Version 4.

Control your child's fear of the dentist; grab a copy of this coloring book today!

Verses of Recovery

CreateSpace Using recovery and Christian faith-based themes, neurologist and author Daniel C. Potts writes poetry about gratitude and spiritual transformation.

Me and E

A Baseball Odyssey

"Me and E: A Baseball Odyssey is a reflection on parenting a highly skilled, nationally-ranked and difficult baseball prodigy, told through the author's eyes as he witnessed and participated in the successes and failures of his son playing baseball and growing up in Central Florida. It deals with the changing world of competitive youth sports, over-involved parents, fanatical coaches, the hypocrisies inherent in high school athletics, the college recruiting process and how we teach our kids to grow up and become decent human beings - despite ourselves. It involves well-known sports figures as well as local sports icons with traits and characteristics that everyone will recognize. It's a book about flawed parenting, about living vicariously through a gifted child and learning, finally, that being a good father is as much about letting go as it is about being there. Call it Moneyball meets Everything I Know I Learned in Kindergarten.

Coach

A Coach's Notebook
