A Small Furry Hope

Dog Rescue and the Meaning of Life

A&C Black Steven Kotler was forty years old, single, and facing an existential crisis when he met Lila, a woman devoted to animal rescue. "Love me, love my dogs," was her rule, and Steven took it to heart. Spurred to move by a housing crisis in Los Angeles, Steven, Lila - and their eight dogs, then ten, then twenty, and then they lost count - bought a postage-stamp-sized farm in Chimayo, New Mexico. A Small Furry Hope chronicles their adventures at Rancho de Chihuahua, the sanctuary they created for their pack with special needs: the very old, the very sick, and, as Kotler says, "the really retarded." An insider look at the culture of dog rescue, A Small Furry Prayer weaves personal experience, and scientific inquiry into a fast-paced, fun-filled narrative that explores what it means to devote one's life to the furry and the four-legged. Along the way, Kotler combs through every aspect of canine-human relations, from long human history with dogs to brand new research into the neuroscience of canine companionship, in the end discovering why living in a world made of dog may be the best way to uncover the truth about what it really means to be human.

 GRANDMOTHER CHRIS DABOVICH-----FATHER EUSTOLIA DABOVICH-----MOTHER NIKO DABOVICH-----UNCLE
 DANITZA SABOVICH-----AUNT EVA SZMARDICH-----AUNT ZORA VUKASOVICH-----AUNT I am writing this as an
 adult. I will try to recollect some things about each one of my relatives as I remember them as a boy. My Grandfather,
 Savo was a slight man in my youthful eyes. I remember him sitting on his porcjh in the lowest rocking chair I have ever
 seen. He and my Grandmoher lived directly below our house on Chihuahua Hill. He was real old. My Grandfather would
 not rock on that chair. I would go to visit him and he would point to a wooden crate and he would tell me to sit down in
 his native Austrian dialect. He would say, "shedy, shedy" and he would say something to me in Serbian which of course
 I did not understand. He called me "Krsto". that meant Chris I suppose. I would visit my Grandparents maybe once a
 week. He was a very quiet man, who never went anywhere. I went to see him one day and the rocking chair was empty.
 I went home and told my parents that "Yedo" (Grandfather wasn't in his rocking chair. My Mom and Dad looked at each
 other and told me he had died. My eyes welled up with tears and I went to my room to cry. I missed for a long time, but
 I eventually got over it. My Grandmother was a tough, yet gentle Lady. She was on the go all the times. All day and
 night time too. Her name was Christina, but I called her "Baba", (Grandmother). She wore a scarf or some such cloth on
 her head, all year long. She wore dresses down to her ankles and she had long sleeves to cover her arms. All I ever saw
 of her was her face and hands, really. She wasn't on the slight side, yet she wasn't skinny. Whn she made coffee, she
 would save the coffee grounds and mix them in the dirt where she had cabbage planted, as well as onions and
 radishes. When Yeda died, Baba started some kind of chant. It was a slow, dull, haunting chanting sound that she
 chanted as she did her housework, her gardening, even when she was doing nothing in particular. Every Saturday, my
 father would walk with her to the bank to draw money from her bank acct. She did not like to keep money at home;
 thus the weekly trips to the ban. She would draw enough mony for that particular weeks needs only. That was the only
 time she would leave her house. She was a very clean aldy. She would clean the dining table about four or five times a
 day. I never knew why. That's quirkey I suppose. When she died, we were not allowed to go to her services. We were**

too young.

Chihuahua: Training, Grooming, and Dog Care

Hyperink Inc Chihuahuas are one of America's most popular small dogs. Prominently featured in major films like Legally Blonde and Beverly Hills Chihuahua, Chihuahuas are often stereotyped as "girlie dogs." But it's a mistake to assume that their portable size and cute looks means these tiny dogs lack personality. The American Kennel Club describes the breed as "Graceful, alert and swift-moving with a saucy expression, Chihuahuas are highly intelligent and should not be underestimated even though small in size." Chihuahuas have a reputation for feistiness, too.

Mine Eyes Have Seen

Christian Faith Publishing, Inc. She was born in Autauga County, Alabama, on a rainy Tuesday afternoon. At a young age, subjected to a hostile childhood, author K. Roy Winstead would hide in a makeshift wooden tree house. It was there in that pear tree that she would talk and sing to Jesus, trying to make sense of things. Somehow, she believed that Jesus was like an imaginary friend. Only he was real and could hear her. There in that tree house was the beginning of her relationship with God. Follow the author as she takes you on a spiritual adventure through the abounding highs and abasing lows of her life. Beginning from the great and terrible day that she drowned as a little girl, you'll see the impossible turn to possible. From heart wrenching tales of being a pregnant teen rescued by an angel to everything in between. Ranging from a vision dream that conquered thoughts of suicide, miraculous protection from harm when in danger, and answered prayer that found love and sustained it. You'll witness Jesus at work. Taking a final stop, you will taste of delicious mysteries how God can terminate a foreclosure, help you start a business, and even cure cancer. With eager anticipation, you will gaze into the window of an ordinary country girl's life celebrating her victories alongside her. Victories undeniably that could only be orchestrated by the wondrous works of God. While joyfully having your spirits lifted, making you laugh, and bringing hope to your life. It is the author's wish that your imagination will taste of sweet Southern food for the soul consisting of beer, biscuits, and belief. Belief in Jesus!

Love For & From My 4-Legged Son: How an ordinary golden retriever became an extraordinary dog

Silver Sands Books This is the story of the amazing Hunter J. Marcus (my “four-legged son”). Hunter lived for 15 years and three months. He was a golden retriever and the typical lifespan for a "golden" is 10-12 years, so he definitely had high mileage. His death was not sudden, violent nor unexpected—but was nonetheless very sad. I could not be more miserable because of the loss of a human child. I never thought of Hunter as a pet, and certainly not as a possession. He was a housemate, playmate, child, co-conspirator, fellow traveler and—most of all—my best buddy. He soared like an eagle, swam like a porpoise, ate like a shark and often thought like a human. Hunter understood dozens of English words and was very obedient—when he chose to be. Golden retrievers are very smart, and very independent. Hunter always knew exactly what he was supposed to do in any situation, and sometimes he was willing to do what he was supposed to do. We rewarded bad behavior because anything a dog does is cute! This book is a memorial, but it's fun, not morbid.

Apache Voices

Their Stories of Survival as Told to Eve Ball

University of New Mexico Press In the 1940s and 1950s, long before historians fully accepted oral tradition as a source, Eve Ball (1890-1984) was taking down verbatim the accounts of Apache elders who had survived the army's campaigns against them in the last century. These oral histories offer new versions--from Warm Springs, Chiricahua, Mescalero, and Lipan Apache--of events previously known only through descriptions left by non-Indians. A high school and college teacher, Ball moved to Ruidoso, New Mexico, in 1942. Her house on the edge of the Mescalero Apache Reservation was a stopping-off place for Apaches on the dusty walk into town. She quickly realized she was talking to the sons and daughters of Geronimo, Cochise, Victorio, and their warriors. After winning their confidence, Ball would ultimately interview sixty-seven people. Here is the Apache side of the story as told to Eve Ball. Including accounts of Victorio's

sister Lozen, a warrior and medicine woman who was the only unmarried woman allowed to ride with the men, as well as unflattering portrayals of Geronimo's actions while under attack, and Mescalero scorn for the horse thief Billy the Kid, this volume represents a significant new source on Apache history and lifeways. "Sherry Robinson has resurrected Eve Ball's legacy of preserving Apache oral tradition. Her meticulous presentation of Eve's shorthand notes of her interviews with Apaches unearths a wealth of primary source material that Eve never shared with us. "Apache Voices is a must read!"--Louis Kraft, author of Gatewood & Geronimo "Sherry Robinson has painstakingly gathered from Eve Ball's papers many unheard Apache voices, especially those of Apache women. This work is a genuine treasure trove. In the future, no one who writes about the Apaches or the conquest of Apacheria can ignore this collection."--Shirley A. Leckie, author of Angie Debo: Pioneering Historian

The Turquoise Ledge

A Memoir

Penguin A highly original and poetic self-portrait from one of America's most acclaimed writers. Leslie Marmon Silko's new book, her first in ten years, combines memoir with family history and reflections on the creatures and beings that command her attention and inform her vision of the world, taking readers along on her daily walks through the arroyos and ledges of the Sonoran desert in Arizona. Silko weaves tales from her family's past into her observations, using the turquoise stones she finds on the walks to unite the strands of her stories, while the beauty and symbolism of the landscape around her, and of the snakes, birds, dogs, and other animals that share her life and form part of her family, figure prominently in her memories. Strongly influenced by Native American storytelling traditions, The Turquoise Ledge becomes a moving and deeply personal contemplation of the enormous spiritual power of the natural world-of what these creatures and landscapes can communicate to us, and how they are all linked. The book is Silko's first extended work of nonfiction, and its ambitious scope, clear prose, and inventive structure are captivating. The Turquoise Ledge will delight loyal fans and new readers alike, and it marks the return of the unique voice and vision of a gifted storyteller.
