THEY FOUND THE SECRET

TWENTY LIVES THAT REVEAL A TOUCH OF ETERNITY

Zondervan *Explore the lives of twenty Christian figures whose powerful testimonies and lives of service will inspire you to embrace Christ as the secret to abundant living. Written by V. Raymond Edman, who is best remembered as the fourth president of Wheaton College in Illinois and as the writer of many devotional books, They Found the Secret shares the failures, hardships, yearnings, accomplishments, and ultimate hope and faith of twenty well-known and little-known Christians. There are those of yesteryear like John Bunyan, and of more recent years like Richard C. Halverson and William P. Nicholson. There are clergymen like A. J. Gordon, and laymen like Dwight L. Moody. Some are well known, like Charles G. Finney and Oswald Chambers, while others may be little known or even quite forgotten, like J. A. Wood. There are mystics like Andrew Murray and practical men like Charles G. Trumbull and Robert E. Nicholas. There are women as well as men: Frances Ridley Havergal of England, Amy Carmichael of India, and Eugenia Price of contemporary America. The details of each of their experiences are quite different, yet as you listen to their stories and watch their lives, you will see a pattern that reveals their secret: Out of discouragement and defeat they have come into victory. Out of weakness and weariness they have been made strong. Out of ineffectiveness and apparent uselessness they have become efficient and enthusiastic. Their collective testimony to the reality of the joy and power of the Spirit-filled life is unanimous. Their lives and work have shaped the Christian faith and paved the way for those who have come after them. And from their stories, you too can find the path to deeper faith and a more vital relationship with God.*

THE DISCIPLINES OF LIFE

CHOOSING GROWTH IN EVERY CIRCUMSTANCE

Victor Books *How does God mold us into the image of Christ? This insightful book is a collection of meditative and thought-provoking messages that will remind you that every experience presents us with an opportunity to grow more like Him. These challenging and incisive words remind us that as we understand God's purpose for our lives, we will gain a new perspective on the ordinary - and extraordinary - experiences of life. Originally published almost 50 years ago, this book is still a radical voice today-one that calls for radical faith in God and intimacy with Christ. "Dr. Edman had a great influence on both my wife Ruth and me. We thank God for his life, and commend his unique devotional books to you." - Rev. Billy Graham*

V. RAYMOND EDMAN: IN THE PRESENCE OF THE KING

FINNEY LIVES ON

THE MAN, HIS REVIVAL METHODS, AND HIS MESSAGE

Wipf and Stock Publishers *"It is necessary for us as human beings to establish patterns of principles and methods to understand intelligently our social, moral, and spiritual processes for purposes of accurate continuity in all good things. It may have been the divine recognition of this need which provided through Moses 'the pattern of the things in the heavens' (Hebrews 9:23). Providence from time to time, throughout the Christian age, has raised up exemplary men who by their teachings and methods have given to posterity an enlightened process by which a wayward generation may find its way back to God. One of these, and by no means the least, was Charles G. Finney, who embodied in ministry and literature principles and methods which are certain to produce, anywhere, a genuine spiritual revival of Christian zeal and devotion." --From the Foreword*

WESLEYAN-HOLINESS CHURCHES IN AUSTRALIA

HALLELUJAH UNDER THE SOUTHERN CROSS

Routledge *Most Wesleyan-Holiness churches started in the US, developing out of the Methodist roots of the nineteenth-century Holiness Movement. The American origins of the Holiness movement have been charted in some depth, but there is currently little detail on how it developed outside of the US. This book seeks to redress this imbalance by giving a history of North American Wesleyan-Holiness churches in Australia, from their establishment in the years following the Second World War, as well as of The Salvation Army, which has nineteenth-century British origins. It traces the way some of these churches moved from marginalised sects to established denominations, while others remained small and isolated. Looking at The Church of God (Anderson), The Church of God (Cleveland), The Church of the Nazarene, The Salvation Army, and The Wesleyan Methodist Church in Australia, the book argues two main points. Firstly, it shows that rather than being American imperialism at work, these religious expressions were a creative partnership between like-minded evangelical Christians from two modern nations sharing a general cultural similarity and set of religious convictions. Secondly, it demonstrates that it was those churches that showed the most willingness to be theologically flexible, even dialling down some of their Wesleyan distinctiveness, that had the most success. This is the first book to chart the fascinating development of Holiness churches in Australia. As such, it will be of keen interest to scholars of Wesleyans and Methodists, as well as religious history and the sociology of religion more generally.*

CONCERN FOR CHURCH MISSION AND SPIRITUAL GIFTS

ESSAYS ON FAITH AND CULTURE, 1958-1968

Wipf and Stock Publishers *In the 1950s, a conversation among a handful of American graduate students considering the place of Mennonites in the modern world blossomed into a published forum, CONCERN: A Pamphlet Series for Questions of Christian Renewal. The CONCERN writings here consider the global, missional, experiential, contextualized realities of such a "place," past and present. The writings explore the role of culture and context in the church's mission, lived faith, and theological articulation through various avenues of approach: the global church and the ecumenical movement, Christendom's legacy of colonialism and cultural accommodation, critique of rigid and outdated ecclesial structures and forms, the complexities of the unavoidably enculturated nature of faith as proclaimed and lived. Two contemporary responses offer postcolonial critique and development, demonstrating that such topics continue to be of critical concern in today's globally interconnected yet fragmented and divided world.*

CALLED TO BE GOD'S LEADER

HOW GOD PREPARES HIS SERVANTS FOR SPIRITUAL LEADERSHIP

Thomas Nelson Best-selling author and trusted Bible teacher Henry Blackaby, along with his son Richard, President of Canadian Baptist Seminary, demonstrates through the life of Joshua how God prepares those He chooses for spiritual leadership. In *Created to Be God's Friend*, Henry Blackaby explored the life of Abraham, and in *Chosen to Be God's Prophet*, he examined God's work through Samuel. In *Called to Be God's Leader*, now in trade paper, readers will see how God applies leadership principles in the life of the great biblical leader Joshua. What did God have in mind when He saw Joshua as a young slave in Egypt? How did He mold and shape Joshua to prepare him for service? Through Joshua and numerous examples from their own lives, the authors create a picture of God's ways, offering deep insight that readers can apply to their own lives. Purpose, Obedience, Faith, Character, and Influence are among the themes that are included in this book; key truths are emphasized at the end of each chapter.

LET US HIGHLY RESOLVE

PREPARING FAMILIES TO ENTER THE 21ST CENTURY

UNLIMITING GOD

INCREASING YOUR CAPACITY TO EXPERIENCE THE DIVINE

Multnomah People have their limits. Some choose to ignore them. God's power and love have no limits. So why do Christians put limits on their relationship with Him? We could be pursuing greater knowledge, experiencing deeper intimacy, and abiding in freer joy... and yet we routinely settle for mediocrity in our spiritual lives. But if you are ready to explode your self-imposed limits, Dr. Richard Blackaby can guide you through powerful and passionate insights revealed in this new book. By contrasting mediocrity with the spirituality of the great "heroes of the faith," Dr. Blackaby shows you that you need not settle for less than God intends for you. God can do extraordinary things through ordinary people like you...but only when you allow Him to enlarge your spiritual capacity and overcome your self-imposed limits. "I hope this book inspires you to aim for a new level of walking with God. I want you to reach heights in your spiritual life that you never dreamed were possible, to experience God working through your life in a powerful new dimension, to hear words from God that will dramatically change your life and your world. I want to help you blow past any limitations you have set for yourself in your Christian life." —Dr. Richard Blackaby

COURAGEOUS FAITH

MY STORY FROM A LIFE OF OBEDIENCE

Simon and Schuster As trusted pastor Dr. Charles Stanley comes to the later years of his life, he is ready to share his personal story—on a more intimate level than ever before. As he walks us through his ups and downs, he shares how the biblical principles he's taught all his life affected the way he's actually lived. In this new book from Dr. Charles Stanley, he looks his readers in the eye and says, This is how my faith has worked for me at the most challenging times of my life and how it has led me to the victories God had in store for me. As Dr. Stanley looks back over his long life of ministry, he is now ready to share how his personal faith choices directed his every step. He shares how God walked with him through his most difficult days as a pastor when he faced internal conflict in a church he'd led for years. He gently shares painful family issues that brought him to his knees and taught him to look to God for answers when life wasn't simple and trite answers didn't work. Dr. Stanley reminds us that choosing to follow and obey God when life is hard can be both the toughest and best thing we'll ever do. As Dr. Stanley reflects on the biblical teachings that have led him through his difficulties and joys, he always comes back to this principle: Do what God says is right and leave the consequences to Him—no matter what that means.

THE LIGHT IN DARK AGES

EIGHTEEN CENTURIES OF MISSIONS FROM THE GIVING OF THE GREAT COMMISSION TO THE BEGINNING OF MODERN MISSIONS UNDER WILLIAM CAREY

THE KESWICK MOVEMENT

A COMPREHENSIVE GUIDE

Atla Bibliography This volume introduces researchers to the leaders, ideas, and institutions of the Keswick Movement, a strand of holiness teaching that was embraced by many evangelicals who came from the more Calvinistic wing of Protestantism, especially Anglicans, Baptists, Congregationalists, and Presbyterians. The Keswick Movement is the most difficult of the three main holiness traditions to delineate. Unlike the Wesleyan Holiness and Holiness Pentecostal traditions, the Keswick Movement has not gone through a definitive period of careful theological refining and institutional boundary setting.

THE LETTER TO THE ROMANS

A SHORT COMMENTARY

Wm. B. Eerdmans Publishing In the wake of his widely appreciated commentaries on the Gospel of Matthew and the Gospel of John, noted theologian and exegete Frederick Dale Bruner turns his attention to Paul's letter to the Romans. In this concise commentary, he relays his findings on what he calls the "Fifth Gospel" and its central claim that "through the Father's love, Jesus's passion, and the Spirit's application of this passionate love, human beings can have a perfectly right relationship with God—by simple faith in His Christ." As he did in his commentaries on Matthew and John, Bruner engages historical interpreters from the patristic period to the present—including Augustine, Chrysostom, Aquinas, Luther, and Calvin—while also offering his own lucid translation of the text and relevant pastoral applications. The result is a holistic understanding of the book of Romans informed not only by one scholar's lifetime of ministry, teaching, and learning, but also by the full depth and breadth of church tradition.

THE IMMORTAL LIFE OF HENRIETTA LACKS

She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first "immortal" human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb's effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta's family did not learn of her "immortality" until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta's daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn't her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.

CRITIQUE OF BLACK REASON

Duke University Press *In Critique of Black Reason* eminent critic Achille Mbembe offers a capacious genealogy of the category of Blackness—from the Atlantic slave trade to the present—to critically reevaluate history, racism, and the future of humanity. Mbembe teases out the intellectual consequences of the reality that Europe is no longer the world's center of gravity while mapping the relations among colonialism, slavery, and contemporary financial and extractive capital. Tracing the conjunction of Blackness with the biological fiction of race, he theorizes Black reason as the collection of discourses and practices that equated Blackness with the nonhuman in order to uphold forms of oppression. Mbembe powerfully argues that this equation of Blackness with the nonhuman will serve as the template for all new forms of exclusion. With *Critique of Black Reason*, Mbembe offers nothing less than a map of the world as it has been constituted through colonialism and racial thinking while providing the first glimpses of a more just future.

PICTURE WORLD

IMAGE, AESTHETICS, AND VICTORIAN NEW MEDIA

Oxford University Press, USA *The modern media world came into being in the nineteenth century, when machines were harnessed to produce texts and images in unprecedented numbers. In the visual realm, new industrial techniques generated a deluge of affordable pictorial items, mass-printed photographs, posters, cartoons, and illustrations. These alluring objects of the Victorian parlor were miniaturized spectacles that served as portals onto phantasmagoric versions of 'the world.' Although new kinds of pictures transformed everyday life, these ephemeral items have received remarkably little scholarly attention. Picture World shines a welcome new light onto these critically neglected yet fascinating visual objects. They serve as entryways into the nineteenth century's key aesthetic concepts. Each chapter pairs a new type of picture with a foundational keyword in Victorian aesthetics, a familiar term reconceived through the lens of new media. 'Character' appears differently when considered with caricature, in the new comics and cartoons appearing in the mass press in the 1830s; likewise, the book approaches 'realism' through pictorial journalism; 'illustration' via illustrated Bibles; 'sensation' through carte-de-visite portrait photographs; 'the picturesque' by way of stereoscopic views; and 'decadence' through advertising posters. Picture World studies the aesthetic effects of the nineteenth century's media revolution: it uses the relics of a previous era's cultural life to interrogate the Victorian world's most deeply-held values, arriving at insights still relevant in our own media age.*
