PORN ARCHIVES

Duke University Press **While sexually explicit writing and art have been around for millennia, pornography—as an aesthetic, moral, and juridical category—is a modern invention. The contributors to Porn Archives explore how the production and proliferation of pornography has been intertwined with the emergence of the archive as a conceptual and physical site for preserving, cataloguing, and transmitting documents and artifacts. By segregating and regulating access to sexually explicit material, archives have helped constitute pornography as a distinct genre. As a result, porn has become a site for the production of knowledge, as well as the production of pleasure. The essays in this collection address the historically and culturally varied interactions between porn and the archive. Topics range from library policies governing access to sexually explicit material to the growing digital archive of "war porn," or eroticized combat imagery; and from same-sex amputee porn to gay black comic book superhero porn. Together the pieces trace pornography as it crosses borders, transforms technologies, consolidates sexual identities, and challenges notions of what counts as legitimate forms of knowledge. The collection concludes with a valuable resource for scholars: a list of pornography archives held by institutions around the world. Contributors. HOUSEWIVES AT PLAY

ALONE WITH ME

Eros Comix **REACHING NEW HEIGHTS ON SOLO FLIGHTS!!!** Sometimes a busy, mature housewife just needs a little alone time, y'know? Some time to get in touch with herself... to recharge her batteries. Which sometimes means draining a few batteries. And a little baby oil. Or the garden hose. There might be a spatula involved. Possibly a banana. And what's Mom doing with her teenage daughter's class photo? From the kitchen to the laundry room, in the backyard and in the bedroom, and even at the store, these intimate personal moments are captured in loving detail in this gallery of sensuously shaded pencil drawings by Rebecca, who obviously knows a thing or two (or seven hundred) about XXX-rated suburban sexuality.

TWENTY 2

ER Books **Twenty's** innocent young cousin, Sally, has a problem: in a sexually liberated society, she still has inhibitions to lose. In an erotic rollercoaster of a book, positively heaving with orgies, sado-masochistic thrills and ingenious sexual novelty, she achieves her goal to everyone's satisfaction - especially her own! In that strange, twilight world of von Gotha eroticism hovering between extravagant fantasy and cheeky fact, Sally's very physical education is a delightful mix of pleasure and pain, dream and reality.

MAKING COMICS

Drawn and Quarterly **The idiosyncratic curriculum from the Professor of Interdisciplinary Creativity will teach you how to draw and write your story** Hello students, meet Professor Skeletor. Be on time, don't miss class, and turn off your phones. No time for introductions, we start drawing right away. The goal is more rock, less talk, and we communicate only through images. For more than five years the cartoonist Lynda Barry has been an associate professor in the University of Wisconsin-Madison art department and at the Wisconsin Institute for Discovery, teaching students from all majors, both graduate and undergraduate, how to make comics, how to be creative, how to not think. There is no academic lecture in this classroom. Doodling is enthusiastically encouraged. Making Comics is the follow-up to Barry's bestselling Syllabus, and this time she shares all her comics-making exercises. In a new hand-drawn syllabus detailing her creative curriculum, Barry has students drawing themselves as monsters and superheroes, convincing students who think they can't draw that they can, and, most important, encouraging them to understand that a daily journal can be anything so long as it is hand drawn. Barry teaches all students and believes everyone and anyone can be creative. At the core of Making Comics is her certainty that creativity is vital to processing the world around us.

MIDNIGHTMAN

Bruno Gmunder Verlag **Yeah! Midnightman has all the advantages comic hero needs: He's good looking, muscular and has quite a bulge in his pants. By the way: He's never tired of adventures and happens to stumble from one breathtaking story into the next. We don't know why he always has to fight against hunky sex maniacs who evoke greedy, well hung demons with their fully loaded sperm cannons. But honestly: Do we care? The important thing is that IcemanBlue's comics are an awful lot of fun, damned horny and make you want more. What more could we ask?**

MARVILLE

COW & BOY

Andrews McMeel Publishing **With fatherhood looming, I kept seeing that six-year-old version of myself drawing comics in his bedroom, and I thought how crushed he would be to find out that I had given up on our dream. . . . So, three months after my daughter was born, I submitted Cow and Boy." -Mark Leiknes, creator of Cow and Boy** Evocative of a boy and his pet beagle, or a precocious six-year-old and his imaginary pet tiger, Cow and Boy isn't afraid to tackle the complex relationship that exists between a boy and his cow. More Cow and Boy To balance yin, there is yang. To complement day, we have night. There are just some things in life that harmonize with one another and Mark Leiknes's Cow and Boy creation definitely benefits from the paradox of its two central characters, namely one towheaded boy named Billy and his trusty bell-ringing sidekick Cow, who move through life's adventures with a refined balance of curiosity, meaning, pathos, and humor. From inspired games of chess to grassy afternoon talks of reincarnation to lakeside swimming-hole ponderings that make room for a game of charades, Cow and Boy thoughtfully explores a different species of friendship in the funny pages.

ROOM-MATES

Nbm Publishing Company **The characters in this highly erotic graphic novel are more than just room-mates, much more. Readers will be amazed at just how quickly they swap between themselves and they're not afraid to share with others at parties either. Gorgeous full colour artwork with a knack for depicting irresistibly sweet chicas.**

RED ANGEL #1

INTRODUCTION TO RADAR USING PYTHON AND MATLAB

Artech House **This comprehensive resource provides readers with the tools necessary to perform analysis of various waveforms for use in radar systems. It provides information about how to produce synthetic aperture (SAR) images by giving a tomographic formulation and implementation for SAR imaging. Tracking filter fundamentals, and each parameter associated with the filter and how each affects tracking performance are also presented. Various radar cross section measurement techniques are covered, along with waveform selection analysis through the study of the ambiguity function for each particular waveform from simple linear frequency modulation (LFM) waveforms to more complicated coded waveforms. The text includes the Python tool suite, which allows the reader to analyze and predict radar performance for various scenarios and applications. Also provided are MATLAB® scripts corresponding to the Python tools. The software includes a user-friendly graphical user interface (GUI) that provides visualizations of the concepts being covered. Users have full access to both the Python and MATLAB source code to modify for their application. With examples using the tool suite are given at the end of each chapter, this text gives readers a clear understanding of how important target scattering is in areas of target detection, target tracking, pulse integration, and target discrimination.**

A COOKIE FOR SANTA

Sleeping Bear Press **In this clever twist on the Night Before Christmas story, a gingerbread boy cookie is carefully crafted and placed on a plate. He was made special to serve as Santa's nighttime snack, a homemade thank-you for all the presents he will deliver. The cookie wonders if he is brave enough to face up to his holiday duty. But instead of**

spending the evening contemplating his fate, the gingerbread boy finds himself facing two rambunctious puppies experiencing their very first Christmas. Their mischief includes a tug-of-war with presents, leaving a big mess. And it's up to the gingerbread boy to save the day...and Christmas!

MONSTER ROMANCE

Monster Smash In a country where all races of human and creature live together, love is blossoming as people don't worry about each other's quirks or appearances. Among them is a clumsy dullahan who's head over heels about her track star boyfriend, a confused boy who questions how to talk to his mermaid crush, and a cute centaur wondering how to confess to her childhood friend. Everyone seems to be catching the love bug except for Setsuka, an icy oni who usually gives humans the cold shoulder. That changes when a determined, kind classmate named Eiji confesses his love to her, lighting a small spark in her chest. With advice from her monstrous friends and equally lovestruck sister, Setsuka's cold heart might turn red hot soon enough!

MY DOG: THE PARADOX

A LOVABLE DISCOURSE ABOUT MAN'S BEST FRIEND

Andrews McMeel Publishing This eponymous comic became an instant hit when it went live on The Oatmeal.com and was liked on Facebook by 700,000 fans. Now fans will have a keepsake book of this comic to give and to keep. In *My Dog: The Paradox*, Inman discusses the canine penchant for rolling in horse droppings, chasing large animals four times their size, and acting recklessly enthusiastic through the entirety of their impulsive, lovable lives. Hilarious and heartfelt, *My Dog: The Paradox* eloquently illustrates the complicated relationship between man and dog. We will never know why dogs fear hair dryers, or being baited into staring contests with cats, but as Inman explains, perhaps we love dogs so much "because their lives aren't lengthy, logical, or deliberate, but an explosive paradox composed of

fur, teeth, and enthusiasm.”

LOST GIRLS

For more than a century, Alice, Wendy and Dorothy have been our guides through the Wonderland, Neverland and Land of Oz of our childhoods. Now like us, these three lost girls have grown up and are ready to guide us again, this time through the realms of our sexual awakening and fulfilment. Using familiar fairy tales and drawing on the rich heritage of erotica, *Lost Girls* is the rediscovery of the power of ecstatic writing and art in a sublime union that only the medium of comics can achieve. This super-deluxe hardcover edition is for adults only.

RURAL CRIMINOLOGY

Routledge Rural crime is a fast growing area of interest among scholars in criminology. From studies of agricultural crime in Australia, to violence against women in Appalachia America, to poaching in Uganda, to land theft in Brazil -- the criminology community has come to recognize that crime manifests itself in rural localities in ways that both conform to and challenge conventional theory and research. For the first time, *Rural Criminology* brings together contemporary research and conceptual considerations to synthesize rural crime studies from a critical perspective. This book dispels four rural crime myths, challenging conventional criminological theories about crime in general. It also examines both the historical development of rural crime scholarship, recent research and conceptual developments. The third chapter recreates the critical in the rural criminology literature through discussions of three important topics: community characteristics and rural crime, drug use, production and trafficking in the rural context, and agricultural crime. Never before has rural crime been examined comprehensively, using any kind of theoretical approach, whether critical or otherwise. *Rural Criminology* does both, pulling together in one short volume the diverse array of empirical research under the theoretical umbrella of a critical perspective. This book will be of interest to those studying or researching in the fields of rural crime, critical criminology and sociology.

THE POWER OF PLAGUES

John Wiley & Sons **The Power of Plagues** presents a rogues' gallery of epidemic-causing microorganisms placed in the context of world history. Author Irwin W. Sherman introduces the microbes that caused these epidemics and the people who sought (and still seek) to understand how diseases and epidemics are managed. What makes this book especially fascinating are the many threads that Sherman weaves together as he explains how plagues past and present have shaped the outcome of wars and altered the course of medicine, religion, education, feudalism, and science. Cholera gave birth to the field of epidemiology. The bubonic plague epidemic that began in 1346 led to the formation of universities in cities far from the major centers of learning (and hot spots of the Black Death) at that time. And the Anopheles mosquito and malaria aided General George Washington during the American Revolution. Sadly, when microbes have inflicted death and suffering, people have sometimes responded by invoking discrimination, scapegoating, and quarantine, often unfairly, against races or classes of people presumed to be the cause of the epidemic. Pathogens are not the only stars of this book. Many scientists and physicians who toiled to understand, treat, and prevent these plagues are also featured. Sherman tells engaging tales of the development of vaccines, anesthesia, antiseptics, and antibiotics. This arsenal has dramatically reduced the suffering and death caused by infectious diseases, but these plague protectors are imperfect, due to their side effects or attenuation and because microbes almost invariably develop resistance to antimicrobial drugs. **The Power of Plagues** provides a sobering reminder that plagues are not a thing of the past. Along with the persistence of tuberculosis, malaria, river blindness, and AIDS, emerging and reemerging epidemics continue to confound global and national public health efforts. West Nile virus, Lyme disease, and Ebola and Zika viruses are just some of the newest rogues to plague humans. The argument that civilization has been shaped to a significant degree by the power of plagues is compelling, and **The Power of**

Plagues makes the case in an engaging and informative way that will be satisfying to scientists and non-scientists alike.
