Sold on a Monday

A Novel

Sourcebooks, Inc. A NEW YORK TIMES BESTSELLER WITH MORE THAN A MILLION COPIES SOLD—*Sold on a Monday* is the unforgettable book-club phenomenon, inspired by a stunning piece of Depression-era history. "A masterpiece that poignantly echoes universal themes of loss and redemption...both heartfelt and heartbreaking."—Pam Jenoff, New York Times bestselling author of *The Orphan's Tale* 2 CHILDREN FOR SALE. The sign is a last resort. It sits on a farmhouse porch in 1931, but could be found anywhere in an era of breadlines, bank runs and broken dreams. It could have been written by any mother facing impossible choices. For struggling reporter Ellis Reed, the gut-wrenching scene evokes memories of his family's dark past. He snaps a photograph of the children, not meant for publication. But when it leads to his big break, the consequences are more devastating than he ever imagined. Inspired by an actual newspaper photograph that stunned the nation, *Sold on a Monday* has celebrated five months on the New York Times bestsellers list and continues to especially captivate fans of Lisa Wingate's *Before We Were Yours* and Kristin Hannah's *The Four Winds*. Look for the new novel by Kristina Morris, *The Ways We Hide*, a sweeping World War II tale of an illusionist whose recruitment by British intelligence sets her on a perilous, heartrending path, available September 2022.

Reed All about It

Driven to Be a Jayhawk

Ascend Books Of all the wonderful players who have worn the crimson and blue for the University of Kansas basketball program through the years, only one can claim to ge the "winningest" Jayhawk of all—Tyrel Reed. Reed, who concluded his playing career in March 2011, has written a new book that chronicles his time with the Jayhawks—*Reed All About It: Driven to be a Jayhawk*. The book, published by Ascend Books of Overland Park, Kansas, is co-written by former Topeka Capital Journal Sports Columnist Tully Corcoran. Reed was a champion on the court—as part of the Jayhawks' National

Championship in 2008—and in the classroom, as a three-time Academic All-Big 12 First Team member. He was part of more wins than any other player in the storied history of the Kansas program. The son of a coach from Burlington, Kansas, Reed developed into an important leader and "glue guy" for the Jayhawks. He was an excellent outside shooter, sinking 170 three-point field goals in his career, and a clutch free throw shooter, with an .810 success rate. In his book, Reed describes what it was like to play for Coach Bill Self, how the game has changed with "one-and-done" freshmen players, and how he was able to excel academically despite the demands of basketball practice and road trips. Told with heart and good humor, *Reed All About It: Driven to Be a Jayhawk*, is a must-read for any fan of college basketball.

Every Note Played

Simon and Schuster “Unsparing in her depiction of the disease’s harrowing effects, neuroscientist Genova also celebrates humanity.” —People “Sometimes it’s easier to tell truth in fiction...And she tells it with heart and hope.” —NPR “Her juxtaposition of scientific detail with compassionate, heartfelt storytelling is unparalleled.” —Bookreporter “Every Note Played will grip and gut you.” —The Boston Globe From neuroscientist and New York Times bestselling author of *Still Alice* comes a powerful exploration of regret, forgiveness, freedom, and what it means to be alive. An accomplished concert pianist, Richard received standing ovations from audiences all over the world in awe of his rare combination of emotional resonance and flawless technique. Every finger of his hands was a finely calibrated instrument, dancing across the keys and striking each note with exacting precision. That was eight months ago. Richard now has ALS, and his entire right arm is paralyzed. His fingers are impotent, still, devoid of possibility. The loss of his hand feels like a death, a loss of true love, a divorce—his divorce. He knows his left arm will go next. Three years ago, Karina removed their framed wedding picture from the living room wall and hung a mirror there instead. But she still hasn’t moved on. Karina is paralyzed by excuses and fear, stuck in an unfulfilling life as a piano teacher, afraid to pursue the path she abandoned as a young woman, blaming Richard and their failed marriage for all of it. When Richard becomes increasingly paralyzed and is no longer able to live on his own, Karina becomes his reluctant caretaker. As Richard’s muscles, voice, and breath fade, both he and Karina try to reconcile their past before it’s too late. Poignant and powerful, *Every Note Played* is a masterful exploration of redemption and what it means to find peace inside of forgiveness.

Love, Loss, Liberation and Terror Over the Pacific

CaseMate Publishers The true story of the B-25 pilot who “fought a personal aerial war to retrieve his family from Japanese captivity in the Philippines . . . stirring” (Barrett Tillman, author of *Whirlwind: The Air War Against Japan 1942-1945*). Born in the Philippines to an American father and a Filipina mother, George Cooper was one of the few surviving veteran pilots who saw action over such fearsome targets as Rabaul and Wewak. Not just another flag-waving story of air combat, *Jayhawk* describes the war as it really was—a conflict with far-reaching tentacles that gripped and tore at not only the combatants, but also their families, their friends, and the way they lived their lives. Jay Stout examines the story of Cooper’s growing up in gentle and idyllic pre-war Manila and how he grew to be the man he was. Stout reviews Cooper’s journey to the United States and his unlikely entry into the United States Army Air Forces. Trained as a B-25 pilot, Cooper was assigned to the iconic 345th Bomb Group and flew strafing missions that shredded the enemy, but likewise put himself and his comrades in grave danger. A husband and father, Cooper was pulled two ways by the call of duty and his obligation to his wife and daughter. And always on his mind was the family he left behind in the Philippines who were in thrall to the Japanese. “A story of love, honor, service, sacrifice, and endurance, captured in page-turning prose that honors a decorated aviator who was truly a giant among the many from America’s greatest generation.” —Stephen L. Moore, author of *Rain of Steel: Mitscher’s Task Force 58, Ugaki’s Thunder Gods, and the Kamikaze War off Okinawa*

Song of the Jayhawk or, The Squatter Sovereign

Wooden Stake Press Before there were red states and blue states, there was Kansas. A place that divided the nation like never before, or since. A place where mayors were generals and journalists were terrorists. A place where drunken guerrilla armies roamed the prairies, threatening farmers and rigging elections. A haunted place where mysterious beasts led settlers into undiscovered countries. Follow two young families as they they struggle with rattlesnakes, tornadoes, ice-storms, childbirth and morality in a war-torn land. A growing love between them, built over holiday ham and whiskey, is threatened as they are drawn into the territory's cycle of political violence. They must ultimately decide if they are friends or foes, and it isn't long before they all have blood on their hands. This is a story of loyalty and betrayal, courage and despair. Set in the 1850s, the dilemmas faced by the Dugan and Hawkins families are similar to those faced by every generation in a long-divided America. It asks how ordinary people cope with extraordinary times, why they sometimes turn to violence, and more importantly, why they usually do not.

Jayhawk

The VII Corps in the Persian Gulf War

CreateSpace Jayhawk! The VII Corps in the Persian Gulf War is a highly readable account of the involvement of Lt. Gen. Frederick M. Franks's command in Operation DESERT SHIELD/DESERT STORM. The arrival of Jayhawk-the historic nickname for corps having the number seven-with its armor heavy forces gave the coalition the offensive option to drive the Iraqi Army out of Kuwait, but the rapid conclusion of the popularly known 100-Hour War with smart bombs, precision-guided weapons, and efficient electronics fostered what Stephen A. Bourque calls the illusion of a simple, almost push-button, operation with a preordained outcome. Arguing that the endeavor was anything but simple, Bourque tells the full story of the VII Corps from its deployment to Saudi Arabia, through its phases of preparation and its offensive against the Iraqi Army, to finally its return to Europe and the United States, in the process bringing alive the scale and complexities involved in assembling, moving, and controlling men and materiel. Bourque's volume captures valuable combat lessons, especially the singular performance of General Franks and the effectiveness of the U.S. Army's technology, training, leadership, and warfighting doctrine. It is a must-read for all soldiers.

The Jayhawk Fact Or Myth

Jay Hawk!

The VII Corps in the Persian Gulf War

The Persian Gulf War used weaponry based on the microchip, thermal imagery, and the computer. The ground war's rapid conclusion, as well as the paucity of allied casualties, left many Americans with the impression that it was a "Nintendo war" -- won by overwhelming tech. advantage. This study of the U.S. Army's VII Corps in Desert Storm alters these images of easy success. Despite a 6-week air bombardment, the Iraqi Army, esp. its Rep. Guard, fought bravely in the VII Corps sector. In many cases the Iraqis had numerical and equip. advantages. Yet the allies inflicted a decisive defeat on the Iraqi Army because they had well-trained crews led by technically and tactically proficient officers and noncommissioned officers using superior equip.
