COLORS FOR ZENA

*Penguin The magic of mixing colors, in a joyous story by a master colorist Zena's world lacks color, so she sets out to find some. On her walk, she first finds one primary color, then another. But red, blue, and yellow aren't enough—Zena wants more colors! Out pops an orange lion, a green frog, and a purple dragon, a combination of the colors she has seen. Zena and her friends then do some color mixing themselves, creating more colors and a bright painting using them all. Vibrant illustrations and simple text make Monica Wellington's latest a perfect pick for budding young artists and for fans of classics such as *The Color Kittens* and *Mouse Paint*.*

BOOK REPORT TEMPLATES FOR KIDS

The Book Report Journal with templates is an excellent education resource for young children who are beginning to read longer stories and short books. The 25 template pages and 25 note pages help kids organize their summaries with sample questions

to consider in the instructions. Children are encouraged to think about the sequence of events and to describe the highlights of the book or story they've finished reading. There is plenty of space to write each sentence taking into consideration the larger writing size of elementary school aged children. This template journal is a great tool for children who are beginning to learn about paragraph formation. The templates also include a comic strip section for children to draw and give a visual representation of a scene in the story they've read. Parents and educators can use the Book Report Journal as a home schooling resource, to complement a child's studies during the year, and for continued studies during summer and winter breaks. With the Book Report Journal, children can practice organization and express their creativity!

ATOMIC HABITS

AN EASY & PROVEN WAY TO BUILD GOOD HABITS & BREAK BAD ONES

Penguin The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to

daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: • make time for new habits (even when life gets crazy); • overcome a lack of motivation and willpower; • design your environment to make success easier; • get back on track when you fall off course; ...and much more. *Atomic Habits* will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.
