The Comedy of Charlie Chaplin

Artistry in Motion

Scarecrow Press This excursion into the enchanted comic world of Charlie Chaplin will appeal not just to Chaplin fans but to anyone who loves comedy. Dan Kamin brings a unique insider's perspective to the subject. An internationally acclaimed comic performing artist himself, he trained Robert Downey, Jr. for his Oscar-nominated portrayal in Chaplin, and created Johnny Depp's physical comedy scenes in Benny and Joon. The **Comedy of Charlie Chaplin: Artistry in Motion** reveals the inner workings of Chaplin's mesmerizing art as never before. Kamin illuminates the comedian's incredibly sophisticated visual comedy in disarmingly direct prose, providing new insights into how Chaplin achieved his legendary rapport with audiences and demonstrating why comedy created nearly a century ago remains fresh today. He then presents provocative new interpretations of each of the comedian's sound films, showing how Chaplin remained true to his silent comedy roots even as he kept reinventing his art for changing times. The book is lavishly illustrated with many never-before-published images of the comedian.

Belardes: There was money to be made and lives to be crushed in every view he took of this decadent view of L.A. **Two Letters to Francine** by Greg Boose: And while I am licking and humming and nibbling, you will shoot your arms out wide and pull dozens of oranges back over your body and onto my head. Relax Island

In Relax Island, people did only that - relax. All work was carried out by foreigners who flocked to this prosperous land. And the native youth were corrupted by their presence. To mend their ways, a film censor board was set up, consisting of an actress, a tailor, a religious head, an old and pious shop keeper, a sexually starved male teacher and an ex-principal, who was a confirmed spinster. How they react to the erotic scenes and the subsequent personality changes forms the crux of this novel.

Deep Shadows

Harvest House Publishers Shelby Sparks and Max Berkman are hiking above the Colorado Bend River when the night sky is filled with the aurora borealis. A beautiful sight, Shelby realizes that it also signals the end of life as they know it. A major solar flare is the only thing that would cause the aurora to be seen so far south, and such an event would destroy all modern technology--including electricity. What follows is a fight for survival as the town of Abney comes to terms with the fact that they must work together or perish. Can God protect them against nature's destructive force? Will neighboring towns work with them, or try to take what meager resources they have? And what of Shelby's son, Carter? How will she provide him with the insulin he needs to survive? As Deep Shadows stretch across the land, Shelby and Max will be pushed to their limits, where they'll discover if they have the faith and strength to become a part of the Remnant of Christ.
