THE AIRGUN FROM TRIGGER TO TARGET

THE BEST CALIBER WARS

A HISTORY OF SELF-DEFENSE BALLISTICS

Independently Published Guns can be very effective tools, but they are each of limited utility. There is no one weapon that is perfect for every purpose. Private persons may own a number of guns that fulfill a variety of functions. Ballistics is important for soldiers, law enforcement, sportsmen, and anyone who seeks to protect their life, their home, their family, or their workplace. If you are among these, this book is for you. Not surprisingly, gun owners and firearms enthusiasts are often part of a "social gun culture" in which certain facts, trends, and fads circulate and evolve with time, some stirring intense loyalty among shooters even when the realities suggest otherwise. For the average gun user some very popular myths, misconceptions, and miscalculations concerning ballistics and the terminal effects of bullets are strongly held, and it is not the purpose of this discussion to demonstrate why they are or are not true, only to lay out the parameters of the debate so that the readers can make their own judgments with increased confidence. The origin of ballistics is in the study of the flight path of projectiles, but its domain has been expanded in modern times. Among the modern ballistic sciences are areas of interest concerning how ammunition and weapons operate.

THE MEASURE OF MADNESS:

Citadel Press Enter the "fascinating" and frightening world of modern forensic psychology as experienced by one of the most respected practitioners in the field today (Robert K. Tanenbaum, New York Times–bestselling author). At the heart of countless crimes lie the mysteries of the human mind. In this eye-opening book, Dr. Cheryl Paradis draws back the curtain on the fascinating world of forensic psychology, and revisits the most notorious and puzzling cases she has handled in her multifaceted career. Her riveting, sometimes shocking stories reveal the crucial and often surprising role forensic psychology plays in the pursuit of justice—in which the accused may truly believe their own bizarre lies, creating a world that pushes them into committing horrific, violent crimes. Join Dr. Paradis in a stark concrete cell with the indicted as she takes on the daunting task of mapping the suspect's madness or exposing it as fakery. Take a front-row seat in a tense, packed courtroom, where her testimony can determine an individual's fate—or if justice will be truly served. The criminal thought process has never been so intimately revealed—or so darkly compelling—as in this "excellent and entertaining" journey into the darkest corners of the human mind (Booklist).

BY FIRE, BY WATER

Other Press, LLC Recipient of the Independent Publishers Award for Historical Fiction (Gold Medal), the Foreword Book of the Year Award for Historical Fiction (Bronze Medal), and an honorable mention in the category of General Fiction for the Eric Hoffer Award. Luis de Santángel, chancellor to the court and longtime friend of the lusty King Ferdinand, has had enough of the Spanish Inquisition. As the power of Inquisitor General Tomás de Torquemada grows, so does the brutality of the Spanish church and the suspicion and paranoia it inspires. When a dear friend's demise brings the violence close to home, Santángel is enraged and takes retribution into his own hands. But he is from a family of conversos, and his Jewish heritage makes him an easy target. As Santángel witnesses the horrific persecution of his loved ones, he begins slowly to reconnect with the Jewish faith his family left behind. Feeding his curiosity about his past is his growing love for Judith Migdal, a clever and beautiful Jewish woman navigating the mounting tensions in Granada. While he struggles to decide what his reputation is worth and what he can sacrifice, one man offers him a chance he thought he'd lost...the chance to hope for a better world. Christopher Columbus has plans to discover a route to paradise, and only Luis de Santángel can help him. Within the dramatic story lies a subtle, insightful examination of the crisis of faith at the heart of the Spanish Inquisition. Irresolvable conflict rages within the conversos in *By Fire, By Water*, torn between the religion they left behind and the conversion meant to ensure their safety. In this story of love, God, faith, and torture, fifteenth-century Spain comes to dazzling, engrossing life.

THE KAYA GIRL

Little, Brown Books for Young Readers This rags-to-riches story by an award-winning Ghanaian author has page-turning appeal with luminous literary resonance. Writing with effortlessly engaging prose, Wolo showcases the interweaving layers of Ghanaian culture to create a prismatic, multifaceted world in which two young girls, against all odds, are able to find each other. When Faiza, a Muslim

migrant girl from northern Ghana, and Abena, a wealthy doctor's daughter from the south, meet by chance in Accra's largest market, where Faiza works as a porter or kaya girl, they strike up an unlikely and powerful friendship that transcends their social inequities and opens up new worlds to them both. Set against a backdrop of class disparity in Ghana, *The Kaya Girl* has shades of *The Kite Runner* in its unlikely friendship, and of *Slumdog Millionaire* as Faiza's life takes unlikely turns that propel her thrillingly forward. As, over the course of the novel, Abena awakens to the world outside her sheltered, privileged life, the novel explores a multitude of awakenings and the opportunities that lie beyond the breaking down of barriers. This is a gorgeously transporting work, offering vivid insight into two strikingly diverse young lives in Ghana.

AMERICAN PICKERS GUIDE TO PICKING

Hachette Books A true adventure story and the go-to guide for "picking" American treasures from anyone's backyard, straight from the stars of History's American Pickers In these pages, professional treasure hunters Mike Wolfe and Frank Fritz chronicle their road trips across the American countryside in search of "rusty gold" to buy and sell among the picking world's one-of-a-kind characters. Whether you are a fan of the show or just like finding hidden riches, you will love seeing what Wolfe and Fritz dig up and enjoy meeting the devoted collectors, extreme stockpilers, and elite dealers who they encounter along the way. Wolfe and Fritz do not deal in fine antiques. Their secondhand treasures are of the down-and-dirty and sometimes even bizarre variety, from old bicycles and vintage tools, to sun-bleached cars and handmade furniture, retired carnival games and unusual taxidermy. Assisted by Danielle Colby, who helps out at Antique Archaeology, Wolfe and Fritz buy on the cheap and then sell to dealers, art directors, interior designers, or anyone looking for a little bit of authentic Americana. The three now share their secrets to finding hidden gems, offering helpful hints that will show what average Americans can do to find the treasures that await them. From American Pickers Guide to Picking: Junk is Beautiful When we knock on a door, 90 percent of the time the things we find are junk. But we don't care about the odds; a picker never turns down an opportunity, no matter where it is. We've picked pickup trucks. We've picked flat beds. We've picked dumpsters. We even picked a Mercury Sable. We're looking for the unusual, the impossible, the funky, the different, the bizarre-things we have never seen before. And we'll go anywhere we have to go to find it. No location is off-limits to a hard-core picker. And there's plenty of things to be found at antique stores, thrift and consignment shops, flea markets, estate sales, and swap meets, and a lot of the tips in this book apply to finding treasures at these joints. But that's not really the kind of picking we do anymore. We look outside the box to find our junk-a word we use almost like a term of endearment: to us: junk is beautiful.

ENGLISH AS A LINGUA FRANCA AND INTERCULTURAL COMMUNICATION

IMPLICATIONS AND APPLICATIONS IN THE FIELD OF ENGLISH LANGUAGE TEACHING

Peter Lang GmbH, Internationaler Verlag Der Wissenschaften The contributions collected in this book provide a wide range of perspectives on and prospects for the use of English as a lingua franca (ELF), and explore various contexts where ELF is used predominantly: Academic and research settings as well as teacher and general population education, including pronunciation

teaching. The chapters look at ELF data and concerns taking into consideration the areas of phonology, grammar, pragmatics alongside more specific, sociolinguistic ones such as attitudes and identity. The chapters also seek to invoke and provoke further discussion and research on the complex and multifarious forms of the «Englishes» that people are using around the world in their daily encounters in English. Accordingly, most of the studies described in the chapters orient their methodology and discussion to a particular macro- or micro-context of intercultural communication (IC), as the main scope of the exploratory work presented here is not so much the system of ELF, but the pragmatics of communication and its strategies. The specific interest of this volume thus lies in bridging the gap between two distinct areas of scholarship, ELF studies, on the one hand, and IC studies, on the other, and in doing so from a «semiperipheral» European perspective and from a view of ELF as social practice.
