## **ADVANCED AUDIT AND ASSURANCE**

### **UNDERSTANDING THE AUDIT PROFESSION IN PRACTICE**

---

A Corporate collapse typically involves the insolvency or bankruptcy of major business enterprises. A corporate scandal involves alleged or actual unethical behaviour by people acting within or on behalf of a corporation. Many recent corporate collapses and scandals have involved false or inappropriate accounting of some sort. These have resulted into the loss of confidence by Investors in Companies as well as management. To be able to restore the confidence of investors as well as the general public in corporations as well as the Audit Profession, regulatory bodies across the world such as INTERNATIONAL FEDERATION OF ACCOUNTANT (IFAC), ASSOCIATION OF CERTIFIED CHARTERED ACCOUNTANTS (ACCA- UK) and the INSTITUTE OF CHARTERED ACCOUNTANTS - GHANA (ICA-GH) are determined to train Professional Chartered Accountants who will perform their work with professional judgement and scepticism. It is in light of this that this subject ADVANCED AUDIT AND ASSURANCE is critical to the professional accountant. However, the studying and preparation for the examination by most students and the pass rate are continuously poor due the inadequate and inappropriate study materials and lecturers availability. To address this, the Author of this book has spent ample time in research from various world-class lecturers from institutions such as London School of Business and Finance (LSBF), Accounting Practice Centre (A.P.C), among others and from other professional materials on the subject, and has written this book not to add to the already existing books but to bridge the gap between Studying the subject in class, writing the examination and practicing the profession in Corporate Organisations. With this book in your hand, three things can be assured: STUDY, UNDERSTAND & EXCEL. You will become a Professional Chartered Accountant with in-depth knowledge and understanding.
