KEY=TRUE - MADELYNN EWING

Courage to Stand Alone

Good Press The author U.G. Krishnamurti was a speaker and philosopher. This collection of talks from Amsterdam in the early 1980s has some of his best and most startling ideas. This interview transcript discusses these questions: Do you have the guts to question the spiritual journey you've been led to believe is the path to enlightenment? Is enlightenment even real? Where do these questions come from? What do you seek?

The Courage to Stand Alone

Conversations with U. G. Krishnamurti

Smriti Books There is some compelling purity about UG - some way in which he captures a kind of longing that we all seem to have for a genuinely wise human being. No one in the history of the world has had the courage to blast authority the way he has, and yet no one has stared at one's own insignificance as boldly in the eye.

Braving the Wilderness

The Quest for True Belonging and the Courage to Stand Alone

Random House #1 NEW YORK TIMES BESTSELLER • A timely and important book that challenges everything we think we know about cultivating true belonging in our communities, organizations, and culture, from the #1 bestselling author of *Rising Strong*, *Daring Greatly*, and *The Gifts of Imperfection* Look for Brené Brown's new podcast, *Dare to Lead*, as well as her ongoing podcast *Unlocking Us!* **REESE'S BOOK CLUB PICK** "True belonging doesn't require us to change who we are. It requires us to be who we are." Social scientist Brené Brown, PhD, MSW, has sparked a global conversation about the experiences that bring meaning to our lives—experiences of courage, vulnerability, love, belonging, shame, and empathy. In *Braving the Wilderness*, Brown redefines what it means to truly belong in an age of increased polarization. With her trademark mix of research, storytelling, and honesty, Brown will again change the cultural conversation while mapping a clear path to true belonging. Brown argues that we're experiencing a spiritual crisis of disconnection, and introduces four practices of true belonging that challenge everything we believe about ourselves and each other. She writes, "True belonging requires us to believe in and belong to ourselves so fully that we can find sacredness both in being a part of something and in standing alone when necessary. But in a culture that's rife with perfectionism and pleasing, and with the erosion of civility, it's easy to stay quiet, hide in our ideological bunkers, or fit in rather than show up as our true selves and brave the wilderness of uncertainty and criticism. But true belonging is not something we negotiate or accomplish with others; it's a daily practice that demands integrity and authenticity. It's a personal commitment that we carry in our hearts." Brown offers us the clarity and courage we need to find our way back to ourselves and to each other. And that path cuts right through the wilderness. Brown writes, "The wilderness is an untamed, unpredictable place of solitude and searching. It is a place as dangerous as it is breathtaking, a place as sought after as it is feared. But it turns out to be the place of true belonging, and it's the bravest and most sacred place you will ever stand."

The Courage to Stand

Facing Your Fear without Losing Your Soul

B&H Publishing Group DO NOT BE AFRAID We live in a fearful and cowardly time. Some are anxious and withdrawn, seeking to escape the notice of whatever scares them. Others mask their fear with fighting and quarrelsomeness. The root of all of this fear is the fear that we might lose our belonging in whatever tribe in which we seek safety, the fear that we might have to stand alone. The crisis we face is not a crisis of clarity but a crisis of courage. Our problem is not so much a lack of knowledge as a lack of nerve. And yet, Jesus told us that we are to stand with courage. That doesn't mean that we will be fearless, but that we will know how to face our fear and keep walking toward the voice that calls us homeward. Gospel courage is nothing like the bravado of this anxious age. The call to courage is terrifying because the call to courage is a call to be crucified. In *The Courage to Stand*, bestselling and award-winning author Russell Moore calls readers to a Christ-empowered courage by pointing the way to real freedom from fear—the way of the cross. That way means integrity through brokenness, community through loneliness, power through weakness, and a future through irrelevance. On the other side of fear is freedom: the freedom to stand.

Dare to Lead

Brave Work. Tough Conversations. Whole Hearts.

Random House #1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Look for Brené Brown's new podcast, Dare to Lead, as well as her ongoing podcast Unlocking Us! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read Daring Greatly and Rising Strong or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

Compromise, Conformity, & Courage

Drawing on Courage

Risks Worth Taking and Stands Worth Making

Ten Speed Press A practical, illustrated guide to overcoming the challenges of creative work, including where to start, how to give or get feedback, when to change direction, and how to stand up for what matters, from Stanford University's world-renowned d.school. "Ashish Goel's magnificently beautiful book illuminates a powerful new way to think about, discover, and act with your own personal courage."—Dan Roam, international bestselling author of The Back of the Napkin and Draw to Win The everyday moments of creative work can be rife with fear and fraught with risk. Bringing ideas into reality takes courage! In Drawing on Courage, designer, entrepreneur, and d.school teaching fellow Ashish Goel examines what it takes to be courageous. Using comics to illustrate real-world situations with humor and insight, Goel explains the four stages of every courage journey: fear, values, action, and change. And he helps you develop the skills you need to master each stage (even if it scares you), from embracing fear and defining the values that drive you forward to taking action when you're unsure and adapting to the changes that result from your courage. Each chapter features a series of tools designed to develop a mindset of fearlessness: Open the Tap to generate new ideas; develop A Risky Streak to take the all-important first step; or create an Origin Story to remember your purpose. Whether you're launching a side hustle or trying to convince your company to recycle, creativity takes pluck, nerve, and grit. This indispensable guide will help you develop all of those skills and more.

Tigran Aivazian The British Study Edition of the Urantia Papers is based on the standard SRT text, but uses the metric system and adds a critical apparatus of textual variants and study notes.

For the Strength of Youth

The Church of Jesus Christ of Latter-day Saints OUR DEAR YOUNG MEN AND YOUNG WOMEN, we have great confidence in you. You are beloved sons and daughters of God and He is mindful of you. You have come to earth at a time of great opportunities and also of great challenges. The standards in this booklet will help you with the important choices you are making now and will yet make in the future. We promise that as you keep the covenants you have made and these standards, you will be blessed with the companionship of the Holy Ghost, your faith and testimony will grow stronger, and you will enjoy increasing happiness.

EngLits-the Scarlet Letter (pdf)

InterLingua Publishing

Ecological Integrity, Law and Governance

Routledge Ecological integrity is concerned with protecting the planet in a holistic way, while respecting ethics and human rights. Over recent years it has been introduced directly and indirectly in several legal regimes, culminating in international law with the 2016 expanded remit of the International Criminal Court, which now includes "environmental disasters". This book celebrates the 25th anniversary of the Global Ecological Integrity Group (GEIG), which includes more than 250 scholars and independent researchers worldwide, from diverse disciplines, including ecology, biology, philosophy, epidemiology, public health, ecological economics, and international law. It reviews the role of ecological integrity across a number of fields through inter- and trans-disciplinary engagement on matters affecting and governing the sustainability of life for both present and future generations. These include, ethics, environmental disasters, crimes against humanity and environmental health, and how such issues can be subject to sound governance and be incorporated into international law. The book also looks forward to new applications of the concept of ecological integrity, such as crimes that result in the exploitation of natural resources and the illegal dispossession of land.

I Was Hungry

Cultivating Common Ground to End an American Crisis

Brazos Press Hunger is one of the most significant issues in America. One in eight Americans struggles with hunger, and more than thirteen million children live in food insecure homes. As Christians we are called to address the suffering of the hungry and poor: "For I was hungry, and you gave me food . . ." (Matthew 25:35). However, the problems of hunger and poverty are too large and too complex for any one of us to resolve individually. I Was Hungry offers not only an assessment of the current crisis but also a strategy for addressing it. Jeremy Everett, a noted advocate for the hungry and poor, calls Christians to work intentionally across ideological divides to build trust with one another and impoverished communities and effectively end America's hunger crisis. Everett, appointed by US Congress to the National Commission on Hunger, founded and directs the Texas Hunger Initiative, a successful ministry that is helping to eradicate hunger in Texas and around the globe. Everett details the organization's history and tells stories of its work with communities from West Texas to Washington, DC, helping Christians of all political persuasions understand how they can work together to truly make a difference.

Understanding Anxiety, Worry and Fear in Childbearing

A Resource for Midwives and Clinicians

Springer Nature This book informs and enlighten health professionals on how the recognition of fearing women can change their episode of care during childbearing. It gives practical advice on the way women present to services and the challenges that this invokes. This work is the first of its kind aimed at clinicians to deconstruct ideology around childbearing myths and its challenges. The authors review the evidence that exists and how modern maternity systems are responding to fear and shaping healthcare. Whilst some worry and anxiety is expected and indeed considered normal during childbearing, it has been suggested that this has now proliferated to a degree of abnormal for many women. Why is that and how is this panic spread? Media portrayal of birth is suggested as unrealistic material and to show only that which is dramatic and horrific. This has been considered as one factor influencing modern women. Medicalisation, technology and demand upon services is another consequence of providing almost all maternity care in hospitals. Given that the majority of childbearing women are fit and healthy is this another causative factor? By removing women from their homes and families at such a vulnerable time has a serious consequence for how she will experience her greatest leap of faith into motherhood. All of these issues are explored and examined in the book with ideas and practical suggestions of what may be done to change this increasingly common problem. This book is intended at midwives and clinicians working in maternity settings.

Courage and Conviction

Unpretentious Christianity

Liturgical Press Today, many Christians, concerned and challenged by contemporary trends in society and religion, are bewildered and perhaps tempted to leave the Church and manage on their own. Courage and Conviction is addressed to discerning adult Christians who seek something between high theology and pious platitudes. Ranging from consideration of Christian identity, via the challenge of faith-filled living in a world of diversity, to suggestions for mature discipleship today, these reflections—building on Scripture studies, cultural anthropology, and life experience—are offered by way of support, encouragement, and perhaps further enlightenment.

Unleashing the Power of Unconditional Respect

Transforming Law Enforcement and Police Training

CRC Press Every day, police officers face challenges ranging from petty annoyances to the risk of death in the line of duty. Coupled with these difficulties is, in some cases, lack of community respect for the officers despite the dangers these men and women confront while protecting the public. Exploring issues of courage, integrity, leadership, and charact

Just Leadership

Putting Integrity and Justice at the Heart of How You Lead

SPCK 'Read this book, and then rethink everything else.' Danielle Strickland 'A feast of insight and reflection on what just leadership should look like.' The Rt Reverend Dr Jonathan Gibbs 'This book will change the way you lead.' The Rt Reverend Dr Emma Ineson, Bishop of Penrith 'A book that should be on the shelves of every leader today.' The Reverend Will van der Hart From #MeToo scandals to revelations of spiritual abuse atrocities in the Church, we've watched too many leaders let us down. What went wrong for these leaders? And more importantly, how can we get it right? Just Leadership offers advice and guidance to empower leaders everywhere to make a difference and answer the call for a fairer, more transparent, more equal society. Drawing on their combined decades of experience in leadership and safeguarding, Justin Humphreys and Simon Barrington explore what it means for a leader to be just, and provide practical ways improve your leadership skills and create a just and open environment. Across the world, there is a heart cry for justice - but often the fight is too focused on the wider cause, bypassing conversations about individual leaders across our churches, organisations, charities and communities. Just Leadership is for every leader - whether you are in Church or other Christian leadership, business or professional leadership or even a leader within your local community - who wants to build their skills and start leading the way to a better future.

Choosing Courage

The Everyday Guide to Being Brave at Work

Harvard Business Press An inspirational, practical, and research-based guide for standing up and speaking out skillfully at work. Have you ever wanted to disagree with your boss? Speak up about your company's lack of diversity or unequal pay practices? Make a tough decision you knew would be unpopular? We all have opportunities to be courageous at work. But since courage requires risk—to our reputations, our social standing, and, in some cases, our jobs—we often fail to act, which leaves us feeling powerless and regretful for not doing what we know is right. There's a better way to handle these crucial moments—and Choosing Courage provides the moral imperative and research-based tactics to help you become more competently courageous at work. Doing for courage what Angela Duckworth has done for grit and Brene Brown for vulnerability, Jim Detert, the world's foremost expert on workplace courage, explains that courage isn't a character trait that only a few possess; it's a virtue developed through practice. And with the right attitude and approach, you can learn to hone it like any other skill and incorporate it into your everyday life. Full of stories of ordinary people who've acted courageously, Choosing Courage will give you a fresh perspective on the power of voicing your authentic ideas and opinions. Whether you're looking to make a mark, stay true to your values, act with more integrity, or simply grow as a professional, this is the guide you need to achieve greater impact at work.

Out of My Mind

Simon and Schuster Considered by many to be mentally retarded, a brilliant, impatient fifth-grader with cerebral palsy discovers a technological device that will allow her to speak for the first time.

Fed Up

An Insider's Take on Why the Federal Reserve is Bad for America

Penguin A Federal Reserve insider pulls back the curtain on the secretive institution that controls America's economy After correctly predicting the housing crash of 2008 and quitting her high-ranking Wall Street job, Danielle DiMartino Booth was surprised to find herself recruited as an analyst at the Federal Reserve Bank of Dallas, one of the regional centers of our complicated and widely misunderstood Federal Reserve System. She was shocked to discover just how much tunnel vision, arrogance, liberal dogma, and abuse of power drove the core policies of the Fed. DiMartino Booth found a cabal of unelected academics who made decisions without the slightest understanding of the real world, just a slavish devotion to their theoretical models. Over the next nine years, she and her boss, Richard Fisher, tried to speak up about the dangers of Fed policies such as quantitative easing and deeply depressed interest rates. But as she puts it, "In a world rendered unsafe by banks that were too big to fail, we came to understand that the Fed was simply too big to fight." Now DiMartino Booth explains what really happened to our economy after the fateful date of December 8, 2008, when the Federal Open Market Committee approved a grand and unprecedented experiment: lowering interest rates to zero and flooding America with easy money. As she feared, millions of individuals, small businesses, and major corporations made rational choices that didn't line up with the Fed's "wealth effect" models. The result: eight years and counting of a sluggish "recovery" that barely feels like a recovery at all. While easy money has kept Wall Street and the wealthy afloat and thriving, Main Street isn't doing so well. Nearly half of men eighteen to thirty-four live with their parents, the highest level since the end of the Great Depression. Incomes are barely increasing for anyone not in the top ten percent of earners. And for those approaching or already in retirement, extremely low interest rates have caused their savings to stagnate. Millions have been left vulnerable and afraid. Perhaps worst of all, when the next financial crisis arrives, the Fed will have no tools left for managing the panic that ensues. And then what? DiMartino Booth pulls no punches in this exposé of the officials who run the Fed and the toxic culture they created. She blends her firsthand experiences with what she's learned from dozens of high-powered market players, reams of financial data, and Fed documents such as transcripts of FOMC meetings. Whether you've been suspicious of the Fed for decades or barely know anything about it, as DiMartino Booth writes, "Every American must understand this extraordinarily powerful institution and how it affects his or her everyday life, and fight back."

Courage Is Calling

Fortune Favours the Brave

Profile Books An inspiring anthem to the power, promise, and challenges of courage, the first in a series examining the timeless Stoic virtues from #1 New York Times bestselling author Ryan Holiday Fortune favours the bold. All great leaders of history have known this, and were successful because of the risks they dared to take. But today so many of us are paralysed by fear. Drawing on ancient Stoic wisdom and examples across history and around the world, Ryan Holiday shows why courage is so important, and how to cultivate it in our own lives. Courage is not simply physical bravery but also doing the right thing and standing up for what you believe; it's creativity, generosity and perseverance. And it is the only way to live an extraordinary, fulfilled and effective life. Everything in life begins with courage. This book will equip you with the bravery to begin.

Sophie's World

A Novel About the History of Philosophy

Farrar, Straus and Giroux One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

A Handbook for Caring Science

Expanding the Paradigm

Springer Publishing Company A monumental compendium of Caring Science past, present, and future This groundbreaking work is an encyclopedic reference on the full spectrum of Human Caring Science. With contributions from highly accomplished scholars and practitioners from six continents, it spans the evolution of Caring Science from its origins 40 years ago through its ongoing innovation and development and into the future. Comprehensive and in-depth, this resource brings multigenerational perspectives to Caring Science and demonstrates its ethical nursing applications across cross-cultural settings worldwide. The book's broad scope embodies the paradigm's theoretical foundations, guidance from Caring Science educators and researchers, and practice insights from expert clinicians and administrators. It offers strategies to influence meaningful policy change, integrate principles throughout cross-cultural and global settings, and introduces inspiring voices from luminaries in coaching, Caring Science creative arts, spirituality, and self-care. The text clearly demonstrates how theories, frameworks, and paradigms are directly integrated into practice, research, and educational settings. Scholarly narratives and discourses on Caring Science will facilitate understanding of how to transform systems with a caring consciousness and ethically informed action. Chapters, consistently formatted to promote ease of comprehension, include exemplars with reflective questions and references. Key Features: Traces the history of Caring Science and merges it with current and future perspectives Provides a "how-to" guide for understanding the integration of theories, frameworks, and paradigms into practice, research, and education Distills a vision of how to transform systems with a caring consciousness and a commitment to ethically informed action Enables readers to cross-reference Caring Science leaders across specialties Illustrates Caring Science practice through case studies, examples, and discourses Supports hospitals in procuring or maintaining ANCC Magnet certification Identifies research and practice opportunities for readers to integrate Caring Science into their professional milieus

The Red Badge of Courage

Vintage Stephen Crane's immortal masterpiece about the nightmare of war was first published in 1895 and brought its young author immediate international fame. Set during the Civil War, it tells of the brutal disillusionment of a young recruit who had dreamed of the thrill and glory of war, only to find himself fleeing the horror of a battlefield. Shame over his cowardice drives him to seek to redeem himself by being wounded—earning what he calls the "red badge of courage." Praised for its psychological insight and its intense and unprecedented realism in portraying the experience of men under fire, The Red Badge of Courage has been a beloved bestseller for more than a century.

Introduction to Social Work

An Advocacy-Based Profession

SAGE Publications Winner of the 2019 Textbook Excellence Award from the Textbook & Academic Authors Association (TAA) The best-selling Introduction to Social Work takes students to the root of the social work profession by covering its history, practice settings, and career paths within a unique advocacy framework. This advocacy practice and policy model comprised of four components—economic and social justice, a supportive environment, human needs and rights, and political access—provides an effective lens for viewing today's social issues. Throughout the book, an emphasis on advocacy underscores the transformative opportunities and contributions of social work on not just the clinical/client level, but also at organizational, community, national, and international levels. The Second Edition closely aligns with the latest Educational Policy and Accreditation Standards (EPAS) from the Council on Social Work Education (CSWE) and references the 2018 Code of Ethics from the National Association of Social Workers (NASW). Through the authors' inclusion of reflective practice, students will be encouraged to engage in critical thought and contemplate a career in social work. Free Poster: What Can You Do with a Degree in Social Work?

The Phoenix Years

Simon and Schuster By following the stories of nine contemporary Chinese artists, The Phoenix Years shows how China's rise unleashed creativity, thwarted hopes, and sparked tensions between the individual and the state that continue to this day. It relates the heady years of hope and creativity in the 1980s, which ended in the disaster of the Tiananmen Square massacre. Following that tragedy comes China's meteoric economic rise, and the opportunities that emerged alongside the difficult compromises artists and others have to make to be citizens in modern China. Foreign correspondent Madeleine O'Dea has been an eyewitness for over thirty years to the rise of China, the explosion of its contemporary art and cultural scene, and the long, ongoing struggle for free expression. The stories of these artists and their art mirror the history of their country. The Phoenix Years is vital reading for anyone interested in China today.

Nicomachean Ethics

Phoemixx Classics Ebooks Nicomachean Ethics Aristotle - The Nicomachean Ethics is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the Ethics that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's Ethics in his political philosophy as a whole. The Nicomachean Ethics has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

The Scars That Have Shaped Me

How God Meets Us in Suffering

21 surgeries by age 13. Years in the hospital. Verbal and physical bullying from schoolmates. Multiple miscarriages as a young wife. The death of a child. A debilitating progressive disease. Riveting pain. Abandonment. Unwanted divorce... Vaneetha begged God for grace that would deliver her. But God offered something better: his sustaining grace.

What Loss Can Teach Us

A Sacred Pathway to Growth and Healing

Upper Room Books After a significant loss, many people rush to get back a sense of normalcy without allowing themselves time to heal and learn from that loss. Our loving and compassionate God longs to walk with individuals on a transformational journey through loss toward becoming more emotionally and spiritually whole. This book shows readers that God offers an "on ramp" to the process of tending to their pain. What Loss Can Teach Us provides readers with stepping-stones for getting through loss and pain while discovering the lessons they can learn through that process. Including her own story of loss, the author guides us in spiritual practices that helped her heal. While nothing changes its reality, loss can lead to an important juncture where readers will decide if they can trust God to take them through the hard process of growth and healing by allowing themselves to be shaped by the lessons they learn through their recovery. What Loss Can Teach Us can serve as a road map for that transformational journey.

The Overseas Chinese Democracy Movement

Assessing China's Only Open Political Opposition

Edward Elgar Publishing The overseas Chinese democracy movement (OCDM) is one of the world's longest-running and most difficult exile political campaigns. This unique book is a rare and comprehensive account of its trajectory since its beginnings in the early 1980s, examining its shifting operational environment and the diversification of its activities, as well as characterizing its distinctive features in comparison to other exile movements.

The Intentional Father

A Practical Guide to Raise Sons of Courage and Character

Baker Books Self-initiation is killing our young men. Without strong mentors, boys are walking alone into a wilderness of conflicting messages about who they should be as men. It's no wonder that our sons are confused about what the world expects from them and what they should expect of themselves. The Intentional Father is the antidote. This concise book is filled with practical steps to help men raise sons of consequence--young men who know what they believe, know who they are, and will stand up against the negative cultural trends of our day. Jon Tyson lays out a clear path for fathers and sons that includes specific activities, rites of passage, and significant "marking moments" that can be customized to fit any family. It's not enough to hope our sons will become good men. We need them to be good at being men. This book shows how fathers, grandfathers, and other male mentors can lead the way.

Desperately Seeking Asylum

Testimonies of Trauma, Courage, and Love

Rowman & Littlefield Publishers Told through heart-wrenching testimonies, photographs, and artwork of refugees fleeing their homelands, Desperately Seeking Asylum describes firsthand accounts of the harrowing and dangerous journey immigrants are willing to endure knowing that they might not even make it onto US soil. Desperately Seeking Asylum prioritizes the testimonies of refugee families and unaccompanied children who are seeking asylum in the United States from Central America, primarily Guatemala, El Salvador, and Honduras. Their desperate and heart-wrenching stories disclose why they fled their homelands, their experiences along the treacherous overland journey, and the harsh reality of how the United States treats these families and children upon arrival to the United States. It critiques US complicity to the violence they are fleeing and discloses how national leadership shapes US immigration policies and practices, including the blatant documented violations against asylum seekers at the US-Mexico border. Most notably, it offers transparency on US immigration practices at the US-Mexico border which violate existing US and international laws that are intended to protect asylum seekers, including the current official practice of blocking bridges with "turnbacks" to prevent "inadmissibles" from applying for asylum in the United States. It explains protections mandated by US law for unaccompanied children who are in US custody, and discloses violations which keep these children detained excessive lengths of time in substandard for-profit facilities which are overseen by the government and funded by taxpayers. Boursier also deconstructs the complicated asylum process, including examining the credible fear for asylum procedure, showing how technical terms and language are used to justify injustice at the border. Desperately Seeking Asylum offers hope for a new vision with alternative options and practical actions which assist migrants through humanitarian aid on both sides of the border. The witness for compassionate and responsible response by people of conscious becomes an antidote to injustice against asylum seekers. Instead of the current administration manipulating US laws to support its ulterior motives and political agenda, Boursier asks readers to hold US elected officials accountable to the same "Rule of Law" that the United States demands of refugees. Ultimately, Boursier suggests a spectrum of options for practical ways to make the political personal through public witness and civic engagement to transform the broken immigration process for refugees who are desperately seeking asylum.

Democracy and Education

An Introduction to the Philosophy of Education,

John Dewey's Democracy and Education addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, Democracy and Education is regarded as the seminal work on public education by one of the most important scholars of the century.

The Things They Carried

HarperCollins A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

The Essential Guide to Forest School and Nature Pedagogy

Routledge This book is a complete guide to Forest School provision and Nature Pedagogy and it examines the models, methods, worldviews and values that underpin teaching in nature. Cree and Robb show how a robust Nature Pedagogy can support learning, behaviour, and physical and emotional wellbeing, and, importantly, a deeper relationship with the natural world. They offer an overview of what a Forest School programme could look like through the year. *The Essential Guide to Forest School and Nature Pedagogy* provides 'real-life' examples from a variety of contexts, sample session plans and detailed guidance on using language, crafting and working with the natural world. This accessible resource guides readers along the Forest School path, covering topics such as: the history of nature education; our sensory system in nature; Forest School ethos and worldview and playing and crafting in the natural world. Guiding practitioners through planning for a programme, including taking care of a woodland site and preparing all the essential policies and procedures for working with groups and nature, this book is written by dedicated Forest School and nature education experts and is essential reading for settings, schools, youth groups, families and anyone working with children and young people.

Quality Caring in Nursing and Health Systems, Third Edition

Implications for Clinicians, Educators, and Leaders

Springer Publishing Company *Quality Caring in Nursing and Health Systems, Third Edition* delivers a detailed framework of the Quality Caring Model[®], a theory that analyzes the relationships among the self, the community served, patients and families, and the health care team. As the population requiring healthcare increases, so does the room for error and the demand for patient-centered care. The health system, focused on procedures, protocols, technology, and lower costs, continues to inflict unnecessary harms upon already vulnerable patients and their families. Nurses, as the largest group of health care professionals that spend the longest time with patients and families, are in a unique position to advance new relationship-centric approaches to health care. This text focuses on the practical application of the Quality Caring Model, featuring new examples of ways to embed caring into the health care environment. An abundance of practice analyses and reflective exercises reinforce the book's content. Written for nursing students, clinicians, educators, and leaders, this text delves into the intricacies of relational health care. Chapters apply the model to patients and families and provide optimal learning strategies to inform quality-caring competencies. Case studies, interviews, exemplars, relevant lessons, and suggested improvements woven throughout the text push the model further than theory and into practice. **New to the Third Edition:** Updates and clarifies the Quality Caring Model to improve the safety and quality of health systems Examines the continuing quality crisis in health care Demonstrates the model's application in clinical, educational, and leadership practice Includes practice analyses at the end of each chapter Discusses how nurses can work in creative ways to implement caring in their practice as per IOM Future of Nursing Report Provides interviews with practicing nurses reflecting the challenges and strategies needed to implement caring in our technopharmacological system **Key Features:** Examines the evolution of the Quality Caring Model, its key concepts, and the clinical, educational, and leadership implications for application Features interviews with practicing nurses that reflect challenges and successful strategies Includes case studies and practical insights from diverse community and academic health centers Includes learning objectives, boxed calls to action, key summary points and reflective exercises Offers user-friendly visual images and charts Focuses on the challenge of creating value Facilitates Magnet designation
