This book takes the guesswork out of learning an instrument, so you'll be ready to join the band when the time comes! Choose a violin and learn the basics of holding the instrument and playing notes Start reading music with this fast-and-easy introduction to musical notation Improve your musicianship and start to play in groups Explore different music styles and legendary violin composers The violin is a beautiful thing—adding melody everywhere from orchestras to folk and pop tunes. With Violin For Dummies, you can make the music your own, even if you're a total music beginner.

SUPERNOVA

THE KNIGHT, THE PRINCESS AND THE FALLING STAR

Typhoon Media Ltd Supernova: The Knight, The Princess and the Falling Star presents a series of intertwined and unconventional love stories, straight and gay, with a bit of science and spirituality added to the mix. The major characters are young, urban, and technologically highly aware. They are caught up in major forms of contemporary social conflict. The work has been highly acclaimed. The poet Taufiq Ismail has written: "A renewal has taken place in Indonesian literature over the past decade. Supernova is an intelligent, unique and truly exciting exploration of science, spirituality and the nature of love." The literary critic Jacob Soemardjo suggests: "This is an attractive novel by a young writer. It is an intellectual work in the form of a work of pop art, set in the real world. It opposes old values with new ways of understanding, so that readers can see the world in a different way."

THE DECEPTION OF ALLAH VOLUME 1

THE NIGHT OF THE MI'RAJ

Hachette UK When Nouf ash-Shrawi, the sixteen-year-old daughter of a wealthy Saudi dynasty, disappears from her home in Jeddah just days before her arranged marriage, desert guide Nayir is asked to bring her home. But when her battered body is found, Nayir feels compelled to uncover the disturbing truth, travelling away from the endless desert to the vast city of Jeddah, where, most troubling of all, Nayir finds himself having to work closely with Katya Hijazi, a forensic scientist. The further into the investigation he goes, the more Nayir finds himself questioning his loyalties: to his friends, faith and culture.

THE ISLAMIC INVASION

Xulon Press The Islamic Turks were poised to overrun Europe at The Battle of Vienna on September 11/12 of 1683, but were defeated. The Islamic Invasion As Mosques appear across the country people are asking-"What do I need to know about Islam?" Islam- once an obscure Middle Eastern religion- has rapidly grown into the second largest religion in the world. There are now more Muslims than Episcopalians in the United States! What attraction does Islam hold for its followers? What part does it play in shaping the outlook and attitudes of nearly one billion people? Noted author Dr. Robert A. Morey, internationally recognized authority on the origins of the teachings and rituals of Islam- explores the pre-Islamic history of Allah, and the doctrines and customs of Islam reveals Islam's teaching about current issues such as religious freedom and the role of women. The Islamic Invasion will give you the insight you need to understand Islam and the challenge it poses today. Dr. Morey warned the United States and Europe about Islam during the early 1980's long before 9/11. Most books on Islam since 9/11 have used his analysis of the Qur'an or Hadith. Special thanks to Professor Colin Akridge- who is a Vietnam Veteran and black scholar in the field of comparative religions- for his valuable and insightful contributions and working with him for researching and writing the section entitled The Black Muslim Movement in America. FEMINISM AND ISLAMIC FUNDAMENTALISM

THE LIMITS OF POSTMODERN ANALYSIS

Zed Books An accessible introduction to postmodernism, feminist theory and Islamic fundamentalism, this book is a highly controversial intervention into the debate on postmodernism and feminism which looks at what happens when they are jointly employed to illuminate the sexual politics of Islam. The author describes the rise of Islamic fundamentalism and the West's response to it. Postmodernism has exposed the vested interests implicit in racist stereotyped and colonial images of Islam, particularly radical Islam. However, the author argues that regardless of the sophisticated argument of postmodernists and their suspicion of power, as an intellectual and political movement, postmodernism has put itself in service to power and the status quo. She brilliantly demonstrates how this has given

rise to a neo-conservative feminism--or a new feminist orientalism, asking some hard questions of those who denounce the racism of Western feminism but uncritically embrace the Islamic identity of Muslim women.

About The Book: The Engineering Chemistry course for undergraduate students is designed to strengthen the fundamentals of chemistry and then build an interface of theoretical concepts with their industrial/engineering applications. This book is structured keeping in view the objective of the course and is intended as a textbook for first year B.Tech/B.E. students of all engineering disciplines. The book aims to impart in-depth knowledge of the subject and highlight the role of chemistry in the field of engineering. The lucid explanation of the topics will help students understand the fundamental concepts and apply them to design engineering materials and solve problems related to them. An attempt has been made to logically correlate the topic with its application. The extension of fundamentals of electrochemistry to energy storage devices such as commercial batteries and fuel cells is one such example. The layout for a topic is designed after detailed study and analysis of the syllabi of various technical universities. The chapter for each topic begins with clearly defined learning objectives, followed by introduction of subtopics, their precise and adequate explanation supported with ample illustrations and diagrams. Solved examples are given at the end of relevant subtopics to strengthen the concepts. The chapters conclude with a set of review and practice questions.

PHOTOVOLTAIC SOLAR ENERGY

FROM FUNDAMENTALS TO APPLICATIONS

John Wiley & Sons Solar PV is now the third most important renewable energy source, after hydro and wind power, in terms of global installed capacity. Bringing together the expertise of international PV specialists Photovoltaic Solar Energy: From Fundamentals to Applications provides a comprehensive and up-to-date account of existing PV technologies in conjunction with an assessment of technological developments. Key features: Written by leading specialists active in concurrent developments in material sciences, solar cell research and application-driven R&D. Provides a basic knowledge base in light, photons and solar irradiance and basic functional principles of PV. Covers characterization techniques, economics and applications of PV such as silicon, thin-film and hybrid solar cells. Presents a compendium of PV technologies including: crystalline silicon technologies; chalcogenide thin film solar cells; thin-film silicon based PV technologies; organic PV and III-Vs; PV concentrator technologies; space technologies and economics, life-cycle and user aspects of PV technologies. Each chapter presents basic principles and formulas as well as major technological developments in a contemporary context with a look at future developments in this rapidly changing field of science and engineering. Ideal for industrial engineers and scientists beginning careers in PV as well as graduate students undertaking PV research and high-level undergraduate students.

ALLAH, LIBERTY AND LOVE

THE COURAGE TO RECONCILE FAITH AND FREEDOM

Simon and Schuster Irshad Manji's message of moral courage, with stories about contemporary reformers such as Martin Luther King, Jr., Gandhi, and Islam's own Gandhi, inspire and show the way to practicing faith without fear. Irshad addresses all people, Muslim and non-Muslim alike, in this universal message about the importance of independent thought and internal strength, of love, liberty, free speech, and the pursuit of happiness. Allah, Liberty, and Love is about creating choices beyond conforming or leaving the faith, which is what Manji hears from young Muslims who write to her in frustration, whose emails, letters, and conversations are included in this book. Manji writes, "I'll show struggling Muslims how to embrace a third option: reforming ourselves." And she recounts many affecting stories from young people who have contacted her for advice on how to step out of limiting views of Islam and the restrictions they put on life, love, family, and careers.

THE DREAMER

UNDERSTANDING MUHAMMAD AND MUSLIMS

Freedom Bulwark Peace cannot be attained as long as there are ideologies that promote hate. People don't naturally do evil. They do evil when indoctrinated. Good people do evil things when they perceive injustice. Often their perception is imaginary. Masses of people can be manipulated to believe that they are victimized. They then become filled with hate, seek revenge and commit atrocities while considering them-selves righteous and justifying every cruelty. Islam is one such a doctrine. Why are there no freedom of speech and no true democracy in any Islamic country? Why do they abuse and treat their women as objects? Why do all Muslim countries have dismal Human Rights record? Why they riot and murder innocent people over the silliest things? What drives so many of them to terrorism? Why they are constantly at war with everyone, and with each other? To understand Muslims, we must understand their prophet. Islam is Muhammadism. His biographers reported Muhammad used to withdraw to a cave and spend days wrapped in his thoughts. He felt spasms, heard bells ringing and saw ghosts. He thought he had become demon possessed, but his wife reassured him he had become a prophet. Convinced of his superior status, Muhammad was intolerant of those who rejected him, assassinated those who criticized him, raided, looted, and massacred entire populations. He reduced thousands to slavery. He raped, and allowed his men to rape their female captives. All of this, he did with a clear conscience and a sense of entitlement. He was magnanimous to those who admired him, but vengeful towards his detractors. He believed he was the most perfect human creation and that the universe was created because of him. Understanding Muhammad ventures beyond the stories. It unravels the mystique of the most influential, and yet the most enigmatic man in history. Muslims emulate their prophet. Only by understanding him can we know what makes them tick, and predict these most unpredictable people.

I WANT TO DIE BUT I WANT TO EAT TTEOKBOKKI

Red PSYCHIATRIST: So how can I help you? ME: I don't know, I'm - what's the word - depressed? Do I have to go into detail? Baek Sehee is a successful young social media director at a publishing house when she begins seeing a psychiatrist about her - what to call it? - depression? She feels persistently low, anxious, endlessly self-doubting, but also highly judgemental of others. She hides her feelings well at work and with friends; adept at performing the calmness, even ease, her lifestyle demands. The effort is exhausting, overwhelming, and keeps her from forming deep relationships. This can't be normal. But if she's so hopeless, why can she always summon a desire for her favourite street food, the hot, spicy rice cake, tteokbokki? Is this just what life is like? Recording her dialogues with her psychiatrist over a 12-week period, Baek begins to disentangle the feedback loops, knee-jerk reactions and harmful behaviours that keep her locked in a cycle of self-abuse. Part memoir, part self-help book, I Want to Die but I Want to Eat Tteokbokki is a book to keep close and to reach for in times of darkness.

CATATAN PINGGIR 3

KUMPULAN 160 ESAI PENDEK GOENAWAN MOHAMAD YANG PERNAH DIMUAT MAJALAH TEMPO DARI JANUARI 1986 SAMPAI FEBRUARI 1990

Tempo Publishing Buku ini merupakan kumpulan 160 esai pendek Goenawan Mohamad yang pernah dimuat majalah *Tempo* dari Januari 1986 sampai Februari 1990. Diawali dengan esai berjudul "Ding" (4 Januari 1986) sampai yang terakhir "Asongan" (24 Februari 1990). Esai-esai yang dikenal sebagai Catatan Pinggir itu berbicara beragam hal, bahkan hampir semua hal yang dekat dengan peristiwa di masyarakat dalam kurun waktu empat tahun itu: tentang kecemasan, kebebasan, kekuasaan, kemerdekaan, keserakahan, kebahagiaan, demokrasi. Mengenai topik yang disebut terakhir, William Liddle, dalam Kata Pengantar untuk buku ini, mengatakan kiranya jelas bahwa Goenawan sangat menyakini demokrasi sebagai jenis pemerintahan yang terbaik bagi negara kebangsaan Dunia Ketiga seperti Indonesia. Tetapi dia tidak berpretensi seolah-olah demokrasi dengan sendirinya mampu menyelesaikan segala persoalan.... Goenawan Mohamad, kata Liddle, adalah burung langka dalam sangkar intelektual modern Indonesia. Dia menolak tegas pengkotakan Timur-Barat. Dalam sejumlah Catatan Pinggir ini, kata Liddle, dikotomi Timur-Barat beberapa kali ditampik Goenawan.

MAKING SPACE

WOMEN AND THE MAN-MADE ENVIRONMENT

Pluto Press (UK)

MEN IN GROUPS

Routledge When *Men in Groups* was first published in 1969, the *New York Times* daily critic titled his review "The Disturbing Rediscovery of the Obvious." What was so obvious was male bonding, a phrase that entered the language. The links between males in groups Tiger describes extend through many other primate species, through our evolution as hunters/gatherers, and cross-culturally. Male bonding characterizes human groups as varied as the Vatican Council, the *New York Yankees*, the Elks and Masons the secret societies of Sierra Leone and Kenya. The power of Tiger's book is its identification of the powerful links between men and the impact of females and families on essentially male groups. While the world has changed much, the argument of the book and its new introduction by the author suggest that a species-specific pattern of male bonding continues to be part of the human default system. Perhaps one day concrete evidence of its location will emerge from the startling work on the human genome, just as the elaborate and consequential sex differences to which *Men in Groups* drew such pioneering attention have already become part of the common wisdom. Meanwhile, *Men in Groups* remains a measured and responsible but intrepid inspection of a major aspect of human social organization and personal behavior. The book was controversial when it first appeared, and often foolishly and unduly scorned. But it has remained a fundamental contribution to the emerging synthesis between the social and natural sciences.

THE RAINBOW TROOPS

A NOVEL

Sarah Crichton Books Published in Indonesia in 2005, *The Rainbow Troops*, Andrea Hirata's closely autobiographical debut novel, sold more than five million copies, shattering records. Now it promises to captivate audiences around the globe. Ikal is a student at the poorest village school on the Indonesian island of Belitung, where graduating from sixth grade is considered a remarkable achievement. His school is under constant threat of closure. In fact, Ikal and his friends—a group nicknamed the Rainbow Troops—face threats from every angle: skeptical government officials, greedy corporations hardly distinguishable from the colonialism they've replaced, deepening poverty and crumbling infrastructure, and their own low self-confidence. But the students also have hope, which comes in the form of two extraordinary teachers, and Ikal's education in and out of the classroom is an uplifting one. We root for him and his friends as they defy the island's powerful tin mine officials. We meet his first love, the unseen girl who sells chalk from behind a shop screen, whose pretty hands capture Ikal's heart. We cheer for Lintang, the class's barefoot math genius, as he bests the students of the mining corporation's school in an academic challenge. Above all, we gain an intimate acquaintance with the customs and people of the world's largest Muslim society. This is classic storytelling in the spirit of Khaled Hosseini's *The Kite Runner*: an engrossing depiction of a milieu we have never encountered before, bursting with charm and verve.

ISLAM AND DEMOCRACY IN INDONESIA

TOLERANCE WITHOUT LIBERALISM

*Cambridge University Press Indonesia's Islamic organizations sustain the country's thriving civil society, democracy, and reputation for tolerance amid diversity. Yet scholars poorly understand how these organizations envision the accommodation of religious difference. What does tolerance mean to the world's largest Islamic organizations? What are the implications for democracy in Indonesia and the broader Muslim world? Jeremy Menchik argues that answering these questions requires decoupling tolerance from liberalism and investigating the historical and political conditions that engender democratic values. Drawing on archival documents, ethnographic observation, comparative political theory, and an original survey, *Islam and Democracy in Indonesia* demonstrates that Indonesia's Muslim leaders favor a democracy in which individual rights and group-differentiated rights converge within a system of legal pluralism, a vision at odds with American-style secular government but common in Africa, Asia and Eastern Europe.*

BELIEVING WOMEN IN ISLAM

UNREADING PATRIARCHAL INTERPRETATIONS OF THE QUR'AN

*University of Texas Press Does Islam call for the oppression of women? Non-Muslims point to the subjugation of women that occurs in many Muslim countries, especially those that claim to be "Islamic," while many Muslims read the Qur'an in ways that seem to justify sexual oppression, inequality, and patriarchy. Taking a wholly different view, Asma Barlas develops a believer's reading of the Qur'an that demonstrates the radically egalitarian and antipatriarchal nature of its teachings. Beginning with a historical analysis of religious authority and knowledge, Barlas shows how Muslims came to read inequality and patriarchy into the Qur'an to justify existing religious and social structures and demonstrates that the patriarchal meanings ascribed to the Qur'an are a function of who has read it, how, and in what contexts. She goes on to reread the Qur'an's position on a variety of issues in order to argue that its teachings do not support patriarchy. To the contrary, Barlas convincingly asserts that the Qur'an affirms the complete equality of the sexes, thereby offering an opportunity to theorize radical sexual equality from within the framework of its teachings. This new view takes readers into the heart of Islamic teachings on women, gender, and patriarchy, allowing them to understand Islam through its most sacred scripture, rather than through Muslim cultural practices or Western media stereotypes. For this revised edition of *Believing Women in Islam*, Asma Barlas has written two new chapters—"Abraham's Sacrifice in the Qur'an" and "Secular/Feminism and the Qur'an"—as well as a new preface, an extended discussion of the Qur'an's "wife-beating" verse and of men's presumed role as women's guardians, and other updates throughout the book.*

MEN IN CHARGE?

RETHINKING AUTHORITY IN MUSLIM LEGAL TRADITION

Simon and Schuster Both Muslims and non-Muslims see women in most Muslim countries as suffering from social, economic, and political discrimination, treated by law and society as second-class citizens subject to male authority. This discrimination is attributed to Islam and Islamic law, and since the late 19th century there has been a mass of literature tackling this issue. Recently, exciting new feminist research has been challenging gender discrimination and male authority from within Islamic legal tradition: this book presents some important results from that research. The contributors all engage critically with two central juristic concepts; rooted in the Qur'an, they lie at the basis of this discrimination. One refers to a husband's authority over his wife, his financial responsibility toward her, and his superior status and rights. The other is male family members' right and duty of guardianship over female members (e.g., fathers over daughters when entering into marriage contracts) and the privileging of fathers over mothers in guardianship rights over their children. The contributors, brought together by the Musawah global movement for equality and justice in the Muslim family, include Omaima Abou-Bakr, Asma Lamrabet, Ayesha Chaudhry, Sa'diyya Shaikh, Lynn Welchman, Marwa Sharefeldin, Lena Larsen and Amina Wadud.

ON TOLERATION

Yale University Press What kinds of political arrangements enable people from different national, racial, religious, or ethnic groups to live together in peace? In this book one of the most influential political

theorists of our time discusses the politics of toleration. Michael Walzer examines five "regimes of toleration"—from multinational empires to immigrant societies—and describes the strengths and weaknesses of each regime, as well as the varying forms of toleration and exclusion each fosters. Walzer shows how power, class, and gender interact with religion, race, and ethnicity in the different regimes and discusses how toleration works—and how it should work—in multicultural societies like the United States. Walzer offers an eloquent defense of toleration, group differences, and pluralism, moving quickly from theory to practical issues, concrete examples, and hard questions. His concluding argument is focused on the contemporary United States and represents an effort to join and advance the debates about "culture war," the "politics of difference," and the "disuniting of America." Although he takes a grim view of contemporary politics, he is optimistic about the possibility of coexistence: cultural pluralism and a common citizenship can go together, he suggests, in a strong and egalitarian democracy.

GOVERNING WOMEN

WOMEN'S POLITICAL EFFECTIVENESS IN CONTEXTS OF DEMOCRATIZATION AND GOVERNANCE REFORM

Routledge Though the proportion of women in national assemblies still barely scrapes 16% on average, the striking outliers – Rwanda with 49% of its assembly female, Argentina with 35%, Liberia and Chile with new women presidents this year – have raised expectations that there is an upward trend in women's representation from which we may expect big changes in the quality of governance. But getting women into public office is just the first step in the challenge of creating governance and accountability systems that respond to women's needs and protect their rights. Using case studies from around the world, the essays in this volume consider the conditions for effective connections between women in civil society and women in politics, for the evolution of political party platforms responsive to women's interests, for local government arrangements that enable women to engage effectively, and for accountability mechanisms that answer to women. The book's argument is that good governance from a gender perspective requires more than more women in politics. It requires fundamental incentive changes to orient public action and policy to support gender equality.

ABUSIVE ENDINGS

SEPARATION AND DIVORCE VIOLENCE AGAINST WOMEN

Univ of California Press *Abusive Endings* offers a thorough analysis of the social-science literature on one of the most significant threats to the health and well-being of women today—abuse at the hands of their male partners. The authors provide a moving description of why and how men abuse women in myriad ways during and after a separation or divorce. The material is punctuated with the stories and voices of both perpetrators and survivors of abuse, as told to the authors over many years of fieldwork. Written in a highly readable fashion, this book will be a useful resource for researchers, practitioners, activists, and policy makers.

ARCHIVE STYLE

PHOTOGRAPHS AND ILLUSTRATIONS FOR U.S. SURVEYS, 1850-1890

Univ of California Press "Archive Style successfully and beautifully reconciles, or rather intertwines, two viewpoints hitherto considered incompatible—the logic of the archive and the issue of individual style. Robin Kelsey shows, with great historical rigor, how the styles of illustrators Schott, O'Sullivan, and Jones emerged from the very necessities of survey work and from personal resistance to the social and political structures framing such work. Archive Style, visual history at its best, is a landmark study of nineteenth-century American visual and scientific culture."—François Brunet, Professor of American Art and Literature, Université Paris-Diderot-Paris 7, France "In this stunningly original book Robin Kelsey takes a fresh look at nineteenth-century survey prints and photographs. Insisting that the distinctive pictorial style of these pictures emerged in response to particular historical needs, he makes the case for a truly interdisciplinary approach to images. He combines an art historian's attention to artistic innovation with a historian's concern for the larger ambitions of the government surveys, to argue that aesthetic style is the product of both individual talent and larger cultural constraints."—Martha A. Sandweiss, Professor of American Studies and History at Amherst College "Robin Kelsey's Archive Style is by far the most stimulating, imaginative, and far-reaching study of nineteenth-century American visual culture I have come across in recent years. Drawing upon a wealth of research as well as recent advances in critical theory, Kelsey persuasively reconstructs the historical conditions that in large measure determined the production and reception of survey imagery."—Alan Wallach, Professor of Art and Art History and Professor of American Studies, The College of William and Mary

SHALA

Harper Collins Mukund Joshi is fourteen and newly in love. He attends the same private tuitions as his classmate, Shirodkar, just for a glimpse of her, and follows her back home every day. Sadly, she has not a clue that he is pining away for her, because in their society, boys and girls don't interact freely, much less talk about love. When he's not negotiating the tricky alleys of love, Mukund sits around the school field or loafs about town with his close friends, Surya, Chitre and Phawdya, railing against the education system, and debating ideas such as discipline and Bohemianism. Set in a small Maharashtrian town during the Emergency of 1975, *Shala* is a heart-warming, nuanced novel about the adolescent struggles that are as tortuous in real time as they are amusing in retrospect.

Dark, sexual, scatological, violent, and mordantly funny, these fractured fables span city and country, animal and human, myth and politics. Like nothing else, Kurniawan's stories bury themselves in the mind. His characters and insights are at

once hauntingly familiar, peculiar, and twisted.

COUNSELING TO END VIOLENCE AGAINST WOMEN

A SUBVERSIVE MODEL

SAGE Publications Feminist theory has viewed violence against women as being a result of a male-dominated society; however, traditional counselling approaches to helping battered women have neither addressed this view nor encouraged social change. The author of this challenging volume seeks to bridge this gap by incorporating feminist theory with counselling practice. Whalen argues that a counsellor working with an abused woman should not aim merely to empower the client to change a situation that is intolerable for that particular woman: the counsellor should also aim to change the social conditions that foster abuse. The author's model focuses on women collectively seizing power and ending violence against all women.

CLINICAL FORENSIC MEDICINE

Cambridge University Press In many criminal prosecutions, medical evidence plays a vital part in establishing the guilt or innocence of the accused, most notably when serious injury of physical abuse is part of the prosecution's case. This is a complete reference source for the specialty, identifying all the medical, ethical and statutory principles by which the forensic medical practitioner has to be guided.
