## The Queen's Bastard

*Del Rey "Wow. C. E. Murphy is good. Court intrigue in an alternate Elizabethan-era fantasy world: realpolitik with the sex included." -Kate Elliott, author of Crown of Stars In a world where religion has ripped apart the old order, Belinda Primrose is the queen's secret weapon. The unacknowledged daughter of Lorraine, the first queen to sit on the Aulunian throne, Belinda has been trained as a spy since the age of twelve by her father, Lorraine's lover and spymaster. Cunning and alluring, fluent in languages and able to take on any persona, Belinda can infiltrate the glittering courts of Echon where her mother's enemies conspire. She can seduce at will and kill if she must. But Belinda's spying takes a new twist when her witchlight appears. Now Belinda's powers are unlike anything Lorraine could have imagined. They can turn an obedient daughter into a rival who understands that anything can be hers, including the wickedly sensual Javier, whose throne Lorraine both covets and fears. But Javier is also witchbreed, a man whose ability rivals Belinda's own . . . and can be just as dangerous. Amid court intrigue and magic, loyalty and love can lead to more daring passions, as Belinda discovers that power is the ultimate aphrodisiac. "C. E. Murphy vividly reimagines Renaissance Europe as a world both familiar and strange. Filled with intrigue and betrayal, her story is a chess game with six of seven sides, and I look forward to seeing what the next moves are." -Marie Brennan, author of Warrior and Witch From the Trade Paperback edition.*

## Bluegrass Renaissance

### The History and Culture of Central Kentucky, 1792-1852

*University Press of Kentucky* Originally established in 1775 the town of Lexington, Kentucky grew quickly into a national cultural center amongst the rolling green hills of the Bluegrass Region. Nicknamed the "Athens of the West," Lexington and the surrounding area became a leader in higher education, visual arts, architecture, and music, and the center of the horse breeding and racing industries. The national impact of the Bluegrass was further confirmed by prominent Kentucky figures such as Henry Clay and John C. Breckinridge. Bluegrass Renaissance: The History and Culture of Central Kentucky, 1792-1852, chronicles Lexington's development as one of the most important educational and cultural centers in America during the first half of the nineteenth century. Editors Daniel Rowland and James C. Klotter gather leading scholars to examine the successes and failures of Central Kentuckians from statehood to the death of Henry Clay, in an investigation of the area's cultural and economic development and national influence. Bluegrass Renaissance is an interdisciplinary study of the evolution of Lexington's status as antebellum Kentucky's cultural metropolis.

## The Queen's Jubilee and Toronto "called Back" from 1887 to 1847 ...

## English Dramatic Opera, 1661-1706

*Routledge English Dramatic Opera, 1661-1706* is the first comprehensive examination of the distinctively English form known as "dramatic opera", which appeared on the London stage in the mid-1670s and lasted until its displacement by Italian through-composed opera in the first decade of the eighteenth century. Andrew Walkling argues that, while the musical elements of this form are crucial to its definition and history, the origins of the genre lie principally in a tradition of spectacular stagecraft that first manifested itself in England in the mid-1660s as part of a hitherto unidentified dramatic sub-genre, to which Walkling gives the name "spectacle-tragedy". Armed with this new understanding, the book explores a number of historical and interpretive issues, including the physical and rhetorical configurations of performative spectacle, the administrative maneuverings of the two "patent" theatre companies, the construction and deployment of the technologically advanced Dorset Garden Theatre in 1670-71, the critical response to generic, technical, and ideological developments in Restoration drama, and the shifting balance between machine spectacle and song-and-dance entertainment throughout the later decades of the seventeenth century, including in the dramatic operas of Henry Purcell. This study combines the materials and methodologies of music history, theatre history, literary studies, and bibliography to fashion an entirely new approach to the history of spectacular and musical drama on the English Restoration stage. This book serves as a companion to the Routledge publication *Masque and Opera in England, 1656-1688* (2017).

Rock and Rhapsodies

The Music of Queen

*Oxford University Press* "Rock and Rhapsodies is the first book-length musicological study of British rock band Queen. It primarily addresses the material written, recorded, and released between 1973 and 1991. The text provides readers with a nuanced analytical account of the group's songs and illuminates the varied stylistic and historical contexts in which Queen's music was created. The key conceptual basis for the analysis is an idiolect, which refers to the distinct musical style of a single artist. Having documented the key features of Queen's idiolect, the book further explores the nature of specific musical characteristic and uses them to respond to a range of wider analytical and discursive issues as pertaining to style, genre, form, time, voice, and historiography. Rock and Rhapsodies comprises twelve chapters. The introduction documents Queen's place in scholarly literature and unfolds the principal analytical methodology. The following three chapters address the structural details of Queen's idiolect and songs, before analyzing the voices of Queen's singers. The vocal techniques are related to discourses of authenticity and, in the case of Freddie Mercury, the queer voice. The five subsequent chapters identify the changing and myriad stylistic influences on Queen, as well as relate the band to the major rock movements of the 1970s: hard, glam, and progressive. The final chapter explores the replacement singers, Queen in wider popular media, and the influence of the band, since Mercury's death in 1991"--

Queen FAQ

## All That's Left to Know About Britain's Most Eccentric Band

*Rowman & Littlefield* Whether you think you know everything about Queen already or if you're new to the band and want to learn more, Queen FAQ will walk you through every aspect of one of the music industry's strangest, longest, and most successful bands of all time. Queen is the quintessential stadium-filling live act with an impeccable musical pedigree and a penchant for extreme partying; Queen was, and still is, a complete one-off. Discover the journey from long-haired rockers obsessed with mythology to creators of slick chart-toppers, and their unexpected second life after the death of Freddie Mercury in 1991, taking them right up to date with sell-out world tours and an Oscar-winning movie to their name. The story of Queen has been told so many times, but never quite like this: taking an exhaustive approach to every aspect of every band member, this unique book will answer all the questions you've ever wanted to ask about Britain's biggest band. Did Freddie Mercury really sneak Princess Diana into a gay bar? What is Brian May's guitar made of? Why did Roger Taylor get so many royalties for "Bohemian Rhapsody"? And what ever happened to John Deacon? Queen is the band who conquered the US singles charts with "Another One Bites the Dust" and stole the show at Live Aid, but they're also the band that turned their songs into a hit musical and have somehow doubled the length of their career after the death of their lead singer. Frankly, there's no other band like them: this book reveals why.

## Big Book of Cello Songs (Songbook)
