THE MILLIONAIRE FASTLANE

CRACK THE CODE TO WEALTH AND LIVE RICH FOR A LIFETIME

Viperion Publishing Corp **10TH ANNIVERSARY EDITION** Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market,

and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

STRENGTHENING FORENSIC SCIENCE IN THE UNITED STATES

A PATH FORWARD

National Academies Press Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in

the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

I WILL TEACH YOU TO BE RICH

NO GUILT, NO EXCUSES - JUST A 6-WEEK PROGRAMME THAT WORKS

Yellow Kite If you think financial health is beyond your reach, think again. *I Will Teach You To Be Rich* is the modern money classic that has revolutionised the lives of countless people all over the world, teaching them how to effectively manage their finances, demolish their debt, save better and get the most out of their bank accounts, credit cards and investments. Now, Ramit Sethi, who has been described by Forbes as a 'wealth wizard' and by Fortune as 'the new finance guru', is back with a completely revised second edition of *I Will Teach You To Be Rich*, updating it with new tools and insights on money and psychology, along with fantastic stories of how previous readers have used the book to enrich their lives. From crushing your debt and student loans to talking your way out of late fees, to dead simple investment strategies and negotiating that big raise at work, this is the no-guilt, no-excuses, no-BS 6-week programme that will help you get your finances where you want them to be.

RICH DAD, POOR DAD

Lulu Press, Inc Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

ATLAS SHRUGGED

Penguin Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, **Atlas Shrugged** is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's *The Great American Read*. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. **Atlas Shrugged**, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

THE DEEPLY FORMED LIFE

FIVE TRANSFORMATIVE VALUES TO ROOT US IN THE WAY OF JESUS

WaterBrook During our chaotic times, discover five forgotten values that can spark internal growth and help us reconcile our Christian faith with the complexities of race, sexuality, and social justice. **WINNER OF THE CHRISTIANITY TODAY BOOK AWARD** Most believers live in the state of “being a Christian” without ever being deeply formed by Christ. Our pace is too frenetic to be in union with God, and we don't know how to quiet our hearts and minds to be present. Our emotions are unhealthy and compartmentalized. We feel unable to love well or live differently from the rest of the world—to live as people of the good news. New York pastor Rich Villodas says we must restore balance, focus, and meaning for our souls. **The Deeply Formed Life** lays out a fresh vision for spiritual breakthrough following five key values: • **Contemplative Rhythms Value:** slowing down our lives to be with God. • **Racial Justice Value:** examining a multi-layered approach to pursuing racial justice and reconciliation. • **Interior Examination Value:** looking beneath the surface of our lives to live free and love well. • **Sexual Wholeness Value:** exploring how our sexuality connects with our spirituality. • **Missional Presence Value:** living as the presence of Christ in a broken world. **The Deeply Formed Life** is a

roadmap to live in the richly rooted place we all yearn for: a place of communion with God, a place where we find our purpose. Praise for *The Deeply Formed Life* “The Deeply Formed Life is a book for our time. Honest, wise, insightful, funny, and—above all—deep. The way Rich and New Life Fellowship hold emotional health and racial justice together is beyond inspiring. This is spiritual formation for the future of the church.”—John Mark Comer, pastor of teaching and vision at Bridgetown Church and author of *The Ruthless Elimination of Hurry* “I’ve studied the Bible under Pastor Rich’s leadership for close to a decade. The core values he shares in this book serve as guidance, not only for how we should live as Christians in an ever-changing world but also for how we can live a life of purpose—that consistently and enthusiastically points to Jesus.”—Susan Kelechi Watson, actress from the awardwinning television series *This Is Us*

YOU NEED MORE MONEY

WAKE UP AND SOLVE YOUR FINANCIAL PROBLEMS ONCE AND FOR ALL

Penguin **Whoever you are, whatever your financial situation, I'm here to give you a wake-up call, my friend. Twenty-five years ago, I set off on my own with nothing but a folding table and a phone. For years, real success eluded me. I told people I was doing well when I was often on the edge of being broke. Millions of people face the same plight--including my beloved brother-in-law, who died tragically before he could fix his money problems. That was MY wake-up call. I knew I needed more money, but I didn't know how to get it. I only turned things around by getting honest with myself, taking responsibility for my situation, and figuring out some practical solutions. Now I'm going to show you how to do the same. In polite society, we don't like to talk about money. But it's too important to tiptoe around. In these pages, you and I are going to cut the BS and get real. For starters, I'll help you understand . . .**

- How the money has moved. Stop making decisions based on advice that worked decades ago, but no longer.
- The dangers of living in a "False Positive." It's easy to tell ourselves that we have enough-- until we're hit with medical bills, aging parents, tuition, or early retirement.
- The cheap comfort of the blamer mind-set: It might feel good to blame the government, the economy, or your boss for your troubles, but it won't change anything. Do you want an excuse, or do you want more money?
- The power of "Lifestyle by Design." Visualize your long-term goal and work backward to figure out how to get there.
- The trade-offs of being an employer or employee. You can get rich by starting a business or by rising to the top of an existing organization. Let's figure out what's right for you. It's going to take grit and guts, but if you follow my road map, you'll start accumulating real wealth, the kind that lets you live the life of your dreams and lasts for generations to come.

NICOMACHEAN ETHICS

Phoemixx Classics Ebooks **Nicomachean Ethics Aristotle - The Nicomachean Ethics is one of Aristotle's most widely read and influential works. Ideas central to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found their most powerful proponent in the person medieval scholars simply called "the Philosopher."** Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the Ethics that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide copious notes and a glossary providing context and further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments of the work and the seminal place of Aristotle's Ethics in his political philosophy as a whole. The Nicomachean Ethics has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

FABLES OF FORTUNE

Greenleaf Book Group **Imagine private jets ready for an afternoon flight to New York City for a transcontinental shopping trip . . . luxury yachts circling the globe awaiting their owner's arrival . . . fully staffed but rarely visited vacation homes throughout the world. The rich live trouble free lives of graceful ease. Or do they? In Fables of Fortune, author Richard Watts pulls back the brocade curtain to reveal the precarious path of wanting more. As the advisor to the super rich, Watts reflects on the reality of wealth and a difficult and heartbreaking lesson: "The wealthiest person is not who has the most, but who needs the least."** The successes and failures of life inspire the heartbeat of passion and self-actualization. Watts will challenge readers to reconsider key life questions of personal value and discover surprising new answers. Fables of Fortune reveals an honest, comparative, eye-opening analysis for any reader who believes wealth is a rose without thorns. Read on and gain perspective and appreciation for your own real fortune in life.

ALL ABOUT LOVE

NEW VISIONS

HarperCollins A New York Times bestseller and enduring classic, **All About Love** is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. **All About Love** reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in **All About Love**. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the "100 Visionaries Who Can Change Your Life." **All About Love** is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

DEMOCRACY AND EDUCATION

AN INTRODUCTION TO THE PHILOSOPHY OF EDUCATION,

John Dewey's *Democracy and Education* addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, *Democracy and Education* is regarded as the seminal work on public education by one of the most important scholars of the century.

THE FOUNDER'S DILEMMAS

ANTICIPATING AND AVOIDING THE PITFALLS THAT CAN SINK A STARTUP

Princeton University Press *The Founder's Dilemmas* examines how early decisions by entrepreneurs can make or break a startup and its team. Drawing on a decade of research, including quantitative data on almost ten thousand founders as well as inside stories of founders like Evan Williams of Twitter and Tim Westergren of Pandora, Noam Wasserman reveals the common pitfalls founders face and how to avoid them.

GODLESS AND A GOOD LIFE

THINKING THE UNTHINKABLE

Createspace Independent Pub *Writers* know how a book can take on a new direction, a life of its own as s/he gets deeply into it. *GODLESS* has done this many times since I began it in 1987. I explain some of these changes within, but I want to share where I am in my atheism. Cynthia Sue Larson and Patricia Zerman "got it" when they read the book. I am no longer defensive about atheism as I realized how deeply rooted it is in my emotional life and my limbic brain. I no

longer have to be offensive about it and my responses to attacks on the radio resulted in me being identified as “atheist lite.” I don't think they meant I was a lightweight thinker (some may disagree), but that I was refreshingly honest, funny, and fair. Further, I didn't attack others' religious beliefs, but only explained why I felt my beliefs were based on many powerful emotional experiences and then later came my intellectual defenses or (to me) logical, rational explanations of my beliefs. I have observed that this is what everyone does. We are not basically logical, rational beings, but are ruled more by what we “feel” in our bodies. From childish arguments that sound like this - “You're stupid!” - “No, You're stupid” - which continues with no additional changes until one gives up - to arguments between loved ones and the devastating “discussions” between representatives of nations or political or religious leaders that are emotionally based so NO compromises are possible. I love my wife, children, and grandchildren more than anyone or anything. Yet, they are all believers in God and some religion. At times, it has left me somewhat lonely as I have tread lightly on what I felt were the fallacies in their thinking and beliefs. I knew their beliefs were based on their need for some security, some protection from life's uncertainties, its unavoidable pains and lack of justice. What kind of husband and father would I be if I tried to take what religion was giving them and replace it with GOD lessness? I finally found what I now believe is a compromise that they and I can live with. This, the latest incarnation of this book, is an explanation of why, one atheist, emotionally believes what he does. Instead of attacking religion and religious believers like most of the recent popular atheist writers have done (and I respect and applaud them as they have awakened the world to another way of looking at reality) I have tried to take you on a journey through my mind and my emotional experiences. My book GOD-INTOXICATED: Becoming Paranoid (2007) much more deeply delves into my specific experiences and you can take whatever I offer - or not. My hope (faith) is that it will help you become a person that can live life that meets all your needs to become the most honest, less fearful, and completely human being that can allow, even encourage all others to live their lives as freely and fearlessly. I wrote in CAREGIVING: The ANSWERS ARE...(2012) that LOVE is the ultimate answer. The same is true for a life worth living. I think you'll be surprised that an atheist can help you live a loving, purposeful life. Read how Thinking the UNthinkable is seeing endless possibilities based on MUTUAL RESPECT and openness to others' experience of OUR world.

CÓMO AYUDAR A SU HIJO DURANTE LOS PRIMEROS AÑOS DE LA ADOLESCENCIA

POLITICS

Graphic Arts Books Similar to Nicomachean Ethics, Aristotle explores another facet of good living by outlining the best

governing practices that benefit the majority, and not the minority. In *The Politics*, he defines various institutions and how they should operate within an established system. *The Politics* provides an analysis of contemporary government as it relates to all people. Aristotle discusses the positive and negative qualities of authority and how they affect civilian life. In eight books, he details the tenets of the political community, including justice, the economy and household management. He recounts the actions of previous administrations, highlighting the differences between a democracy and oligarchy. He also examines the purpose of constitutions and how they can better serve the state. By studying the past, politicians can navigate and overcome challenges that toppled previous regimes. *The Politics* contains a strategic framework that can be used in a modern-day context. It offers a comprehensive look at the people and processes expected to maintain law, order and prosperity. With an eye-catching new cover, and professionally typeset manuscript, this edition of *The Politics* is both modern and readable.
