The Leopard Pantheon *Facing up to the social changes in nineteenth century Italy, an elderly aristocrat arranges a marriage between his daughter and a wealthy merchant* **The Silent Duchess** **The Feminist Press at CUNY** *Finalist for the International Man Booker Prize, winner of the Premio Campiello, short-listed for the Independent Foreign Fiction Award upon its first English-language publication in the UK, and published to critical acclaim in fourteen languages, this mesmerizing historical novel by one of Italys premier women writers is available in the United States for the first time.* *The Silent Duchess is the story of Marianna Udra, the victim of a mysterious childhood trauma that has left her deaf and mute, trapped in a world of silence. In luminous language that conveys both the keen visual sight and the deep human insight possessed by her remarkable main character, Dacia Maraini captures the splendor and the corruption of Marianna's world and the strength of her unbreakable spirit.* **Sicilian Uncles** *The four novellas in this text show illusions being lost and ideas betrayed amid war and revolution. Each one has its own historical moment: the Allied invasion of Sicily, the Spanish Civil War, the death of Stalin and the revolution of 1848.* **Giovanni Battista Guccia Pioneer of International Cooperation in Mathematics Springer** *This book examines the life and work of mathematician Giovanni Battista Guccia, founder of the Circolo Matematico di Palermo and its renowned journal, the Rendiconti del Circolo matematico di Palermo. The authors describe how Guccia, an Italian geometer, was able to establish a mathematical society in Sicily in the late nineteenth century, which by 1914 would grow to become the largest and most international in the world, with one of the most influential journals of the time. The book*

highlights the challenges faced by Guccia in creating an international society in isolated Palermo, and places Guccia's activities in the wider European context through comparisons with the formation of the London Mathematical Society and the creation of Mittag-Leffler's *Acta Mathematica* in Stockholm. Based on extensive searches in European archives, this scholarly work follows both historical and scientific trends, and will appeal to those interested in the history of mathematics and science in general. **Arts & Humanities Citation Index** A multidisciplinary index covering the journal literature of the arts and humanities. It fully covers 1,144 of the world's leading arts and humanities journals, and it indexes individually selected, relevant items from over 6,800 major science and social science journals. **The Siren and Selected Writings Harvill Secker** Although best known as author of a singular masterpiece, "The Leopard", the Prince of Lampedusa left a rich and varied oeuvre that repays a careful reading. This title collects some of the best and most representative of his works. **Towards a Unified Italy Historical, Cultural, and Literary Perspectives on the Southern Question Springer** Since unification in 1860, Italy has remained bitterly divided between the rich North and the underdeveloped South. This book examines the historical, literary, and cultural contexts that have informed and inflamed the debate on the Southern Question for over a century. It brings together analysis of cinema, literature, and newspaper archives to reconsider the myths and stereotypes that both Northerners and Southerners deploy in their narratives. Salvatore DiMaria offers a masterful assessment of the entangled issues that have produced the South's image as impoverished and backwards, such as organized crime, illiteracy, and mass emigration. Documenting the state's largely failed efforts to bring the South into its socio-economic fold, DiMaria also points to the future, arguing that the European Union and globalization are transformative forces that may finally produce a unified Italy. **Mafia Movies A Reader, Second Edition University of Toronto Press** The mafia has always fascinated filmmakers and television producers. Al Capone, Salvatore Giuliano, Lucky Luciano, Ciro Di Marzio, Roberto Saviano, Don Vito and Michael Corleone, and Tony Soprano are some of the historical and fictional figures that contribute to the myth of the Italian and Italian-American mafias perpetuated onscreen. This collection looks at mafia movies and television over time and across cultures, from the early classics to the Godfather trilogy and contemporary Italian films and television series. The only comprehensive collection of its type, *Mafia Movies* treats over fifty films and TV shows created since 1906, while introducing Italian and Italian-American mafia history and culture. The second edition includes new original essays on essential films and TV shows that have emerged since the publication of the first edition, such as *Boardwalk Empire* and *Mob Wives*, as well as a new roundtable section on Italy's "other" mafias in film and television, written as a collaborative essay by more than ten scholars. The edition also introduces a new section called "Double Takes" that elaborates on some of the most popular mafia films and TV shows (e.g. *The Godfather* and *The Sopranos*) organized around themes such as adaptation, gender and politics, urban spaces, and performance and stardom. **Clash of Civilizations Over an Elevator in Piazza Vittorio A Novel Europa Editions** The immigrant tenants of a building in Rome offer skewed accounts of a murder in this prize-winning satire by the Algerian-born Italian author (Publishers Weekly). *Piazza Vittorio* is home to a polyglot community of

immigrants who have come to Rome from all over the world. But when a tenant is murdered in the building's elevator, the delicate balance is thrown into disarray. As each of the victim's neighbors is questioned by the police, readers are offered an all-access pass into the most colorful neighborhood in contemporary Rome. With language as colorful as the neighborhood it describes, each character takes his or her turn "giving evidence." Their various stories reveal much about the drama of racial identity and the anxieties of a life spent on society's margins, but also bring to life the hilarious imbroglios of this melting pot Italian culture. "Their frequently wild testimony teases out intriguing psychological and social insight alongside a playful whodunit plot." —Publishers Weekly

Purgatorio Places of My Infancy A Memory New Directions Publishing Corporation From the author of the classic *The Leopard*, an intimate look at an Italian childhood. **Challenging the Mafia Mystique Cosa Nostra from Legitimation to Denunciation Springer** *The Sicilian Mafia, or Cosa Nostra*, is one of the most intriguing criminal phenomena in the world. It is an unparalleled organised criminal grouping that over almost two centuries has been able not only to successfully permeate licit and illicit economy, politics and civil society, but also to influence and exercise authoritative power over both the underworld and the upper-world. This criminal phenomenon has been a captivating conundrum for scholars of different disciplines who have tried to explain with various paradigms the reasons behind the emergence and consolidation of the mafia. *Challenging the Mafia Mystique* provides an analysis of the changes the Sicilian mafia has undergone, from legitimisation to denunciation. Rino Coluccello highlights how, from the very emergence of the organised criminal groups in Sicily, a culture existed that was protective and tolerant of the mafia. He argues that the various conceptualisations of the mafia that dominated the public and scientific debate in the nineteenth and more than half of the twentieth century created a mystique, which legitimised the mafia and contributed to their success. This book will be of great interest to scholars and students of organised crime, Italian politics and Italian literature. **Little Novels of Sicily Steerforth** First Published in a single volume in 1883, the stories collected in *Little Novels of Sicily* are drawn from the Sicily of Giovanni Verga's childhood, reported at the time to be the poorest place in Europe. Verga's style is swift, sure, and implacable; he plunges into his stories almost in midbreath, and tells them with a stark economy of words. There's something dark and tightly coiled at the heart of each story, an ironic, bitter resolution that is belied by the deceptive simplicity of Verga's prose, and Verga strikes just when the reader's not expecting it. Translator D. H. Lawrence surely found echoes of his own upbringing in Verga's sketches of Sicilian life: the class struggle between property owners and tenants, the relationship between men and the land, and the unsentimental, sometimes startlingly lyric evocation of the landscape. Just as Lawrence veers between loving and despising the industrial North and its people, so too Verga shifts between affection for and ironic detachment from the superstitious, uneducated, downtrodden working poor of Sicily. If Verga reserves pity for anyone or anything, it is the children and the animals, but he doesn't spare them. In his experience, it is the innocents who suffer first and last and always. **The Garden of the Finzi-Continis Letters from London and Europe Alma Books** *The Leopard*, published posthumously in 1958, was one of the most important works of fiction to appear in the

Italian language in the twentieth century. Between 1925 and 1930, its author, Giuseppe Tomasi di Lampedusa, wrote a number of letters to his cousins Casimiro and Lucio Piccolo in which he describes his travels around Europe (London, Paris, Zurich, Berlin). The letters, here published in English for the first time, display much of Lampedusa's distinctive style present in his later work: not only the razor-sharp introspection, but also a wicked sense of humour, playful in its description of the *comédie humaine*. **The Young Bride Europa Editions UK** *The Young Bride* is a scintillating and sensual novel about a young woman's ingress into a fantastically strange family. The hand of the young woman in question has been promised to the scion of a noble family. She is to make her preparations for marriage at the family's villa, where the inhabitants never seem to sleep. The atmosphere turns surreal as the days pass and her presence on the family estate begins to make itself felt on her future in-laws. Internationally bestselling novelist Alessandro Baricco portrays a cast of mysterious characters whose lives and every act seem to exist beyond the rules of causation as he tells a story about fate and the difficult job of confronting the Other and creating an Us. **Mafia & Mafiosi Origin, Power, and Myth NYU Press** Henner Hess's classic work, first published almost a quarter century ago, gives a detailed picture of the typical career of mafiosi. Hess describes a distinct subculture whose behavioral patterns have been largely determined by the specific political, economic, and social history of Sicily, a society characterized by a weak state and organized on the basis of self-help. This subculture was and is the breeding ground for the strong-arm man "mafioso" or "uomo d'onore," man of honor, as he is called in Sicily, the proud, taciturn, independent man who believes in the use of violence to achieve personal goals. As a rule, the men come from poor families and rise through violent crime, shrewd diplomacy and the building of a "family" of followers to a respected position of power and wealth. Most important are the mafioso's reciprocal arrangements with politicians and government officials whom he supports in the elections and who protect him from law enforcement. Mafia, popularly conceived as a strictly centralized secret society, is instead proven to be a system of independent families which might on many occasions cooperate, but just as easily be driven to bloody feud. Only in the last decade have there been a number of so-called "pentiti," crown witnesses who cooperate with the criminal justice system. Using their testimonies, an extensive afterword brings the book up to date. **Montalbano's First Case and Other Stories Penguin** "You either love Andrea Camilleri or you haven't read him yet. Each novel in this wholly addictive, entirely magical series, set in Sicily and starring a detective unlike any other in crime fiction, blasts the brain like a shot of pure oxygen. Aglow with local color, packed with flint-dry wit, as fresh and clean as Mediterranean seafood — altogether transporting. Long live Camilleri, and long live Montalbano." A.J. Finn, #1 New York Times bestselling author of *The Woman in the Window* Twenty-one short stories spanning the beloved Inspector Montalbano's career Inspector Montalbano has charmed readers in nineteen popular novels, and now in *Montalbano's First Case and Other Stories*, Andrea Camilleri has selected twenty-one short stories, written with his trademark wit and humor, that follow Italy's famous detective through highlight cases of his career. From the title story, featuring a young deputy Montalbano newly assigned to Vigàta, to "Montalbano Says No," in which the inspector makes a late-night call to Camilleri himself to refuse an outlandish case, this

collection is an essential addition to any Inspector Montalbano fan's bookshelf and a wonderful way to introduce readers to the internationally bestselling series. **Daughter of the Deep Penguin UK** From the bestselling author of PERCY JACKSON, Rick Riordan. While the mythology of the mafia has been widely celebrated in American culture, the true origins of its rituals, laws, and methods have never actually been revealed. John Dickie uses startling new research to expose the secrets of the Sicilian mafia, providing a fascinating account that is more violent, frightening, and darkly comic than anything conceived in popular movies and novels. How did the Sicilian mafia begin? How did it achieve its powerful grip in Italy and America? How does it operate today? From the mafia's origins in the 1860s to its current tense relationship with the Berlusconi government, Cosa Nostra takes us to the inner sanctum where few have dared to go before. This is an important work of history and a revelation for anyone who ever wondered what it means to be "made" in the mob. **The Italians Penguin UK** The 'fatal charm of Italy' has held Lord Byron – and millions of tourists ever since – in its spell. Yet, beneath 'the brilliant and vivacious surface', what are the realities of Italian life? Few writers have ever painted a portrait of their compatriots as crisp, frank and fearless as Luigi Barzini's. Cutting through the familiar clichés, he instructs us with a cascade of anecdotes and provides a marvellous guided tour through centuries of history. He examines Machiavelli and Mussolini, popes, pilgrims and prostitutes, cliques and conspiracies, Casanova and the crippling power of the Church. Yet alongside the Baroque exuberance and spectacular display, the love of life and the life of love, he also shows us a divided nation, injustice, ignorance, poverty and fear. All this is Italy, a country of dazzling achievement and an uncanny aptitude for getting round problems; both its virtues and its vices are celebrated in this sparkling book **Night's Lies Harvill Secker** In a Mediterranean island fortress-prison under the Bourbon monarchy four political prisoners suspected of conspiracy spend their last night before execution, discussing their lives, old hopes and ambitions. **From Clans to Co-ops Confiscated Mafia Land in Sicily Berghahn Books** From Clans to Co-ops explores the social, political, and economic relations that enable the constitution of cooperatives operating on land confiscated from mafiosi in Sicily, a project that the state hails as arguably the greatest symbolic victory over the mafia in Italian history. Rakopoulos's ethnographic focus is on access to resources, divisions of labor, ideologies of community and food, and the material changes that cooperatives bring to people's lives in terms of kinship, work and land management. The book contributes to broader debates about cooperativism, how labor might be salvaged from market

fundamentalism, and to emergent discourses about the 'human' economy. **Garibaldi and the Thousand May 1860 Weidenfeld & Nicolson** The third volume in the famous trilogy covers Garibaldi's role in the events of June to November 1860, the decisive year in the making of Italy ending with his conquest of Sicily and Naples and his acknowledgement of Victor Emmanuel of Piedmont-Sardinia as king of a united Italy. **Undressing Cinema Clothing and identity in the movies Routledge** From Audrey Hepburn in Givenchy, to sharp-suited gangsters in Tarantino movies, clothing is central to film. In *Undressing Cinema*, Stella Bruzzi explores how far from being mere accessories, clothes are key elements in the construction of cinematic identities, and she proposes new and dynamic links between cinema, fashion and costume history, gender, queer theory and psychoanalysis. Bruzzi uses case studies drawn from contemporary popular cinema to reassess established ideas about costume and fashion in cinema, and to challenge conventional interpretations of how masculinity and femininity are constructed through clothing. Her wide-ranging study encompasses: * haute couture in film and the rise of the movie fashion designer, from Givenchy to Gaultier * the eroticism of period costume in films such as *The Piano* and *The Age of Innocence* * clothing the modern femme fatale in *Single White Female*, *Disclosure* and *The Last Seduction* * generic male chic in *Goodfellas*, *Reservoir Dogs*, and *Leon* * pride, costume and masculinity in 'Blaxploitation' films, *Boyz `N The Hood* and *New Jack City* * drag and gender confusion in cinema, from the unerotic cross-dressing of *Mrs Doubtfire* to the eroticised ambiguity of *Orlando*. **Reframing Luchino Visconti Film and Art** *Reframing Luchino Visconti: Film and Art* gives new and unique insights into the roots of the visual vocabulary of one of Italy's most reputed film authors. It meticulously researches Visconti's appropriation of European art in his set and costume design, from pictorial citations and the archaeology of the set to the use of portraits and pictorial references in costume design. Yet it also investigates Visconti's cinematography in combination with his mise-en-scène in terms of staging, framing, mobile framing, and mirroring. Here not only aesthetic conventions from art but also those from silent and sound cinema have been clearly appropriated by Visconti and his crew. This book gives answers to the question: where does the visual splendour of Visconti's films come from? "This book, apart from showing a long-standing passion and fidelity, gives us one of the most original international researches ever produced on Visconti's work. Through thorough archival research and numerous interviews with people close to Visconti such as his crew members, Ivo Blom's monograph reveals the extraordinary network of iconographic and cultural connections that unite Visconti's work, expose Visconti's cinematographic signature and link different historic events with crucial moments in Visconti's personal life." - Gian Piero Brunetta (Università di Padova) **CLUES** is an international scientific series covering research in the field of culture, history and heritage which have been written by, or were performed under the supervision of members of the research institute CLUE+.

Vital Subjects Race and Biopolitics in Italy, 1860-1920 Oxford University Press *Vital Subjects: Race and Biopolitics in Italy* is an interdisciplinary study of how racial and colonial discourses shaped the "making" of Italians as modern political subjects in the years between its administrative unification (1861-1870) and the end of the First World War (1919). Palaces of Sicily Arsenale *This book is the first to trace the evolution in style of the fabulous homes that have been built on the island, from feudal castles to city mansions and country villas. At the height of the Baroque period, Sicily became a hotbed of original architectural and decorative elements. During the rebuilding that followed the terrible earthquake of 1683, eastern Sicily gave birth to a whole new artistic vocabulary. In this context, suffice it to mention Palazzo Biscari in Catania. But Palermo was not to be outdone and sumptuous private mansions sprang up. The most notable of these was Palazzo Valguarnera-Gangi. In the 18th century, taking holidays in the countryside just outside town became fashionable and buildings such as the magnificent Villa Valguarnera and the extravagant Villa Palagonia reached an architectural zenith. The taste for Neoclassical style swept in at the end of the 18th century. But at almost the same time the great age of stylistic revivals started. This movement was to last throughout the 19th century. It came to an end with the advent of Art Nouveau, known in Italy as Liberty Style, of which Palermo became a leading exponent.*

Lampedusa A Novel Farrar, Straus and Giroux *Like Colm Tóibín's The Master or Michael Cunningham's The Hours, a novel about art and writing in the life of one of the greats Set in a sun-drenched Sicily, among the decadent Italian aristocracy of the late 1950s, Steven Price's Lampedusa explores the final years of Giuseppe Tomasi, the last prince of Lampedusa, as he struggles to complete his only novel, The Leopard. In 1955, Tomasi was diagnosed with advanced emphysema; shortly after, he began work on a novel that would fail to be published before his death four years later. When The Leopard at last appeared, it won Italy's Strega Prize and became the greatest Italian novel of the century. Adhering intensely to the facts of Tomasi's life but moving deep into the mind of the author, Lampedusa inhabits the complicated interior of a man facing down the end of his life and struggling to make something of lasting worth while there is still time.*

Europe and Empire On the Political Forms of Globalization Fordham Univ Press *The European Union and the single currency have given Europe more stability than it has known in the past thousand years, yet Europe seems to be in perpetual crisis about its global role. The many European empires are now reduced to a multiplicity of ethnicities, traditions, and civilizations. Europe will never be One, but to survive as a union it will have to become a federation of "islands" both distinct and connected. Though drawing on philosophers of Europe's past, Cacciari calls not to resist Europe's sunset but to embrace it. Europe will have to open up to the possibility that in few generations new exiles and an unpredictable cultural hybridism will again change all we know about the European legacy. Though scarcely alive in today's politics, the political unity of Europe is still a necessity, however impossible it seems to achieve.*

Europe (in Theory) Duke University Press *Europe (in Theory) is an innovative analysis of eighteenth- and nineteenth-century ideas about Europe that continue to inform thinking about culture, politics, and identity today. Drawing on insights from subaltern and postcolonial studies, Roberto M. Dainotto deconstructs imperialism not from the so-called periphery but from within Europe itself. He proposes a genealogy of Eurocentrism that accounts for the way modern theories of Europe have marginalized the continent's own southern region, portraying countries including Greece, Italy, Spain, and Portugal as irrational, corrupt, and clan-based in comparison to the rational, civic-minded nations of northern Europe. Dainotto argues that*

beginning with Montesquieu's *The Spirit of Laws* (1748), Europe not only defined itself against an "Oriental" other but also against elements within its own borders: its South. He locates the roots of Eurocentrism in this disavowal; internalizing the other made it possible to understand and explain Europe without reference to anything beyond its boundaries. Dainotto synthesizes a vast array of literary, philosophical, and historical works by authors from different parts of Europe. He scrutinizes theories that came to dominate thinking about the continent, including Montesquieu's invention of Europe's north-south divide, Hegel's "two Europes," and Madame de Staël's idea of opposing European literatures: a modern one from the North, and a pre-modern one from the South. At the same time, Dainotto brings to light counter-narratives written from Europe's margins, such as the Spanish Jesuit Juan Andrés's suggestion that the origins of modern European culture were eastern rather than northern and the Italian Orientalist Michele Amari's assertion that the South was the cradle of a social democracy brought to Europe via Islam. **Mattia Preti Dynamics of Contention**

Cambridge University Press Over the past two decades the study of social movements, revolution, democratization and other forms of nonroutine, or "contentious politics," has flourished as never before. And yet theory and research on the topic remain highly fragmented. The first of these divisions reflects the long-standing view that various forms of contention are indeed distinct and should be studied independent of others. A second traditional approach to the study of political contention denies the possibility of general theory, in deference to a thorough grounding in the temporal and spatial particulars of any given episode of contention. Finally, overlaid on these two divisions are stylized theoretical traditions--structuralist, culturalist, and rationalist--that have developed largely in isolation from one another. **The Greek Cities of Magna Graecia and Sicily Getty Publications** After colonizing the Aegean islands and the coast of Asia Minor, the ancient Greeks turned toward southern Italy and Sicily, driven by the unrest that troubled their homeland in the eighth and seventh centuries B.C. The new arrivals brought with them their language, as well as their cultural and religious traditions and the institution of the polis. In Italy they created an autonomous political community that eventually surpassed the cities of Greece in wealth, military power, and architectural and cultural splendor. Such forefathers of Western philosophy as Pythagoras, Parmenides, and Archimedes lived and worked within this civilization. *The Greek Cities of Magna Graecia and Sicily* presents an overview of Greek colonization in Italy and the principal historical events that took place in this area from the Archaic period until the ascendancy of the Romans. This comprehensive survey is followed by a review of the major archaeological sites in the region. **Bell' Antonio HarperCollins The Italian Metamorphosis, 1943-1968 ABRAMS** *The Italian Metamorphosis, 1943-1968* is the first book to bring together all aspects of Italian visual culture from this fascinating period. Through seventeen scholarly essays and hundreds of lavish full-color and duotone reproductions, this volume captures the era's greatest achievements in the fields of painting, sculpture, artists' crafts, literature, photography, cinema, fashion, architecture, and design. **Lonely Planet Sicily Lonely Planet** *Lonely Planet's Sicily* is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. Soak up history in charming Syracuse, hike Stromboli's lava-strewn crater, and visit crumbling castles in

gorgeous hill towns- all with your trusted travel companion. **An Offer We Can't Refuse The Mafia in the Mind of America Faber & Faber/Farrar, Straus, Giroux** *The Mafia has maintained an enduring hold on the American cultural imagination--even as it continues to wrongly color our real-life perception of Italian Americans. Journalist and cultural critic De Stefano takes a look at the origins and prevalence of the Mafia mythos in America. Beginning with a consideration of Italian emigration in the early twentieth century and the fear and prejudice--among both Americans and Italians--that informed our earliest conception of what was the largest immigrant group to enter the United States, De Stefano explores how these impressions laid the groundwork for the images so familiar to us today and uses them to illuminate and explore the variety and allure of Mafia stories. At the same time, he addresses the lingering power of the goodfella cliché, which makes it all but impossible to green-light a project about the Italian American experience not set in gangland.--From publisher description.* **The Leopard by Giuseppe Tomasi Di Lampedusa (Book Analysis) Detailed Summary, Analysis and Reading Guide BrightSummaries.com** *Unlock the more straightforward side of The Leopard with this concise and insightful summary and analysis!
